Part I, Line 7	The Hospital uses a cost-to-charge ratio The cost-to-charge ratio was derived from the Form 990 Schedule H worksheet 2, Ratio of patient care cost-to-charges Part I, lines 7E-I The Hospital determines cost by combining direct expenses identified by its accounting system with an estimated overhead allocation

Form and Line Reference	Explanation
Part I, Line 7 g	Specialty Care Providers & Emergency Department

Form and Line Reference	Explanation
Part II, Community Building Activities	The community building activities undertaken by UCVH consist of supporting local government and other health care providers, coordination of disaster drills, emergency preparedness, and support of other local organizations within the community. In addition, in an effort to provide the necessary health care services for the population within a reasonable driving distance, UCVH has entered into a collaboration with the other two Coos county hospitals to provide necessary specialty services for the UCVH service area.

Form and Line Reference	Explanation
Part III, Line 2	The Hospital uses a cost-to-charge ratio. The cost-to-charge ratio was derived from the Form 990 Schedule H worksheet 2, Ratio of patient care cost-to-charges. The CCR was then applied to bad debt expense at charge value in order to arrive at the estimated expense reported.

Form and Line Reference	Explanation
Part III, Line 4	Patient accounts receivable are carried at the amount management expects to collect from outstanding balances. Patient receivables are periodically evaluated for collectability based on credit history and current financial condition. Provisions for losses on receivables are determined on the basis of loss experience, known and inherent risks, estimated value of collateral and current economic conditions. The Hospital uses the allowance method to account for uncollectible accounts receivable. In evaluating the collectability of accounts receivable, the Hospital analyzes past results and identifies trends for each major payer source of revenue for the purpose of estimating the appropriate amounts of the allowance for doubtful accounts and the provision for bad debts. Data in each major payer source are regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. Specifically, for receivables relating to services provided to patients having third-party coverage, an allowance for doubtful accounts and a corresponding provision for bad debts are established at varying levels based on the age of the receivables and the payer source. For receivables relating to self-pay patients, a provision for bad debts is made in the period services are rendered based on experience indicating the inability or unwillingness of patients to pay amounts for which they are financially responsible. Actual write-offs are charged against the allowance for doubtful accounts.

Form and Line Reference	Explanation
Part III, Line 8	Allowable costs come from the filed cost report as UCVH operates at a loss from Medicare. The shortfall could be treated as community benefit as there are no other funds available to subsidize the loss. UCVH uses CCR to determine cost revenue received is net patient revenue.

Form and Line Reference	Explanation
Part III, Line 9b	If known to qualify for charity of financial assistance, patients are given the assistance needed

Form and Line Reference	Explanation
Part VI, Line 2	In 2016, North Country Healthcare partnered with the North Country Health Consortium based in Littleton, NH to complete a Community health needs assessment (CHNA) for the four affiliated hospitals. Once the CHNA was completed, a strategic planning committee of the four hospitals met to determine which community needs were to be addressed by the hospitals and which specific initiatives would be put into place to meet these needs. The initiatives will become part of the overall 2017-2019 Strategic Plan. The CHNA and the implementation plan are available on the UCVH website.

Form and Line Reference	Explanation
Part VI, Line 3	UCVH has a full time patient financial counselor who is responsible for working with patients and any who may be billed for their care to determine their eligibility, on a case by case basis For any government programs, such as Medicaid or the UCVH financial assistance program all staff at UCVH, particularly registration staff who will be the first ones to notice if a patient does not have insurance, are trained to refer the patient to the financial counselor In addition, brochures are available, as is contact information on the website

Form and Line Reference	Explanation
Part VI, Line 4	UCVH is the smallest critical access hospital in New Hampshire that serves the largest geographic service area (over 850 square miles) including communities in the states of New Hampshire, Vermont, and Maine. According to the New Hampshire state health profile, our residents are the most fragile of all citizens in New Hampshire as it relates to health outcomes and economic conditions. UCVH is dependent of public funding and disproportionate share funding to subsidize the care provided to the patients we serve.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section A, line 4	On June 30, 2015, Weeks Medical Center, Upper Connecticut Valley Hospital Association, Androscoggin Valley Hospital and Littleton Hospital Association, Inc (collectively, the "Hospitals") entered into an Affiliation Agreement (the "Affiliation Agreement"), pursuant to which the Hospitals agreed to affiliate under a single common parent upon the closing of the agreement. The Affiliation Agreement resulted in the formation of North Country Healthcare, Inc ("NCH"), a 501(c)(3) charitable organization. Effective April 1, 2016, the closing of the Affiliation Agreement occurred and NCH became the sole member of each of the Hospitals. In accordance with the Affiliation Agreement, each Hospital's charter and bylaws were amended to effect the establishment of NCH as the sole member and to create a shared governance structure between the Board of Directors of NCH and the Boards of each Hospital. Each Hospital continues to maintain its own Board of Directors (Corporation Board) that is distinct from the NCH Board of Directors. However, the Bylaws of NCH and each Hospital identify certain "Major matters" (divided into organizational and operational matters) that require initiation and/or authorization by a majority of the NCH Board. Members of the Hospital Boards are nominated exclusively by the Hospitals. However, the election of any such director must be approved by both the Hospital Board and the NCH Board. Some examples of other organizational "Major matters" requiring the initiation and/or approval of the NCH Board include amendments to by-laws, election of officers, dissolution of a Hospital, merger decisions and hiring/termination of Hospital Presidents. Examples of operational "Major matters" requiring the initiation and/or approval of the NCH Board include approval of annual capital and operating budgets, adoption of compensation and benefit programs, approval of information technology systems, financial systems and auditors, plus approval of any major changes to clinical services offered. The Chief Executive Officer position at each of the Hospitals has been changed to a President position. As with Board members, each Hospital President must be nominated at the Hospital level and then approved by both the Hospital Board and the NCH Board. This position reports to both the applicable Hospital Board and the Chief Executive Officer of NCH. The Chief Financial Officer of each of the Hospitals will remain an appointed position by the President, but this individual will also report to the President/Chief Financial Officer of NCH.
