Form and Line Reference	Explanation
Part I, Line 3c	Determining eligibility for free care and/or discounted care is not solely determined by Federal Poverty Guidelines (FPG) Other considerations, such as net worth, other financial obligations, and outstanding medical bills are reviewed in addition to income

Form and Line Reference	Explanation
Part I, Line 7g	Subsidized health services includes the Medicare shortfall from physician practices that are not included in the Hospital's cost reporting reflected on Part III, Line 7

Form and Line Reference	Explanation
Part III, Line 4	<p>Patient accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to operations and a credit to a valuation allowance based on its assessment of individual accounts and historical adjustments. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to patient accounts receivable. In evaluating the collectibility of accounts receivable, the Hospital analyzes past results and identifies trends for each major payor source of revenue for the purpose of estimating the appropriate amounts of the allowance for doubtful accounts and the provision for bad debts. Data in each major payor source are regularly reviewed to evaluate the adequacy of the allowance for doubtful accounts. For receivables relating to services provided to patients having third-party coverage, the Hospital analyzes contractually due amounts and provides an allowance for doubtful accounts and a corresponding provision for bad debts at varying levels based on the age of the receivables and the payor source. For receivables relating to self-pay patients (which includes both patients without insurance and patients with deductibles, and copayment balances due for which third-party coverage exists for part of the bills), the Hospital records a provision for bad debts in the period of service based on past experience which indicates patients are unable or unwilling to pay amounts for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated or eligible) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged against the allowance for doubtful accounts.</p>

Form and Line Reference	Explanation
Part III, Line 8	The cost was determined using the cost to charge ratio The Medicare shortfall of \$1,609,471 reported on line 7 of Part III, does not represent all Medicare services provided by the Hospital, as required by IRS instructions When taking all Medicare services into account, the Hospital calculated a different Medicare shortfall using an internal costing methodology

Form and Line Reference	Explanation
Part III, Line 9b	During the collection process, financial assistance, a payment plan or a discount may be offered to the patient, if appropriate, and in accordance with established hospital policy

Form and Line Reference	Explanation
Part VI, Line 2	In alignment with the Federal mandate, Northwestern Medical Center conducted a comprehensive Community Health Needs Assessment in 2015/2016. This document was formally approved by the Hospital's Board of Directors at their March 2, 2016 meeting, placing it in the Hospital's 2016 Fiscal Year. This document replaces the previous Community Health Needs Assessment which was approved in the Hospital's 2015 Fiscal Year. Six top priorities have been identified (Mental Health & Substance Abuse, Obesity, Smoking, Cancer, Suicide, and Domestic & Sexual Abuse) and action plans have been created to help address each of these priorities. The current (and previous) assessment is available free of charge on the Hospital website and the Hospital's Community Relations Office is available to provide free printed copies as requested.

Form and Line Reference	Explanation
Part VI, Line 3	<p>The Hospital uses a variety of methods of communication to inform and educate patients about its financial assistance program. For example, information related to financial assistance and charity care is available on the Hospital's website and patient portal, included on the back of patient statements, posted on signs at registration areas, and patients may speak on the phone with a collection specialist. The Hospital's financial assistance program is also widely publicized within the community, including published information regularly placed in the local newspaper and information brochures displayed at local United Way and Department of Health offices.</p>
