990 Schedule F, Supplemental Information

Return Reference	Explanation
Schedule F, Part I, Line 2	Education Development Center, Inc (EDC) is a global nonprofit organization that develops, delivers, and evaluates innovative programs to address some of the world's most urgent challenges. We seek grants and contracts from public-sector and private sponsors to carry out programs consistent with EDC's charitable and educational mission to improve education, health promotion and care, workforce preparation, communication technologies, and civic engagement. Our services include research, training, educational materials and strategy, with activities ranging from seed projects to large-scale national and international initiatives. EDC issues subawards and grants to a wide variety of organizations to implement our overseas programs, including US and Non-US Non-governmental organizations (NGOs), community based organizations, universities, and for-profit organizations. The capabilities of subawardees are examined by EDC either before it submits a proposal to its sponsor or post-award. Subawardees are approved in accordance with sponsors' requirements. For overseas subgrant programs that are implemented post award, EDC customizes a selection and evaluation RFA process that reflects the technical purpose of the subgrant program and the expected capacity of local recipients. Evaluation factors include a review of technical capacity, past performance, and financial/managerial capacity, as well as an evaluation of the programmatic proposal submitted by applicants. EDC Subgrants and Subcontacts are drafted by EDC's Office of Sponsored Programs, with the guidance of EDC's General Counsel as needed, and technical guidance from the EDC Project Director and local management staff. In some situations, local subgrants are drafted by EDC's field office staff using templates provided by EDC's Office of Sponsored Programs. These agreements contain detailed technical work statements, milestones, budgets, reporting requirements, audit requirements and any other flow-down clauses, terms, and conditions, necessary to ensure that the subawards are carried out in a manner compliant with applicable federal, state, and local law and the terms of EDC's grants and contracts from its sponsors. Prior to issuing any subgrant, and pursuant to Executive Order 13224, EDC obtains a certification from prospective subgrantees that the recipient did not provide within the previous ten years, material support or resources to any individual or entity that commits, attempts to commit, advocated, facilitated, or participates in terrorist acts. EDC also confirms that the organization, official signatory, and key personnel are not listed on any of the major databases of persons and organizations linked with terrorism. The international grant agreements also contain specific provisions to protect against grant funds being used to support terrorist organizations or activities, to support or oppose any candidates for political office, for lobbying purposes, or in violation of any applicable laws. Payment provisions include cost reimbursement, advance and reconciliation and/or fixed obligations paid upon achievement of milestones. Payments are regularly monitored to help ensure that significant grant amounts are not at risk for improper use or diversion. Technical and Financial monitoring of Subgrantees is accomplished in several ways and could include review of programmatic and financial reports, desk reviews, periodic site visits, and review of supporting documentation.

Return Reference	Explanation
Schedule I, Part I, Line 2	Education Development Center, Inc (EDC) is a global nonprofit organization that develops, delivers, and evaluates innovative programs to address some of the world's most urgent challenges. We seek grants and contracts from public-sector and private sponsors to carry out programs consistent with EDC's charitable and educational mission: to improve education, health promotion and care, workforce preparation, communication technologies, and civic engagement. Our services include research, training, educational materials and strategy, with activities ranging from seed projects to large-scale national and international initiatives. EDC partners with a wide variety of organizations, including nonprofits, universities, hospitals and for-profit organizations throughout the United States through project-specific subgrants and subcontracts. The capabilities of subawardees are examined by EDC before it submits a proposal to its sponsor or post-award. Subawardees must usually be approved in advance in accordance with EDC's sponsors' requirements. For every EDC subgrant or subcontract a written agreement is made with the subawardee to carry out a substantive part of the work for which EDC has received its funding. These agreements are drafted by EDC's Office of Sponsored Programs, under the guidance of EDC's General Counsel, with technical guidance from the EDC Project Director. These contracts contain detailed technical work statements, budgets, reporting requirements, audit requirements and any other terms necessary to ensure that the subawards are carried out in a manner compliant with applicable federal, state and local laws and the terms of EDC's grants and contracts from its sponsors. Performance by the subrecipient is monitored by the EDC Project Director, who is responsible for technical monitoring of subawards. The EDC Project Director is assisted by a unit financial manager to review and authorize payment of subrecipient invoices. For each subaward an appropriate monitoring plan is established, based on an assigned risk rating. The risk rating is based on information about the subrecipient's financial systems, gathered prior to issuing the subaward. The Project Director is required to periodically submit a subrecipient monitoring report to OSP, which is responsible for maintaining these records.

The Executive Committee contracts periodically with an independent compensation consultant to review the comparable organizations and provide them advice as to the appropriate pay levels for the other senior executives. Each year the CEO works with the V P of Human Resources to recommend appropriate pay levels for other senior executives based on objective market data and performance information. For other employee levels, the Executive Committee will provide and monitor adherence to the approved compensation philosophy and systems through management reports and surveys. Market data is gathered on an ongoing basis from reliable and valid sources. Decisions and deliberations are contemporaneously documented.
