Section A. All Supporting Organizations

	Yes	No
1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in Part VI how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.		
2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in Part VI how the organization determined that the supported organization was described in section 509(a)(1) or (2).		
3a Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer (b) and (c) below.		
b Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in Part VI when and how the organization made the determination.		
c Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in Part VI what controls the organization put in place to ensure such use.		
4a Was any supported organization not organized in the United States ("foreign supported organization")? If "Yes" and if you checked 11a or 11b in Part I, answer (b) and (c) below.		
b Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in Part VI how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.		
c Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in Part VI what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.		
5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in Part VI, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed, (ii) the reasons for each such action, (iii) the authority under the organization's organizing document authorizing such action, and (iv) how the action was accomplished (such as by amendment to the organizing document).		
b Type I or Type II only. Was any added or substituted supported organization part of a class already designated in the organization's organizing document?		
c Substitutions only. Was the substitution the result of an event beyond the organization's control?		
6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (a) its supported organizations, (b) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (c) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? If "Yes," provide detail in Part VI .		
7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (defined in IRC 4958(c)(3)(C)), a family member of a substantial contributor, or a 35-percent controlled entity with regard to a substantial contributor? If "Yes," complete Part I of Schedule L (Form 990).		
8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? If "Yes," complete Part II of Schedule L (Form 990).		
9a Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? If "Yes," provide detail in Part VI .		
b Did one or more disqualified persons (as defined in line 9(a)) hold a controlling interest in any entity in which the supporting organization had an interest? If "Yes," provide detail in Part VI .		
c Did a disqualified person (as defined in line 9(a)) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? If "Yes," provide detail in Part VI .		
10a Was the organization subject to the excess business holdings rules of IRC 4943 because of IRC 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? If "Yes," answer b below.		
b Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)		
11 Has the organization accepted a gift or contribution from any of the following persons?		
a A person who directly or indirectly controls, either alone or together with persons described in (b) and (c) below, the governing body of a supported organization?		
b A family member of a person described in (a) above?		
c A 35% controlled entity of a person described in (a) or (b) above? If "Yes" to a, b, or c, provide detail in Part VI.		

Part IV

Supporting Organizations (continued)

Section B. Type I Supporting Organizations

	Yes	No
1 Did the directors, trustees, or membership of one or more supported organizations have the power to regularly appoint or elect at least a majority of the organization's directors or trustees at all times during the tax year? <i>If "No," describe in Part VI how the supported organization(s) effectively operated, supervised, or controlled the organization's activities. If the organization had more than one supported organization, describe how the powers to appoint and/or remove directors or trustees were allocated among the supported organizations and what conditions or restrictions, if any, applied to such powers during the tax year.</i>		
2 Did the organization operate for the benefit of any supported organization other than the supported organization(s) that operated, supervised, or controlled the supporting organization? <i>If "Yes," explain in Part VI how providing such benefit carried out the purposes of the supported organization(s) that operated, supervised or controlled the supporting organization.</i>		

Section C. Type II Supporting Organizations

	Yes	No
1 Were a majority of the organization's directors or trustees during the tax year also a majority of the directors or trustees of each of the organization's supported organization(s)? <i>If "No," describe in Part VI how control or management of the supporting organization was vested in the same persons that controlled or managed the supported organization(s).</i>		

Section D. All Type III Supporting Organizations

	Yes	No
1 Did the organization provide to each of its supported organizations, by the last day of the fifth month of the organization's tax year, (1) a written notice describing the type and amount of support provided during the prior tax year, (2) a copy of the Form 990 that was most recently filed as of the date of notification, and (3) copies of the organization's governing documents in effect on the date of notification, to the extent not previously provided?		
2 Were any of the organization's officers, directors, or trustees either (i) appointed or elected by the supported organization(s) or (ii) serving on the governing body of a supported organization? <i>If "No," explain in Part VI how the organization maintained a close and continuous working relationship with the supported organization(s).</i>		
3 By reason of the relationship described in (2), did the organization's supported organizations have a significant voice in the organization's investment policies and in directing the use of the organization's income or assets at all times during the tax year? <i>If "Yes," describe in Part VI the role the organization's supported organizations played in this regard.</i>

990 Schedule F, Supplemental Information

Return Reference	Explanation
Part I, Line 2 - Grantmakers Explanation For Monitoring Use of Funds Outside US	When a foreign institution is the subrecipient of an award received by a Lifespan affiliate, the following procedures are followed. A subrecipient agreement is prepared and executed between the foreign institution and the Lifespan affiliate. The agreement describes the funding source, terms and conditions of the award, statement of work, payment method, and audit. The foreign institution prepares an invoice to the Lifespan affiliate for expenses incurred under the agreement. Once received, the invoice is approved by both the principal investigator at the Lifespan affiliate and the responsible research administrator in the Office of Research Administration. Check requests and wire transfer forms are prepared by the principal investigator, approved by the research administrator, and forwarded to the Finance Department, where payment is processed to the foreign institution. Additionally, when the award is a federal award, a questionnaire is completed by the appropriate subrecipient official supplying information about the foreign institution's financial system and method of accounting for the award. A request is also made for the institution's audited financial statements. When a foreign individual is not associated with an institution, a Professional Services Agreement (PSA) is executed and the individual sends an invoice to the Lifespan affiliate principal investigator associated with the project or sponsored agreement that states the number of hours, dates of services, work performed, reimbursement for expenses, and compensation amount. The same approval process and payment method is used as described above.

Part I Financial Assistance and Certain Other Community Benefits at Cost

		Yes	No	
1a	Did the organization have a financial assistance policy during the tax year? If "No," skip to question 6a	1a	Yes	
b	If "Yes," was it a written policy?	1b	Yes	
2	If the organization had multiple hospital facilities, indicate which of the following best describes application of the financial assistance policy to its various hospital facilities during the tax year ☐ Applied uniformly to all hospital facilities ☐ Applied uniformly to most hospital facilities ☐ Generally tailored to individual hospital facilities			
3	Answer the following based on the financial assistance eligibility criteria that applied to the largest number of the organization's patients during the tax year			
a	Did the organization use Federal Poverty Guidelines (FPG) as a factor in determining eligibility for providing <i>free</i> care? If "Yes," indicate which of the following was the FPG family income limit for eligibility for <i>free</i> care ☐ 100% ☐ 150% ☒ 200% ☐ Other _____ %	3a	Yes	
b	Did the organization use FPG as a factor in determining eligibility for providing <i>discounted</i> care? If "Yes," indicate which of the following was the family income limit for eligibility for discounted care ☐ 200% ☐ 250% ☒ 300% ☐ 350% ☐ 400% ☐ Other _____ %	3b	Yes	
c	If the organization used factors other than FPG in determining eligibility, describe in Part VI the criteria used for determining eligibility for free or discounted care. Include in the description whether the organization used an asset test or other threshold, regardless of income, as a factor in determining eligibility for free or discounted care			
4	Did the organization's financial assistance policy that applied to the largest number of its patients during the tax year provide for free or discounted care to the "medically indigent"?	4	Yes	
5a	Did the organization budget amounts for free or discounted care provided under its financial assistance policy during the tax year?	5a	Yes	
b	If "Yes," did the organization's financial assistance expenses exceed the budgeted amount?	5b		No
c	If "Yes" to line 5b, as a result of budget considerations, was the organization unable to provide free or discounted care to a patient who was eligible for free or discounted care?	5c		No
6a	Did the organization prepare a community benefit report during the tax year?	6a	Yes	
b	If "Yes," did the organization make it available to the public?	6b	Yes

Part III Bad Debt, Medicare, & Collection Practices

Section A. Bad Debt Expense

1

Did the organization report bad debt expense in accordance with Healthcare Financial Management Association Statement No. 15?

1

Yes

No

2

Enter the amount of the organization's bad debt expense. Explain in Part VI the methodology used by the organization to estimate this amount.

2

11,154,197

3

Enter the estimated amount of the organization's bad debt expense attributable to patients eligible under the organization's financial assistance policy. Explain in Part VI the methodology used by the organization to estimate this amount and the rationale, if any, for including this portion of bad debt as community benefit.

3

936,554

4

Provide in Part VI the text of the footnote to the organization's financial statements that describes bad debt expense or the page number on which this footnote is contained in the attached financial statements.

Section B. Medicare

5

Enter total revenue received from Medicare (including DSH and IME).

5

238,760,284

6

Enter Medicare allowable costs of care relating to payments on line 5.

6

221,166,034

7

Subtract line 6 from line 5. This is the surplus (or shortfall).

7

17,594,250

8

Describe in Part VI the extent to which any shortfall reported in line 7 should be treated as community benefit. Also describe in Part VI the costing methodology or source used to determine the amount reported on line 6. Check the box that describes the method used.

Section C. Collection Practices

9a

Did the organization have a written debt collection policy during the tax year?

9a

Yes

No

b

If "Yes," did the organization's collection policy that applied to the largest number of its patients during the tax year contain provisions on the collection practices to be followed for patients who are known to qualify for financial assistance? Describe in Part VI.

Supplemental Information

Provide the following information

- 1
- Required descriptions.** Provide the descriptions required for Part I, lines 3c, 6a, and 7, Part II and Part III, lines 2, 3, 4, 8 and 9b
- 2
- Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves, in addition to any CHNAs reported in Part V, Section B
- 3
- Patient education of eligibility for assistance.** Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy
- 4
- Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves
- 5
- Promotion of community health.** Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e g , open medical staff, community board, use of surplus funds, etc)
- 6
- Affiliated health care system.** If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served
- 7
- State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report

Form and Line Reference	Explanation
Part I, Line 3c - Charity Care Eligibility Criteria (FPG Is Not Used)	Rhode Island Hospital (RIH) uses a dual system for determining financial aid eligibility federal poverty guidelines and an asset test The financial screening process at RIH is intended to define probable eligibility for public assistance (Medicaid or Community Free Service ("CFS")) for those patients who do not have the means to pay for hospital services rendered, as follows 1 Upon patient indication of an inability to pay required monies, the patient is offered the financial screening option to determine eligibility for public assistance (Medicaid, CFS) 2 The application for CFS is completed and includes information relative to income, expense, and other available resources, and requires proof of such information which may include - most recently filed Federal income tax return and W-2 form(s)- copies of most recent savings and/or checking account statements- two most recently received payroll check stubs- copy of rent receipts for the last six months for proof of residency- copy of utility bills for the last month for proof of residency3 If the patient's financial situation falls within the guidelines for eligibility for Medicaid, RIte Care, or CFS, or if the patient has a long-term disability, the appropriate application process is completed (Assistance to complete such applications is available from the Patient Financial Advocates (PFA) Office at RIH)4 Uninsured patients receive a discount equal to the discount received by Medicare beneficiaries on RIH charges Under Section 501(r)(5), the maximum amounts that can be charged to FAP-eligible individuals for emergency or other medically necessary care are the amounts generally billed to individuals who have Medicare insurance covering such care In no case was there a situation where an uninsured patient paid more than amounts reimbursed from Medicare 5 Eligibility for CFS above the discount is provided for those applicants whose family gross income is at or below twice the Federal Poverty Guidelines, with a sliding scale for individuals up to three times the poverty level in effect at the time of application Full charity care applicants with assets worth more than \$9,400 for an individual (or \$14,100 for a family) may not qualify for care without charge, but will qualify for discounted care While the maximum 100% discount may not be available to all charity care applicants based on the results of their asset test, all uninsured patients who receive care are eligible for, at a minimum, the same charity care discount as provided by the Medicare program 6 For patients who qualify for less than 100% of the financial assistance program, a payment schedule is determined and agreed upon (discussed further below) Payment arrangements are established prior to service for non-urgent care 7 In either case, the final results of the financial screening are recorded in the comments section of RIH's billing system Requests for Payment Arrangements Patient Financial Advocates (PFA) will qualify patients that are receiving non-urgent, medically indicated procedures prior to services The PFA will request 75% to 100% of estimated discounted charges if the balance is under \$5,000 and 50% to 100% of estimated discounted charges if the estimated bill equals or exceeds \$5,000 For elective or non-urgent cases, the policy will require financial clearance prior to services or an exception from the Medical Director based on the clinical circumstances if the patient cannot meet the above payment agreement Patients who do not qualify for total or partial CFS, but who have difficulty in paying their bills after services are rendered, may request enrollment in a payment plan Eligibility for the payment plan includes the following guidelines 1 Immediate payment in full will result in financial hardship to the patient or the patient's family 2 Deposit of one-half of the estimated total bill is requested prior to admission 3 The minimum monthly payment of \$50 00 4 The maximum length of the payment plan is twenty-four months The Customer Service staff will set up the payment plan using the above guidelines as well as complete the necessary information on the "Payment Agreement" form and mail to the patient for signature Account documentation will be done online The pre-collect agency will be sent a copy of the payment agreement and all forms will be scanned into the PFS Optical Imaging System

Part I, Line 6a - Related Organization Community Benefit Report	The community benefit report maintained for all Lifespan affiliated hospitals (The Miriam Hospital, Rhode Island Hospital, Emma Pendleton Bradley Hospital, and Newport Hospital) is maintained by Lifespan Corporation and included in Lifespan's annual report. The annual report for the year ended September 30, 2016 is available at the following link: https://issuu.com/lifespanmc/docs/lifespan_2016_annual_report?e=28083767/49287282 Please see pages 22-23 for community benefit information.

Form and Line Reference	Explanation
Part I, Line 7 - Explanation of Costing Methodology	RIH's costing methodology used to calculate the amounts reported in Part I, Line 7 is as follows a) Financial assistance at cost- involves utilization of a ratio derived from dividing patient costs, as defined, by patient charges, as defined, and applying that percentage to total charity care charges Patient costs reported in the cost accounting system are calculated based on Medicare principles of reimbursement by reducing total operating expenses (as calculated by Form 990 requirements) by items such as bad debt expense, the cost of medical education, internally funded research, subsidized health services, community services, charitable contributions, and other operating revenue Patient costs are then divided by patient charges to determine a ratio of cost to charges (RCC) This RCC is applied as the costing methodology for determining charity care expense b) Medicaid- Medicaid expense is determined at cost as calculated by RIH's cost accounting system The system applies historical costing methods applied to all patient segments based on various patient demographics and utilizations These costing standards exclude bad debt, charity care, and the Medicaid portion of costs of health professions education, which are reported on other areas of Line 7 These expenses include Medicaid provider taxes Direct offsetting revenue is reported as amounts received from Medicaid, as well as other payments which include reimbursement under Federal "Upper Payment Limit" (UPL) and "Disproportionate Share Hospital" (DSH) programs e) Community health improvement services and community benefit operations- Community benefit operations expense is recorded as direct expenses incurred as reported by RIH's Community Health Services Department Revenue received for these services is reported as direct offsetting revenue f) Health professions education- Health professions education expenses represent direct costs related to amounts associated with resident and intern programs utilized at RIH These costs are determined by reporting actual direct costs taken from the Medicare cost report Direct offsetting revenue is reported as any direct Medicare reimbursements received for such services provided, as reported in the Hospital's Medicare cost report g) Subsidized health services- Subsidized health services' community benefit expense is determined by RIH's cost accounting system These subsidized health services are recorded at cost in RIH's cost accounting system for all qualified subsidized health service divisions This expense is adjusted to remove all related Graduate Medical Education (GME) expenses, as well as bad debt, Medicaid, and charity costs already reported in the applicable sections of Line 7 Net patient service revenue is recorded as amounts received from various payer types related to these services Revenue associated with Medicare GME and Medicaid is excluded from the amount disclosed for subsidized health services h) Research- RIH conducts extensive medical research focused on the prevention and treatment of HIV/AIDS, obesity, cancer, diabetes, cardiac disease, neurological problems, orthopedic advancements, and mental health concerns For all internal and external research conducted, the costs associated with these activities is calculated by combining the direct and indirect costs as reported within RIH's cost accounting system Revenue received for these services is reported as direct offsetting revenue i) Cash and in-kind contributions for community benefit- Expenses for cash and in-kind contributions for community benefit are made by RIH, including an allocation of contributions made by Lifespan Corporation on RIH's behalf

Form and Line Reference	Explanation
Part I, Line 7, Column F - Explanation of Bad Debt Expense	The calculation of percentages disclosed for Schedule H, Part I, Line 7, column (f) "percent of total expense", does not include bad debt expense Form 990, Part IX, Line 25 includes bad debt expense of \$41,113,887

Form and Line Reference	Explanation
Part III, Line 2 - Methodology Used To Estimate Bad Debt Expense	The amount reported as bad debt expense is determined by applying the ratio of cost to charges (RCC) to the total charges written off to bad debt. The RCC rate is determined using data from the Hospital's cost accounting system and is adjusted for medical education, internally funded research, subsidized health services, community services, and charitable contributions. Discounts and payments are applied to patient accounts before such account balances are transferred to bad debt.

Form and Line Reference	Explanation
Part III, Line 3 - Methodology of Estimated Amount & Rationale for Including in Community Benefit	Accounts pending transfer to bad debt are reviewed by RIH's patient advocate staff to determine qualification for financial assistance under RIH's policy. Accounts with insufficient information to determine eligibility are assigned a separate identifying code. These accounts are ultimately transferred to bad debt if the appropriate qualifying documentation is not received. The amount reported on Schedule H, Part III, Section A, Line 3 represents the account balances at charge written off to bad debt from the pending code, which are in turn converted to cost by applying the RCC rate as identified in Schedule H, Part III, Section A, Line 2.

Form and Line Reference	Explanation
Part III, Line 4 - Bad Debt Expense	Accounts receivable are reduced by an allowance for doubtful accounts. In evaluating the collectibility of accounts receivable, RIH analyzes its past history and identifies its revenue trends for each of its major payors to estimate the appropriate allowance for doubtful accounts and the associated provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with services provided to patients who have third-party coverage, RIH analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts, if necessary (for example, for expected uncollectible deductibles and copayments on accounts for which the third-party payor has not yet paid, or for payors who are known to be having financial difficulties that make the realization of amounts due unlikely). For receivables associated with self-pay patients (which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), RIH records a significant allowance for doubtful accounts and provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates, if applicable) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts. RIH's allowance for doubtful accounts for self-pay patients increased from 69% of self-pay accounts receivable at September 30, 2015 to 86% of self-pay accounts receivable at September 30, 2016. RIH's self-pay writeoffs for the years ended September 30, 2016 and 2015 amounted to approximately \$38,316,000 and \$45,184,000, respectively. RIH did not change its charity care or uninsured discount policies during the years ended September 30, 2016 and 2015, respectively.

Form and Line Reference	Explanation
Part III, Line 8 - Explanation Of Shortfall As Community Benefit	There is no Medicare shortfall for fiscal year 2016. If there was, it would not be treated as a community benefit. The source of the Medicare allowable costs reported on Part III, Section B, Line 6 is the Medicare cost report, Form 2552-10.

Form and Line Reference	Explanation
Part III, Line 9b - Provisions On Collection Practices For Qualified Patients	RIH does not bill for the excess of charges over agreed upon reimbursement amounts from third-party payors. Rather, such differences are recorded as a reduction of revenue through contractual adjustments. Collection efforts are focused on co-payments, deductibles, and amounts denied by insurers. After all collection attempts are exhausted, any remaining balances, including any co-payments and deductibles, are written off as bad debts. RIH classifies its bad debts as uncompensated care. This does not apply to Medicaid, however, as there are no associated co-payments or deductibles for this payor. RIH does not require collateral or other security in extending credit to patients, however, it routinely obtains assignment of patients' benefits payable under their health insurance programs, plans or policies, primarily Medicaid. Uninsured patients are offered Community Free Service and/or payment plan options. Lifespan's Patient Financial Services Department (PFS) has the responsibility for communicating and administering collection policies and procedures to all patient accounts. PFS engages the services of various pre-collect agencies as necessary. The following are highlights of the overall collection effort: * If a patient presents for admission who is not insured, staff assists the family with a Medicaid application. * If the patient is ineligible for Medicaid, a financial screening is performed to determine status of qualification for Community Free Service. * If the patient does not qualify for Community Free Service, PFS or the pre-collect agency attempts at least four contacts with the responsible party within the first 120 days. * If the third-party carrier denies in writing any responsibility for payment, arrangements regarding an extended payment plan are discussed with the patient. * At 120 days, if there is no payment activity or no hold placed on the account, the account is transferred to the appropriate collection agency.

Form and Line Reference	Explanation
Part VI - Needs Assessment	Lifespan's Office of Strategic Planning and Analysis performs population-based studies for the Hospital regarding the need for inpatient medical and surgical services for both adults and children and a wide range of outpatient services including primary care office visits, specialty care, emergency services, imaging, ambulatory surgery, and specific high technology services such as radiation therapy and bone marrow transplantation. A population-based study examines the growth and changes in the population, the resources in the community, and the changing prevalence of diseases. In addition to this approach, Lifespan Strategic Planning also examines experience with wait times, the level of staffing, and the changing standards of care. All of this information is used to assess the demand for additional services to provide access to high quality care. In addition to population approaches to assessing and estimating need, all specialties and services monitor demand at the service-specific level by considering changing patterns of care and methods of treatment for the specific medical problem, wait times for visits/queues, and community resources. The service leadership then goes through a review process to add staff, expanded hours, and/or new sub-components to round out core services on an as-needed basis. At times, expansion requires more space, equipment, and staff, but often accommodation of community demand is achieved through expanded hours. Facilities are added as needed to accommodate these expansions, but most often minor renovations of existing locations with better, more modern layouts and equipment allow for greater patient access. The RI State Certificate of Need program requires a focused study of need for all projects over \$5.25 million, which is an important part of the program development process across Lifespan. Based on a broad understanding of community health needs, RIH provides a wide range of services to both its primary and secondary areas. Lifespan and its hospital affiliates monitor health trends in Rhode Island in an effort to identify areas of unmet demands regarding clinical services. For example, over the past decade, RIH added a new state-of-the-art emergency department and opened the 110-room Bridge Building expansion, with three new floors dedicated to the care of cardiac, medical, and surgical patients. RIH's pediatric division, Hasbro Children's Hospital, is the state's only facility dedicated to pediatric care. The Hospital has continued its pioneering work on treatments for inoperable tumors as well as radiofrequency ablation. Also of note is Hasbro's Medical/Psychiatric Program. This program is expressly designed for children and adolescents with challenging mental health and medical conditions who require hospitalization. A collaboration with Emma Pendleton Bradley Hospital, it is the only program in the region created to meet the complex needs of these children. Children ages 6 to 18 are treated in a newly-renovated, secure 16-bed unit located on the 6th floor of Hasbro Children's Hospital. The unit was designed with input from both pediatrics and psychiatry to provide the very best care for children with psychiatric and medical illness. The safe, comfortable environment offers both private and semi-private rooms and areas for family, group, and milieu therapy.

Part VI - Patient Education of Eligibility for Assistance	RIH has multilingual signage in the Hospital's main lobby and waiting areas which provides information on financial aid contacts. The Registration Department meets with patients at the outset of care to discuss eligibility for assistance. The Registration staff provides interested patients with a "Welcome" booklet which includes information on patient rights and responsibilities. The signage and booklets contain a telephone number which connects patients with Registration staff who can answer any additional questions that may arise after the patient has left RIH. Assistance eligibility is also summarized on RIH's website. As part of RIH's inpatient intake process, RIH provides a summary of the financial assistance policy, along with all assistance applications, and the Patient Financial Services contact number to all self-pay patients. The same process is also used for patients seen during the outpatient discharge process. Attempts are made to contact patients prior to their visit to screen for financial assistance and to inform them what documents are required for their financial assistance determination or to set up an appointment to see a "Patient Financial Advocate" (PFA) prior to service. PFA's discuss with patients the various government programs that might be available to them for financial assistance. PFA's also offer assistance with the financial application process and/or understanding the qualification factors for Medicaid, the Affordable Care Act, Medicare, Social Security Disability, Supplemental Nutrition Assistance Program (SNAP), and Rhode Island Temporary Disability Insurance and Unemployment. This is done for both inpatient and outpatient services.

Part VI - Community Information	Rhode Island Hospital, located in Providence, Rhode Island, is a 719-bed nonprofit general acute care teaching hospital with university affiliation providing a comprehensive range of diagnostic and therapeutic services for the acute care of patients principally from RI and southeastern Massachusetts. As a complement to its role in service and education, RIH actively supports research. RIH is accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) and participates as a provider primarily in Medicare, Blue Cross, and Medicaid programs. RIH is also a member of the formally named Voluntary Hospitals of America, Inc., which has partnered with UHC Alliance NewCo, Inc. to become Vizient, Inc. Vizient, Inc. is the largest member owned health care company in the United States. In 1969, RIH and certain other Rhode Island hospitals entered into an affiliation agreement to participate jointly in various clinical training programs and research activities with The Warren Alpert Medical School of Brown University (Brown). In 2010, Brown named RIH its Principal Teaching Hospital. The goals of the partnership are to facilitate the expansion of joint educational and research programs in order to compete both clinically and academically. RIH currently sponsors 49 graduate medical education programs accredited by or under the auspices of the Accreditation Council for Graduate Medical Education (ACGME), while also sponsoring another 34 hospital-approved residency and fellowship programs. With respect to nursing education, RIH has developed educational affiliations with a number of accredited colleges and universities. RIH does not receive any compensation from the various schools for providing a clinical setting for the student nurse training. RIH conducts extensive medical research and is in the forefront of biomedical health care delivery research and is among the leaders nationally in National Institutes of Health programs.

Part VI - Explanation Of How Organization Furthers Its Exempt Purpose	RIH is governed by a Board of Trustees, which is composed of leaders of the local community elected by Lifespan Corporation. RIH's purpose is to be staffed, equipped, and ready to serve the hospital needs of the community and its people from all walks of life. RIH works collaboratively with physicians, its employees, other health care organizations, and the community to create a measurably healthier community through the provision of high quality, cost-effective, customer-focused health care services in an environment that promotes patient safety. RIH monitors the healthcare needs of its service area to ensure alignment of its resources with its mission. RIH measures the results of the programs and services it provides based on the value added to the community as well as the financial health of each program and its impact on RIH. RIH is organized and operated for the benefit of the community it serves.

Part VI - Affiliated Health Care System Roles and Promotion	Lifespan's mission is delivering health with care. Lifespan is an academically based healthcare system at the forefront of medical care, continually engaging in research that will lead to medical breakthroughs. Lifespan affiliates provide comprehensive inpatient and outpatient medical, surgical, and psychiatric services for adults and children. Lifespan and its affiliates employ approximately 14,000 people. The Lifespan system has approximately 2,400 physicians on the medical staffs of its affiliated hospitals, operates 1,155 licensed beds in four hospital complexes, and in 2016 generated approximately \$2.0 billion in total operating revenue. By each of these measures, Lifespan is Rhode Island's largest health system, serving a population of over 1.5 million. Three of its hospital members, Rhode Island Hospital, The Miriam Hospital, and Emma Pendleton Bradley Hospital, are teaching affiliates of The Warren Alpert Medical School of Brown University, with 69 percent of the residents and fellows in this program based at RIH, TMH, and EPBH. Lifespan is a Rhode Island nonprofit corporation that is community-based and community-governed. As a nonprofit organization, Lifespan is run by a voluntary Board of Directors who are community representatives. Lifespan and all of its nonprofit hospital affiliates have received written notification from the Internal Revenue Service that they have been recognized as being organized and operated as entities described in Internal Revenue Code (IRC) Section 501(c)(3) and are generally exempt from income taxes under IRC Section 501(a). As of September 30, 2016, Lifespan Corporation employed approximately 990 full-time and part-time personnel, most of whom are located in Providence, RI. Lifespan Corporation provides support services to its affiliates, such as information services, telecommunications, risk management, legal, communications and public affairs, fundraising, facility development, strategic planning, internal audit/compliance, human resources, finance, payroll contracting, and investment management, for which each affiliate is charged a fee equivalent to the costs incurred by Lifespan in providing these services. Corporate Authority and Role. Lifespan Corporation has no members and is governed by its Board of Directors. The Board has responsibility for planning, directing, and establishing policies intended to assure the development and delivery of quality health services, professional education, and biomedical research on an integrated, cost-effective basis. The Board's powers include the power to set accounting policies for its affiliates, develop, negotiate, and approve all managed care agreements, develop affiliations with other institutions for educational and research purposes, and approve human resource plans, executive compensation, and benefits for system affiliates. The bylaws of RIH confer certain reserved powers on Lifespan to provide it with the means of effective oversight, coordination, and support of the system. Powers reserved to Lifespan as sole member include: to elect and remove trustees, to approve the election of and to remove certain officers, to approve the amendment of the Articles of Incorporation and Bylaws and other Charter documents, to approve strategic plans, to approve investment policies and any capital or operating budgets or material non-budgeted expenditures, and to authorize incurrence or guaranty of material indebtedness. For a complete listing of affiliated members of Lifespan's integrated healthcare delivery system, please refer to Schedule R.

Part VI	Schedule K, Part I, Line A(f) On August 11, 2016, the Rhode Island Health and Educational Building Corporation (RIHEBC) issued, on behalf of the Lifespan Obligated Group, which consists of The Miriam Hospital, Rhode Island Hospital, Emma Pendleton Bradley Hospital, Rhode Island Hospital Foundation, and The Miriam Foundation, \$265,470,000 of tax-exempt fixed rate serial and term bonds used for the purpose of refunding existing bonds issued to the Lifespan Obligated Group, as well as to pay certain expenses of issuance with respect to the Bonds. The portion of the 2016 Bonds proceeds issued which related to RIH is \$227,078,594. For purposes of RIH, the 2016 issuance resulted in the complete refinancing of its RIHEBC Series 2006A and 2009A Bonds. Schedule K, Part I, Line 3 The bond proceeds listed in line 3 differ from the bond issue price disclosed per IRS Form 8038 due to the fact that RIH is part of the Lifespan Obligated Group previously mentioned in Part I, line A(f). Of the \$308,112,067 disclosed in Form 8038, RIH was allocated \$227,078,594 of the total issuance. Schedule K, Part V Because the proceeds of the 2016 bond issuance were used solely for the purpose of retirement and redemption of RIH's 2006A & 2009A Series Bonds, RIH does not have in place written post-issuance tax compliance procedures for tax-exempt obligations but is in the process of putting one in place. RIH did not use the funds from these private placement bond issues to fund any other projects associated with RIH or any of its other affiliates.

Form 990, Part VI, Line 7a How Members or Shareholders Elect Governing Body	Effective October 23, 2012, the Board of Directors of Lifespan and the Boards of Trustees of RIH, The Miriam Hospital, New port Health Care Corporation, New port Hospital, and Emma Pendleton Bradley Hospital approved a restructuring of their governance. The restructuring has increased governance effectiveness and has streamlined governance operation, as well as provided a single strategic perspective for the Lifespan system hospitals. Pursuant to the restructuring, the bylaws of each of the affiliates were amended such that the composition of the boards of trustees of each of the hospitals and New port Health Care Corporation is defined as those persons serving from time to time as the directors of Lifespan. As a result, the Boards of each entity are comprised of the same individuals. The Board of each entity retains its responsibilities and authorities notwithstanding the revision in its composition. The Board of Directors of Lifespan consists of not less than fourteen nor more than thirty-one directors, including the President and CEO of Lifespan, who serves ex-officio with vote. Additionally, the bylaws of RIH confer certain reserved powers upon Lifespan to provide it with the means of effective oversight, coordination, and support of the system. Powers reserved to Lifespan include to elect and remove RIH trustees and to approve the election of and to remove certain officers.

Form 990, Part VI, Line 11b Form 990 Review Process	The preparation and filing of the Form 990 and supporting schedules is the responsibility of the Executive Vice President & Chief Financial Officer (EVP/CFO) and Lifespan's Finance Department, with review by Lifespan's tax advisors, KPMG LLP (KPMG). The Form 990 is prepared by the accounting staff upon completion of Lifespan's annual independent audit and reviewed by the Corporate Services Tax Compliance Manager, the Director of Finance, and the Vice President of Finance - Corporate Services. The Form 990 is forwarded to KPMG for further review. KPMG provides the Tax Compliance Manager with any recommended changes which are reviewed, and if agreed upon, are incorporated into the return. The draft Form 990 is then provided to the EVP/CFO for final management review. Prior to filing the return with the Internal Revenue Service, a copy of the entire form, along with a video presentation detailing form highlights, are posted to the RHH's Board of Trustees website portal in advance of its next Board meeting, at which all questions and concerns of the members of the Board are addressed by the EVP/CFO and incorporated into the Form 990 when appropriate. Once the Form 990 is complete and ready to be filed, the members of the Board are notified via email that a copy of the final version of the Form 990 is accessible through the same password protected website portal. The EVP/CFO is authorized to file the Form 990.

	RIH also offers pediatric services through its pediatric division, Hasbro Children's Hospital (HCH). HCH's specialties include cardiology, orthopedics, hematology & oncology, and medicine/psychiatry. HCH also has the area's only center for pediatric imaging, as well as the area's only pediatric intensive care unit, pediatric oncology and outpatient cardiac programs, pediatric emergency department, and pediatric surgical unit. It operates specialty clinics treating children ranging in age from new born to 18 years. Services and programs include adolescent medicine, the Asthma and Allergy Center, the Children's Neurodevelopment Center, the Child Life Program, the Child Protection Program, dermatology, gastroenterology, infectious disease, the Injury Prevention Center, the Kidney Transplant Center, nephrology, neurosurgery, nutrition, the Partial Hospitalization Program, surgery, plastic surgery, primary care clinic, rehabilitation services, the Sickle Cell Clinic, and urology. HCH was the first hospital in the state to offer minimally invasive pediatric urologic surgeries. Additional special services, facilities, and programs furnished by RIH include the endovascular hybrid operating room suite (the only one of its kind in Rhode Island, the suite's design provides vascular surgeons with the flexibility to perform minimally invasive procedures and traditional open surgeries simultaneously with limited anesthesia), adult and pediatric kidney and pancreas transplant center, Alzheimer's disease and memory disorders center, an adult and pediatric hemostasis and thrombosis center, an adult and pediatric diabetes and endocrinology center, colorectal care center, and the transfusion-free medicine and surgery program, one of only two such formalized programs in New England. RIH also holds designation or certification as a bariatric surgery center of excellence, adult and pediatric burn center, breast imaging center of excellence, comprehensive stroke center, and the distinction center for spine surgery, knee and hip replacement, and complex and rare cancers. One of the impacts of the Affordable Care Act is the radical transformation of American health care systems to integrated health care delivery systems, with patients at the center of all activity. To that end, RIH, along with the other Lifespan affiliates, has worked hard to expand beyond its campus to broaden the services it provides, investing in a new electronic health record system, and partnering with new physician groups. One of RIH's major strategic goals is to provide care in settings that are more patient-focused and cost effective, thus ensuring better continuity of care. Since 2011, RIH has opened ambulatory care centers in areas around the state, addressing a common barrier to care. By locating services, testing, and treatment in communities, RIH enables patients to access services when and where they need them, often in their own communities. The result is often earlier diagnosis, better adherence

RIH is the designated Level I Trauma Center for the State of Rhode Island and southeastern Massachusetts, with a state-of-the-art emergency department (ED) and a dedicated pediatric ED. RIH's adult ED includes a radiology unit comprised of 4-slice and 16-slice CT scanners, ultrasound and x-ray machines, an all-inclusive chest pain center, a critical care unit for the most seriously injured and ill, and private treatment rooms. RIH provides a full range of services to patients, with particular expertise in diagnostic imaging, cardiology, oncology (both medical and radiation), neurosciences, and orthopedics. RIH offers imaging with PET/CT technology for cancer staging, while cardiac MRI and 64-slice cardiac CT scanners are powerful tools for evaluating heart disease and function. The Anne C. Pappas Center for Breast Imaging is the only facility in the State to be designated a Breast Imaging Center of Excellence by the American College of Radiologists. In the area of cancer services, RIH pioneered image-guided tumor ablation, which shrinks or eliminates tumors by destroying them with heat (microwave ablation and radio-frequency ablation) or by freezing them (cryoablation). In addition, radiation oncology services include a linear accelerator for image-guided radiotherapy and stereotactic radiosurgery, as well as electronic brachytherapy for early-stage breast cancer patients, which reduces average treatment times from eight weeks to five days. In the area of surgical oncology, RIH is the only hospital in the State and one of only a few hospitals in New England to offer hyperthermic intraperitoneal chemoperfusion (HIPEC) for patients with advanced cancer of the abdomen. In the sphere of neurosurgery, RIH features one of the first gamma knife surgical centers in the United States, which offers intracranial stereotactic radiosurgery for the non-invasive treatment of brain lesions previously inaccessible or unsuccessfully treated by conventional therapies. Form 990, Part III, Line 4b, continued	Under an affiliation agreement with The Warren Alpert Medical School of Brown University (Brown), RIH participates jointly in various clinical training programs and research activities. In 2010, Brown named RIH its Principal Teaching Hospital. The goals of the partnership are to facilitate the expansion of joint educational and research programs in order to compete both clinically and academically. RIH currently sponsors 49 graduate medical education programs accredited by or under the auspices of the Accreditation Council for Graduate Medical Education (ACGME), while also sponsoring another 34 hospital-approved residency and fellowship programs. RIH serves as the principal setting for these clinical training programs, which encompass the following disciplines: internal medicine and medicine subspecialties, including hematology and oncology, orthopedics and orthopedic subspecialties, clinical neurosciences and related subspecialties, general surgery and surgical subspecialties, pediatrics and pediatric subspecialties, including hematology and oncology, dermatology, radiology and radiology subspecialties, pathology, child psychiatry, emergency medicine and emergency medicine subspecialties, dentistry, and medical physics. In 2016, Brown enrolled 543 students in undergraduate medical education programs. All medical students at Brown receive training at RIH. RIH teaching faculty help to ensure that the experience for both undergraduate and graduate medical education trainees remains transformative - transforming novice practitioners into physicians able to think, act, and keep their focus on the ultimate goal of providing the best and most appropriate care for patients no matter what the setting or circumstances. RIH is also a participating clinical training site for another 270 residents and fellows from other programs in anesthesiology, emergency medicine, family medicine, hematology/oncology, internal medicine, obstetrics/gynecology (OB/Gyn) and OB/Gyn subspecialties, otolaryngology, pediatric pathology, pediatric dentistry, podiatry, psychiatry and its subspecialties of forensic psychiatry and geriatric psychiatry, orthopedics, rheumatology, and radiation oncology. RIH serves as a clinical site for physician assistant schools of Johnson & Wales University, Bryant University, and the Massachusetts College of Pharmacy. In addition, Behavioral Medicine at RIH, in collaboration with Brown, sponsors research and clinical psychology training programs for interns, postdoctoral fellows, and faculty trainees. With respect to nursing education, RIH has developed educational affiliations with the University of Rhode Island College of Nursing, Rhode Island College School of Nursing, Community College of Rhode Island (CCRI), Salve Regina University, Boston College, Yale University, Regis College, Simmons College, St. Joseph's Health Services' School of Nursing, the University of Massachusetts campuses at Dartmouth, Boston, Amherst, and Worcester, Framingham U

It incorporates market-competitive and performance-related principles, and covers the President and CEO of Lifespan as well as other officers, senior management, and key employees. Lifespan's executive compensation program complies with both law and contemporary ethical norms, and is administered consistent with the organization's tax-exempt status under Section 501(c)(3) of the Internal Revenue Code (IRC) and the avoidance of transactions subject to intermediate sanctions under Section 4958 of the IRC. Executive compensation is also administered consistent with Lifespan's Corporate Compliance Policy on Excess Benefit Transactions. The Compensation Committee of the Lifespan Corporation Board of Directors (the Committee), comprised of disinterested Lifespan and affiliate Board members, is responsible for diligent oversight of executive compensation to ensure compliance with IRC requirements. Its duties include: * Approving eligibility for participation in the executive compensation program * Approving changes in compensation for existing executive participants * Approving guidelines, such as salary ranges and contract terms, on appropriate levels of compensation for other key employees * Approving new, and modifying or terminating existing, executive compensation plans including, but not limited to, annual incentive and executive benefit plans * Approving performance objectives associated with Lifespan's annual incentive plan, including measuring points, and using audited actual performance relative to these objectives as a precondition to approving the payment of any awards under the plan * Authorizing periodic performance benchmark studies to be conducted for purposes of assessing Lifespan's performance within the healthcare industry and the degree to which total remuneration levels at Lifespan are generally commensurate with Lifespan performance relative to healthcare industry performance * Conducting an annual performance review of Lifespan's Chief Executive Officer. The Chair of the Committee conducts and documents this review, based on his/her observations and interpretation of feedback from members of the Board of Directors * Selecting and engaging qualified, independent, third-party compensation valuation consultants that the Committee charges with rendering opinions with respect to the reasonableness and comparability of compensation as well as the comparative organizations against which compensation is assessed, in accordance with relevant sections of the IRC and Lifespan's executive compensation philosophy. The independent consultants are not engaged by management to perform any services for Lifespan without prior approval by the Committee. Lifespan's Chief Executive Officer works

The CEO also provides periodic updates to the Committee regarding Lifespan's performance relative to compensation-related performance objectives. The Committee's deliberations and actions are documented in minutes prepared for each meeting. PROCESS FOR DETERMINING COMPENSATION Valuation of Total Cash and Total Remuneration. No less frequently than annually, the Committee receives and reviews a total cash compensation valuation of all existing executive compensation program participants prepared by its independent compensation consultant. Annually, the Committee also receives and reviews a total remuneration valuation of all existing executive compensation participants.
