With few exceptions, the Foundation is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2013.

Return Reference	Explanation
Form 990, Part III, Line 4a	Description of Community Benefits Program The Pitt Memorial Hospital Foundation (DBA Vidant Medical Center Foundation) and the University Health Systems Foundation (DBA Vidant Health Foundation) are committed to improving the health and well-being of the people and communities of Eastern North Carolina. The mission is to support the mission of Vidant Health of enhancing the quality of life for the people and communities it serves, touches and supports by developing relationships and securing financial resources for targeted health and wellness services. The Foundations are North Carolina non-profit corporations with headquarters in Greenville, North Carolina. Vidant Health and its affiliates operate an integrated health care delivery system that serves a total market of approximately 1.4 million people in 29 contiguous counties in Eastern North Carolina. The Vidant Health Foundation has the same governing board as the Vidant Medical Center Foundation which comprises 24 voting members as of 9/30/16, and 3 additional trustees to represent the Development Councils of applicable regional community hospitals. The Nominating Committee recommends appointments to the Board of Trustees. The Board Members have diverse backgrounds and are selected to represent the citizens of Eastern Carolina. Board meetings are held quarterly. The Vidant Medical Center and the Vidant Health Boards annually support the Community Benefit Initiatives Program of the foundations. These funds are awarded to community agencies that successfully demonstrate both need and a well-designed plan to address one of the priority categories. 1. These grants support health initiatives through local community organizations. Generally, two to three focus areas have been selected for each program from the following list including access to care, chronic disease prevention and management, nutrition and physical activity, diabetes prevention and management, and maternal and child health. The community health priorities are determined several ways including in partnership with the local health departments, and consideration of results of state-mandated community health assessments by each local Healthy Carolinians task force. Those task force groups then compile a list of the most pressing issues in their communities, and discuss ways to address them. 2. The populations served are largely the poor, the under-served, and minorities. Determination of specific populations to address occurs when partners such as the North Carolina Department of Health and Human Services, local health departments, county Healthy Carolinian task forces, or physicians identify a quantifiable need, and community partners are engaged to work together with the health system. Overview of other programs and activities. Other programs resulted in distribution of approximately \$6.5 million from designated gifts and contributions for children's services, hospice services, scholarships, and other designated programs.
