Supplemental Information

Return Reference	Explanation
Part X, Line 2	Management has assessed the Foundation's exposure to income taxes at the entity level as a result of uncertain tax positions taken in current and previously-filed tax returns. Examples of tax positions taken at the entity level include the continuing validity of the Foundation's exempt-organization status, potential filing requirements for unrelated income and other tax positions that could result in assessment of income-tax liabilities to the Foundation upon examination by taxing authorities. Presently, management believes that it is more likely than not the Foundation's tax positions will be sustained upon examination, including any appeals and litigation, consequently, management believes that the Foundation has no exposure to income-tax liabilities arising from uncertain tax positions.
