Return Reference	Explanation
Part X, Line 2	Carilion recognizes a tax liability or asset for the estimated taxes payable or refundable on tax returns for current and prior years. Deferred tax assets and liabilities are recognized for the estimated future tax effects attributable to temporary differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. A tax benefit from an uncertain tax position is recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits. Uncertain tax positions may include the characterization of income, such as characterization of income as passive, a decision to exclude reporting taxable income in a tax return, or a decision to classify a transaction, entity, or other position in a tax return as tax exempt.

Part III, Line 4	Accounts receivable are reduced by an allowance for amounts that could become uncollectible in the future. Carilion Tazewell Community Hospital estimates the allowance for doubtful accounts by reserving a percentage of all self-pay accounts receivable by aging category, based on collection history, adjusted for expected recoveries and, if present, anticipated changes in trends. Carilion Tazewell Community Hospital collects substantially all of its third-party insured receivables, which include receivables from governmental agencies and commercial insurers.

Form and Line Reference	Explanation
Part III, Line 8	Medicare allowable costs are determined from the Medicare cost report using the cost-to-charges ratio. The Hospital does not consider a Medicare shortfall as a community benefit.

Form and Line Reference	Explanation
Part III, Line 9b	When accounts receivable efforts are exhausted, the account may be placed with a collection agency and Extraordinary Collection Actions (ECA) may be considered. Accounts will not be placed with a collection agency prior to 120 days from the date the first billing statement is provided except when mailings are returned with no forwarding address and combining multiple accounts of varying age with those already transferred or for legal verification regarding other liabilities. When a Financial Assistance Application (FAA) is received during the application period (within 240 days after the date the first billing statement is provided), but after initiation of ECAs, all ECAs will be suspended. Best efforts will be made to process completed applications within 30 days of receipt of the application, financial assistance eligibility will be determined and communicated to the individual. Incomplete applications must be completed within 30 days of the initial notification of additional items required, otherwise, the application will be deemed incomplete and closed. If an individual is eligible for financial assistance, ECAs, other than the sale of debt, will be reversed and any payments related to eligible care refunded to the extent no longer owed. ECAs will be reinstated if the individual is not eligible for financial assistance or does not complete the FAA by the deadline. At least 30 days before initiating an ECA, Carilion will send the patient written notice of intended ECA(s), a plain language summary explaining financial assistance available and the process for determining eligibility, and the deadline for applying for assistance. Carilion will also attempt to call individuals at least 30 days before initiating an ECA to make them aware of the financial assistance available and how to obtain assistance with the application process. Carilion shall enter into a written contract with any collection agency to which it refers bad debt. The contract will obligate the collection agency to observe and comply with Carilion's obligations under this Policy and the Financial Assistance Policy. A collection agency to which bad debt is referred for collection may not engage in any ECAs without the prior written consent of Carilion. After making reasonable efforts to determine if a patient qualifies for Financial Assistance and if no positive patient response is received within 120 days from the date the first billing statement is provided, Carilion may engage in one or more of the following ECAs: 1. Place a lien on an individual's property, 2. Attach or seize an individual's bank account or any other personal property, 3. Commence a civil action against an individual, 4. Garnish an individual's wages, 5. Sell an individual's debt to another party, or 6. Report the account to credit agencies. Individual account balances greater than \$5,000 are not sent to a collection agency. These are handled through the Debt Recovery Department (DRD) for verification of Financial Assistance status before further collection activity occurs. DRD will also investigate any accounts that require special handling. For example, when the billing office becomes aware that a patient is deceased, auto accident or any other unique circumstances requiring special handling, the accounts are placed with the Debt Recovery Department. When all collection efforts have been exhausted, all hospital accounts will be returned and closed as uncollectible. No further collection activity is taken at that time. Accounts with satisfactory payment arrangements, legal activity or accounts with pending payment will be considered active and are not returned.

Part VI, Line 2	Needs Assessment Carilion Clinic's community health improvement process was adapted from Associates in Process Improvement's the Model for Improvement and the Plan-Do-Study-Act (PDSA) cycle developed by Walter Shewhart. It consists of five distinct steps: (1) conducting the CHNA, (2) strategic planning, (3) creating the implementation strategy, (4) program implementation, and (5) evaluation. This cycle is repeated every three years to comply with IRS requirements. Carilion Clinic fosters community development in its CHNA process and community health improvement process by using the Strive Collective Impact Model for the CHAT. This evidence-based model focuses on "the commitment of a group of important players from different sectors to a common agenda for solving a specific social problem(s) and has been proven to lead to large-scale changes. It focuses on relationship building between organizations and the progress towards shared strategies. Carilion Clinic also addresses community health needs through health safety-net partnerships, including financial and in-kind assistance through community grants and sponsorships.

Form and Line Reference	Explanation
Part VI, Line 3	Eligibility Assistance Education of the Financial Assistance Policy is provided to patients at all hospital admission and ambulatory areas in the form of signage, in a summary of the policy which includes contact information, in available financial assistance applications, and is included in the inpatient handbook. Hospital social workers and customer service representatives provide patients with verbal and/or written information regarding availability of assistance. Each patient billing statement and letters regarding patient financial responsibility include information on the Financial Assistance Policy and who to contact for additional information. Applications, the policy, and Plain Language Summary are available free of charge to the patient. These items will be mailed to the patient if the patient failed to keep the documents at the time of service and they are also available on the Carilion Clinic website. Carilion Clinic also employs an Eligibility Assistance Team that counsels patients regarding federal and state programs. This department completes applications for Medicaid, Social Security, Social Security Disability, and Medicare and provides support services for ensuring the applications are processed correctly based on federal and state policy. In addition, the Eligibility Team members are all Certified Application Counselors and will assist patients with enrollment in insurance exchange marketplace products provided through the Affordable Care Act. Eligibility Team members will also complete Carilion's financial assistance application and explain the requirements for financial assistance eligibility.

Part VI, Line 4	Community Information Carilion Tazewell Community Hospital (CTCH) is located in Tazewell, Virginia. In fiscal year 2015, CTCH served 7,915 unique patients (inpatient and outpatient). Patient origin data revealed that in fiscal year 2015, 81.42% of patients served by CTCH lived in Tazewell County. According to the 2011-2015 American Community Survey 5-Year Estimates, the total population of Tazewell County is 42,899. 80.5% of residents are 18 years old or over and 19.9% are 65 years old or over. Tazewell County is 94.5% White and 3.5% Black. 49.7% of Tazewell County residents are not in the labor force, the median household income is \$37,664, 13.9% of residents have no health insurance coverage, 17.7% of all people and 22.7% of people under 18 years old live below the federal poverty level, 79.2% of residents have graduated high school, and 13.5% of residents have a bachelor's degree or higher. Tazewell County is a designated Medically Underserved Area (MUA) and a Health Professional Shortage Area (HPSA) for primary care, dental, and mental health providers. Tazewell County is located in rural southwest Virginia and contains portions of the Ridge and Valley Appalachians and the Cumberland Plateau. It has a land area of 518.85 square miles and about 86.9 persons per square mile. The findings of the Tazewell County Community Health Needs Assessment (TCCHNA) revealed an older, poorer, more racially homogeneous and unhealthy county, when compared to the State of Virginia as a whole. Poverty rates were higher, academic attainment rates were lower, and unemployment rates continue to be greater than statewide averages impacting the social determinants of health. Health statistics revealed higher death rates and prevention quality indicators for preventable, chronic diseases. Teen pregnancy rates in the Tazewell County continue to be much higher than rates in Virginia. More adults in Tazewell County are obese with limited physical activity and more people die from chronic diseases. There are also much higher drug/poison and prescription drug deaths. Many of the respondents to the Community Health Survey and focus group participants, whether insured or uninsured, noted that the cost of services keeps them from accessing preventive care and services. Often individuals self-treat or delay treatment due to cost. Access to affordable oral health services for uninsured and low-income adults continues to be a major need in the service area. Respondents reported suffering from depression and anxiety and the need to "talk to someone." Stakeholders cited poor health literacy among the target population including limited basic health knowledge, no value placed on preventive care and chronic disease management, lack of trust in the current healthcare system, and little awareness of existing resources in the community. There is a need to develop a "Culture of Wellness" with an emphasis on health education, access to healthy foods, and increased physical activity.

Part VI, Line 5	Promotion of Community Health Carilion Tazewell Community Hospital (CTCH) serves all patients regardless of their ability to pay. The Hospital's governing Board is elected annually and the majority of members are neither employees nor contractors of the Hospital. Medical staff privileges are extended to qualified providers. In addition to clinical care, the Hospital works to achieve its mission through the education of health professionals and the community. Any surplus funds are reinvested in new technology, clinical initiatives, education and charitable efforts. This includes providing free, discounted and subsidized care as well as critical medical services that operate at a loss.

Form and Line Reference	Explanation
Part VI, Line 6	Affiliated System CTCH wholly is owned by Carilion Clinic, a not-for-profit health care organization based in Roanoke, Virginia. Return Reference	Explanation
Part I, Line 3	The organization has a single member, Carilion Clinic, a charitable tax-exempt organization which serves as the parent company of the Carilion Clinic integrated health care delivery system. Executive compensation, including that of the organization's Chief Executive Officer, is reviewed annually by the Carilion Clinic Board of Directors Compensation Committee. This Committee is made up of Board members of Carilion Clinic who do not have a conflict of interest with any of the executives being reviewed. This review was performed in November 2015 and September 2016. In addition, the Compensation Committee annually reviews the compensation philosophy for all executive leaders. This review included review of a comprehensive report from an outside compensation consultant specializing in healthcare organizations for select positions and the prior year's report on all of the reviewed positions. The reports reviewed by the Committee included a detailed comparison of total compensation and each element thereof, including base salary, bonuses and other cash compensation, and benefits, including deferred and retirement benefits. Compensation was compared to both a national and regional peer group of organizations similar in size and structure to the organization, the list of which was reviewed by the Compensation Committee. The Compensation Committee maintained detailed minutes of its meetings, setting forth the deliberations and decisions of the Committee regarding the compensation of these executives.
Part I, Line 4b	Select members of management participate in a Pension Restoration Plan. This Plan provides a benefit equal to the normal retirement benefit that would be payable to the participant were it not for the Qualified Plan's legislative restrictions on compensation and payable benefits, less the actual benefits under the Qualified Plan. Entitlement to benefits and consequent lump sum payment occurs upon attaining age 65 while employed by Carilion Clinic, disability, or 24 months following certain qualifying separations from service. Upon the death of the participant, the plan shall pay the participant's beneficiary according to plan terms. Select members of management participate in an Executive Flexible Benefit Plan, in which an allowance is provided to the participant for use in obtaining certain insurance benefits. The allowance is determined annually as a percentage of salary at Carilion Clinic's discretion. The amount of allowance in excess of elected benefits is credited to a capital accumulation account (CAA) with a deferred vesting date of at least two years from the first day of the plan year. The CAA shall be distributed in a lump sum upon vesting while employed by Carilion, disability, or 24 months following certain qualifying separations from service. Upon the death of the participant, the plan shall pay the participant's beneficiary according to plan terms. Select members of management participate in a Defined Contribution Supplemental Executive Retirement Plan (DC SERP) in which the employer at the discretion of Carilion Clinic's Compensation Committee makes a contribution to an account established on its books for each eligible participant. If a participant ceases to be a participant prior to the vesting date, the account shall be forfeited. A lump sum distribution shall be made upon the participant's vesting date, death, or disability. Payments during the calendar year under these plans included the following: Nancy Howell Agee \$141,071; Donald Lorton \$130,613; Melina Perdue \$29,590.

Form 990, Part VI, Section B, line 12c	Our organization monitors and reviews proposed and current transactions for conflicts of interest in a variety of ways. At the governing board level, we have board members complete an initial (upon appointment) and annual conflict of interest questionnaire to disclose actual or potential conflicts. Board members are required to update their disclosure as needed in between questionnaires. All disclosures are reviewed by the Organizational Integrity & Compliance Office and as needed escalated to the appropriate leaders/board members for further discussion/review. If a disclosure is viewed as an actual or potential conflict, an action is recommended to the Audit & Compliance Committee of the Carilion Clinic Board and implemented as approved. Actions can include recusal in discussion/voting at board meetings, limitation/termination of the transaction, removal from board appointment or other appropriate controls. In addition, at any time, board members are encouraged to disclose any potential conflicts as they arise at a board meeting and to recuse themselves as deemed appropriate. The same process takes place as described above for key employees (upon hire and annually thereafter), including all Officers, members of the management team, physicians/mid-level practitioners, pharmacists and key supply chain buyers. After review and further discussion as needed, action may be required to manage an actual conflict or to reduce the appearance of such as approved by Organizational Integrity & Compliance Office and other key management team members. As needed, the governing board leaders are notified of any conflicts which may impact board proceedings.

Form 990, Part VI, Section B, line 15	The organization has a single member, Carilion Clinic, a charitable tax-exempt organization which serves as the parent company of the Carilion Clinic integrated health care delivery system. Executive compensation is reviewed annually by the Carilion Clinic Board of Directors Compensation Committee. This Committee is made up of Board Members of Carilion Clinic who do not have a conflict of interest with any of the executives being reviewed. With respect to Carilion Clinic, the Compensation Committee reviews the compensation of the Board of Governors annually, which includes the President and Chief Executive Officer, Executive Vice Presidents, Chief Financial Officer, Chief Medical Officer, select Senior Vice Presidents, and physician Chairs of the Clinical Departments. This review was performed in November 2015 and September 2016. For the fiscal year covered by this return, the Compensation Committee also used the same process to review the compensation of all Senior Vice Presidents and other Disqualified Individuals, including the Hospital Vice Presidents. These reviews were performed in September and November 2015, and September 2016, respectively. In addition, the Compensation Committee annually reviews the compensation philosophy for all executive leaders, which includes Vice Presidents, Senior Vice Presidents, Executive Vice Presidents, and the CEO, as well as the compensation philosophy for all employed physicians and physicians in leadership roles. Some officers of the organization who are not compensated in their capacity as an officer but rather in their roles as an employee in a position not mentioned above are not subject to Committee review. This review included review of a comprehensive report from an outside compensation consultant specializing in healthcare organizations for select positions and the prior year's report on all of the reviewed positions. The reports reviewed by the Committee included a detailed comparison of total compensation and each element thereof, including base salary, bonuses and other cash compensation, and benefits, including deferred and retirement benefits. Compensation was compared to both a national and regional peer group of organizations similar in size and structure to the organization, which list was reviewed by the Compensation Committee. The Compensation Committee maintained detailed minutes of its meetings, setting forth the deliberations and decisions of the Committee regarding the compensation of these executives.
