Form and Line Reference	Explanation
Part I, Ln 7 Col(f)	
Part II, Community Building Activities	The community building activities of The Outer Banks Hospital involve services that are otherwise not provided by other organizations in the patient area

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4	
Part III, Line 8	The shortfall of Medicare revenue to Medicare was calculated according to the cost to charge ratio. Allowable costs of care should be considered community benefit because in the area served by ECH, there are no other providers available to provide the required services. Therefore, the care would become a government obligation and is treated as a community benefit provided by ECH.

Return Reference	Explanation
Part I, Line 3	The Top Management Official is the President who is an employee of East Carolina Health. The compensation is determined by the Compensation and Benefits Committee of the Vidant Health Board using comparative data from like organizations and input from consultants. This process is performed every two years, the last year being 2015. It will be performed again in fiscal year 2017. Compensation of other officers and key employees is also determined by the Compensation and Benefits Committee of the VH Board using comparative data from like organizations and input from consultants. This process is performed every two years, the last year being 2015. It will be performed again in fiscal year 2017. All compensation discussions and actions are documented and approved in the minutes of the Committee.
Part I, Line 4b	As of January 1, 2013, the supplemental nonqualified retirement plan was frozen and no further amounts have accrued to its benefit. In lieu of the SERP, the comprehensive defined benefit pension plan will provide an equivalent benefit. The increase in the value of such plans is reflected in the sum of Part II, Column (C).

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part III, Line 4a	Overview of University Health Systems of Eastern Carolina Our mission at VH to enhance the quality of life for the people and communities we serve, touch and support drives us far beyond caring for patients within the confines of our hospital walls. It calls us to help make eastern North Carolina a better, healthier place to live. VH is a North Carolina non-profit corporation with headquarters in Greenville, North Carolina. VH and its affiliates operate an integrated health care delivery system that serves a total market of approximately 1.4 million people in 29 contiguous counties in eastern North Carolina. The Health System includes hospitals, physician practices, outpatient services, long-term care, home health, hospice, and wellness services. The Health System's owned hospitals are Vidant Medical Center ("VMC"), which is a tertiary care hospital and an academic medical center, and seven other acute care hospitals: Vidant Roanoke-Chowan Hospital, Vidant Edgecombe Hospital, Vidant Chowan Hospital, Vidant Bertie Hospital, Vidant Duplin Hospital, Vidant Beaufort Hospital, and The Outer Banks Hospital. VMC serves as the teaching hospital for the Brody School of Medicine, East Carolina Schools of Nursing and Allied Health and Pitt Community College. The system also serves as a regional referral center for eastern North Carolina. The System's seven owned acute care hospitals are licensed to operate 1,439 beds. Each hospital is licensed by the Division of Facility Services of the North Carolina Department of Health and Human Services and approved as a provider by the Medicare and Medicaid programs. VH and its hospitals and affiliate organizations provide services to patients without regard to their ability to pay. In fiscal year 2015 VH's combined patient care statistics were: inpatient admissions, 64,388, inpatient days of care, 335,772, surgeries, 46,544, births, 6,019, and outpatient visits, 330,836. Our System's workforce included 11,889 employees. Each of VH's hospitals operates an emergency room, which is open 24 hours a day. VMC also offers a full spectrum of trauma services. Emergency and trauma services are provided to patients without regard to their ability to pay. In fiscal year 2015 VH provided care to 273,688 emergency room patients. VH's Board of Directors consists of 11 voting members, six of whom must be current or former Pitt County, North Carolina appointees of VMC's Board of Trustees and five of whom must be current or former Board of Governors of the University of North Carolina appointees of VMC's Board of Trustees. VMC, in affiliation with the Brody School of Medicine, which is owned by the State of North Carolina, operates 30 resident-training programs with over 400 medical residents. This relationship enables VMC and the Brody School of Medicine to combine their resources for the provision of quality patient care, medical education and research for the residents of eastern North Carolina. The Brody School of Medicine has thr

As a non-profit organization, VH reinvests all excess of revenues over expenses in programs, services, and facilities that provide access to patient care and health services to the citizens of Eastern Carolina. Overview of Vidant Health Community Benefit Programs 1 Eastern North Carolina is comprised of 1.4 million people living in 14,000 square miles. Boundaries are from I-95 East to the coast, and from the Virginia line up to and including Onslow County. The area is largely rural and largely poor, with higher than state or national average rates for poverty and uninsured. Health status indicators show increased incidence of disease in the region, especially cancer, heart disease and stroke. VH determines priorities for target populations by working in concert with medical and community agency partners in ongoing assessment of the most pressing health care needs. Many efforts over the past decade have focused on diabetes, pediatric asthma, school health, injury prevention, access to care, nutrition enhancement, physical activities and chronic disease screenings. Also, special programs to manage the care of Medicaid enrollees, address access to both medical care and medications for the uninsured, and coordination of services for children with obesity have been undertaken. The populations that are served by addressing these issues are largely the poor, the underserved, and minorities. Determination of specific populations to address occurs when partners such as the North Carolina Department of Health and Human Services, local health departments, county Healthy Carolinian task forces, and physicians identify a quantifiable need, and community partners are engaged to work together with the health system. 2 Funding for community health programs is obtained from both the operating funds of VH entities and external grant-awarding organizations. The VH Board annually provides financial support for the Community Benefit Initiatives program of its foundation. These funds are then awarded to community agencies that successfully demonstrate both need and a well-designed plan to address one of the Foundation's priority categories. In addition, each VH hospital financially supports community health resources within its operating budget. Programs vary according to the hospital's financial ability and community need, but all include collaborative efforts with local health departments, including health screenings and education to targeted populations. VH also has a successful track record of obtaining community health program support from external agencies that award grant funding to approve projects. The VH Grants Office was established in 2008 and serves as the central point for grant mining, acquisition and management of grants awarded to VH hospitals for
