Name: Foundation for Healthy Communities

Form 990 (2016)

Form 990, Part III, Line 4a:

The Foundation for Healthy Communities currently manages/directs 16 established state and community level projects that exemplify the potential for enhanced outcomes by building relationships and partnerships. Our staff represents a broad level of expertise and experience in community and individual engagement and planning, project management, data systems, clinical-community partnerships, and collective impact. The FHC has collaborated with a broad range of organizations such as NH Department of Health and Human Services, NH Hospice and Palliative Care Organization, NH Council of Churches, and NH Department of Transportation. One of the Foundation's strengths is to engage and lead diverse partners in new forms of collaboration. The FHC serves as the catalyst and backbone for its various initiatives, and assists those partners in collaborations that elevate their collective impact. In addition, the Foundation has the benefit of facilitating program integration for the benefit of the communities served by housing its diverse group of programs and staff in one location, streamlining processes, and opening pathways for collaborations. Descriptions of a few of our current programs are below.

NH Partnership for Patients Since starting work in 2011 with the Partnership for Patients, a national initiative aimed at improving patient safety and quality of care, New Hampshire hospitals have achieved significant results in patient safety and quality improvement. Patient & Family Engagement: The Foundation continues its work with hospitals to help create a culture of patient and family engagement and establish patient and family advisory councils (PFACs) to enhance the delivery of patient and family-centered care throughout the continuum. NH Health Care Quality Assurance Commission: Established in 2005, this Commission was reauthorized in 2016 through 2021, to review and analyze quality of care and patient safety issues in hospitals and ambulatory surgery centers. Rural Quality Improvement Network: The Foundation provides a broad array of resources to enhance the sharing of best practices for regulatory compliance, quality improvement and patient experience among New Hampshire's Critical Access Hospitals (CAHs). NH Comprehensive Cancer Collaboration (NHCCC): This partnership of individuals and organizations works together to eliminate cancer, the leading cause of death in the state, by implementing the NH Cancer Control Plan. Healthy Eating Active Living (HEAL NH): This program has many components including Healthy Food Access, Active Living, Active Transportation, and Active Recreation which help improve access to healthy foods and opportunities for physical activity, focusing on communities and populations with the greatest health disparities. NH Health & Equity Partnership: The Partnership seeks to strengthen health services and educate the public on health equity issues to help build equitable, healthier communities. Community Falls Prevention Program: This program has increased access to evidence-based fall prevention programs for older adults and adults with disabilities to reduce falls risks and falls in three regions of NH with high risk of injuries due to falls. Community Health Benefits & Needs Assessments: The FHC worked closely with nonprofit hospitals & health systems to advance their knowledge and ability to effectively complete community health needs assessments, report on community benefits and communicate this information to the public. The FHC convened 11 hospitals to jointly conduct a random telephone survey of 2,691 individuals in order to identify community health needs and benefits. Substance Use Disorder Treatment: The FHC began laying the groundwork to improve access to treatment for people with Substance Use Disorders (SUD) through a new project designed to increase the locations where people seeking Medication Assisted Treatment (MAT) for opioid use can receive care, as well as working with hospital emergency departments to improve connections for people with SUD to follow up care and treatment after discharge. NH Med Bank: The New Hampshire Med Bank is a charitable pharmacy that collects unused, unexpired, non-controlled medications from licensed healthcare facilities and dispenses them at no cost to NH residents who cannot afford their medications. The pharmacy operations are overseen by the Pharmacist-in-Charge, who is supported by a team of volunteer pharmacists and pharmacy technicians. The NH Med Bank team dispenses medications by mail to uninsured/underinsured individuals throughout the state. Behavioral Health Initiative: Working with providers across the state, this initiative strives to identify solutions to improve access to behavioral health care and to help link community-based and inpatient behavioral health services. NH Healthcare Decisions Coalition: Focused on Advanced Directives and healthcare decisions, this initiative works with health providers and other partners to address decision-making issues related to people with life threatening illness and provide resources to assist people with making healthcare decisions for others. Emergency Preparedness: The Hospital Emergency Preparedness program is an ongoing support system to New Hampshire's hospitals in all-hazards disaster planning and response. Program activities include but are not limited to assistance with meeting grant deliverables, convening the hospitals to share best practices and solve challenges, facilitation and liaison with local jurisdictions and community partners, providing technical assistance, conducting site visits and support to hospitals, emergency management program review, and identification of hospital needs and priorities. The FHC's focus is in New Hampshire and our record of success is built upon creating relationships, and working with people and organizations in communities throughout the state. Many of our initiatives have started in one or a few communities and then expanded to become statewide initiatives. The FHC utilizes evidence-based practices or interventions when they exist and promising best practices when the evidence is still being developed.

(1) Trustees of Dartmouth College 7 Lebanon Street Suite 302 No 6015 Hanover, NH 03755	02-0222111	501(c)(3)	7,361				The NH Comprehensive Cancer Collaboration entered into an agreement with the Trustees of Dartmouth to award \$7,361 for a NH Cancer Plan implementation initiative, Reduce Barriers to HPV Vaccines in a High-Need Community. This addresses an objective in the NH Cancer Plan to increase the percentage of NH youth who complete the recommended HPV vaccination series. Overall, HPV is thought to cause about 26,800 new cancer cases in the U.S. each year, that is about 5% of total cancer cases-3% of cases in women and 2% of cases in men. Based on what is known about the barriers to improving HPV vaccine initiation and completion rates among both boys and girls, the HPV Stakeholders network will develop interventions that will address two audiences: healthcare providers and parents of adolescents. The intent is to target 2 high-need communities and conduct CDC-based CME trainings for providers with evaluations, and offer resources that will promote the vaccine series with parents of adolescents.
