Part II-B, Line 1, Lobbying Activities	In 2016, Autism Speaks championed the landmark biomedical innovations bill known as the 21st Century Cures Act allocating an additional \$4.8 billion in funding for the NIH over ten years. The bill also aims to modernize clinical trials and accelerate the rate of innovations through the development of personalized and precision medicines that could benefit people with autism. Autism Speaks worked closely with grassroots advocates and champions in Congress to include provisions that would potentially accelerate biomedical innovations for people with autism and improve patient input in the drug approval process. Autism Speaks is spearheading tremendous progress in Congress to address the employment and transition needs of teens and young adults on the spectrum. Autism Speaks advocates celebrated strategic progress aimed at keeping people with autism safe thanks to the leadership of our champions on Capitol Hill and grassroots advocates nationwide. The ABLE Act continued to be rolled out across the country, with ten states at the end of 2016 offering tax-preferred savings accounts for disability-related expenses. Advocates celebrated tremendous strides in insurance reform when the federal Office of Personnel Management announced that its insurance carriers cannot exclude coverage of applied behavior analysis (ABA) for autism, starting in 2017. On the state level, the Autism Speaks advocacy team led the effort to pass meaningful autism insurance coverage in Oklahoma and Ohio. The National Defense Authorization Act restored 2015 reimbursement rates for ABA providers, preventing further reductions in access to treatments for military dependents due to 2016 rate cuts.
