Name: Water First International

Form 990 (2016)

Form 990, Part III, Line 4a:

In 2016, the Organization completed 375 projects serving 26,429 people. Every project incorporates access to water and toilets, hygiene education, and community development. In Oromia, Ethiopia, the Organization completed the Dawo Kara project, which serves 3,700 people. The Organization also continued progress on the Dima Jeliwan, which is scheduled to be completed in 2018 and will serve 3,800 people. In Bangladesh, 367 water systems serving 17,587 people in urban slum settlements in Dhaka, Chittagong, and Khulna were completed. In the rural Lempira communities of La Mina, Jurtao, El Aguacate, Guayabo, Broton, Zapote, and Santa Rosita, Honduras, 5,142 people gained access to piped water and toilets at every household. Additionally, the Organization's local Honduran partner continues work on a large rural town project serving 3,800 people and initiated eighteen additional projects that will be completed in 2017/2018. As of December 2016, the Water First community contributed over \$15 million to support 1,947 projects serving 167,699 people. The Organization also devoted resources to research and select a new partner organization in Mozambique. They reviewed proposals from a number of organizations and conducted site visits throughout the country to evaluate the actual results of various NGO's projects. An organization in northern Mozambique was selected as a potential partner and an initial contract was signed to implement a pilot project serving the community of 19 de Outubro in the Quissanga district. The purpose of the project is to test a piped water network approach that could be replicated throughout the region. The Organization's goal is to maximize cost-effectiveness by leveraging local resources. In the urban slums of Dhaka, Chittagong, and Khulna, Bangladesh, for example, beneficiaries pay 100 percent of the capital costs of their projects through two-year loans. The loans are repaid to the local non-governmental organization, who is the recipient of Water First's grants. Repaid loan funds are revolved and used for additional water and sanitation projects and create a sustainable source of funds for Water First's Bangladesh partner. In Honduras and Ethiopia, beneficiaries and the local government contribute cash, labor, and local materials, which are valued at up to 25 percent of the total project cost. The Organization's Honduras partner now has the capacity to provide assistance for water system construction, expansion, and repair on a loan basis, further leveraging local resources.

Return Reference	Explanation
Part I, Line 2	When Water 1st makes a grant to a recipient organization, these procedures are followed. A grant agreement is signed between Water 1st and each recipient organization describing the project for which the grant from Water 1st is being given in support of water, sanitation, and health projects in specific communities, or group of specific communities. The agreement will specify the purposes for which the grant is being made, requiring a final narrative and financial reporting during project implementation, requiring a final narrative and financial report, and acknowledging Water 1st's authority to withhold and/or recover grant funds in case such funds are, or appear to be, misused. Grant agreements are endorsed by financing by the members of the International Programs team (currently staff members Kirk Anderson, Marla Smith-Nilson, and Steve Deem and board member John Crossman) within the annual budget allowances approved by the Board of Directors. After projects have been endorsed by the International Programs team, the Executive Director has the authority to sign on behalf of Water 1st. The grant agreement will specify quarterly progress payments to the grantee. The Executive Director or anyone with check signing authority will transfer the quarterly progress payment to the partner organizations according to the schedule specified in the grant agreement. Water 1st staff will then notify our local partner organization of transfer and ask them to complete a wire transfer confirmation form or provide other confirmation that the funds were received. After funds have been transferred, our local partner organizations will be required to submit quarterly financial reports and will also be required to have an annual independent audit of their accounts. Water 1st is aware of the U.S. Executive Orders and U.S. law that prohibit transactions with, and the provision of resources and support to, individuals and organizations associated with terrorism. In selecting and monitoring our local partner organizations, we will work to ensure compliance with these Executive Orders and laws, by monitoring the distributions we make to our local partner organizations and also cross-checking with the U.S. Department of State's Current List of Designated Foreign Terrorist Organizations. Water 1st also conducts site inspections and requires access to all invoices, financial records and accounts for the projects we support through our local partner organizations. Water 1st reserves the right to have an audit conducted if any questions cannot be resolved during our site inspections.

Return Reference	Explanation
Part I, line 3	Water 1st has ongoing monitoring of each grant and each local partner organization. According to our grant agreements, each of our local partner organizations will be required to Submit quarterly financial reports as well as final financial report after expenditure of the entire grant to Water 1st describing in detail how the grant was spent, Submit quarterly narrative progress reports as well as a final report after expenditure of the entire grant to Water 1st describing the extent to which the goals and purposes of the project or program for which the grant was obtained were accomplished, Provide the most recent copy of an annual independent audit of the local partner organization's financial records, Provide, as part of their financial report to Water 1st, complete records of each receipt and expenditure made in connection with the grant, Use the entire grant only for the purposes stated in the agreement between Water 1st and the local partner organization, and Repay any portion of the grant not used for the purposes stated in the Grantee's grant proposal. Water 1st staff makes periodic visits, no less than annually, to our local partner organizations and the projects supported by Water 1st, to conduct our own inspection of the ongoing or completed water, sanitation and health projects funded by Water 1st. Water 1st has a written evaluation that we complete which involves interviews with the staff of the local partner organization, the water committees and individual households. Observations will also be made of the use and construction of the water and sanitation systems. As part of each visit, Water 1st meets with the staff of the local partner organization to share the evaluation results so that the local partner organization can further improve its efforts in the communities we support. These meetings cover such topics as health education, project operation and maintenance, finance, watershed protection, sanitation, and community organization. These meetings also allow the staff of Water 1st to provide some cross-fertilization of ideas and experience sharing between local partner organizations. While conducting oversight of the grants, if Water 1st determines that any portion of a grant has been used for a purpose other than stated in the agreement, Water 1st will take all reasonable and appropriate steps to recover such wrongfully diverted funds and, at the discretion of Water 1st staff, will immediately terminate the grant arrangement without any obligation to make further disbursements of the grant. If Water 1st determines that a local partner organization has otherwise violated the agreement (by, for example, failing to submit required reports), Water 1st will either, at the discretion of the staff, (a) withhold any future installments of the grant until Grantee corrects the violation, or (b) immediately terminate the arrangement without any obligation to make further disbursements of the grant.

Bangladesh	0	0	Program Services	Water First International provides grants to a non-governmental organization (NGO) based in Dhaka, Bangladesh in order to support the implementation of projects that include provision of convenient, safe water, hygiene education, and sanitary toilets. In the urban slums of Dhaka (the capital city), Chittagong and Khulna (the country's 2nd and 3rd largest cities, respectively) beneficiaries pay 100 percent of the capital costs of their projects through one or two-year loans. The loans are repaid to the local non-governmental organization, who is the recipient of Water First's grants. Repaid loan funds are revolved and used for additional water and sanitation projects and create a sustainable source of funds for Water First's Bangladesh partner. In 2015, Water First supported the construction of 350 small-scale water systems serving 15,991 people, 91 toilets serving 2,690 people, and 3 school toilets serving 2,841 students and staff.	592,231
Honduras	0	0	Program Services	Water 1st provides grants to a non-governmental organization (NGO) based in the Department Lempira, Honduras in order to support the implementation of projects that include provision of convenient, safe water at household taps, hygiene education, sanitary toilets, & watershed protection. In Water First's Honduras program, beneficiaries contribute labor & local materials, which are valued at up to 25 percent of the total project cost. In 2015, piped water networks with household taps and household toilets projects were completed in the rural Lempira communities of Los Limones, Valladolid, San Pedrito, Corral Piedra, San Miguel, Jagua, and San Sebastian, Honduras serving 2,014 people. Additionally, the Organization's local Honduran partner initiated eight additional projects that will be completed in 2016. Water First continued to provide capital for a loan program enabling our partner to implement water and sanitation projects with full or partial loans.	854,529
Mozambique	0	0	Program Services	The Organization also devoted resources to research and select a new partner organization in Mozambique. They reviewed proposals from a number of organizations and conducted site visits throughout the country to evaluate the actual results of various NGO's projects. An organization in northern Mozambique was selected as a potential partner and an initial contract was signed to implement a pilot project serving the community of 19 de Outubro in the Quissanga district. The purpose of the project is to test a piped water network approach that could be replicated throughout the region.	223,369

Ethiopia	0	0	Program Service	Water First International provides grants to a non-governmental organization (NGO) based in Ethiopia in order to support the implementation of projects that include provision of convenient, safe water, hygiene education, and sanitary latrines. In Oromia, Ethiopia, the Organization completed the funding of the Dawo Kara project, which will serve 3,750 people. The project was scheduled to be completed by December, but equipment procurement issues delayed actual completion until February 2016. The Organization also initiated funding of the Dima Jeliwan project in 2015, which is scheduled to be completed in 2017 and will serve 3,800 people.	5,283
India			Program Service	Water 1st decided not to fund the construction of new projects through our partner in the Sundarbans. Our decision to end funding was based upon our conclusion that the program was at capacity & was not likely to evolve further through our participation. However, our loan program continues & new water points and toilets are being constructed using revolving loan funds. Repaid loan funds from previous water projects has allowed our local partner organization to drill two new wells and install handpumps to serve 2 additional rural communities in the Sundarbans region of West Bengal since our grant funding was discontinued. In 2016, Water First kept in contact with our India partner via email and they reported that all systems are functioning.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section B, line 12c	All Water 1st employees and board members are covered under our conflict of interest policy. We must not only avoid actual conflicts of interest, but also avoid situations that may create any appearance that a conflict exists. Conflicts are determined at the board level and are reviewed by the board. Employees and board members have a duty to disclose any possible conflicts. After disclosure, the remaining Board shall decide by majority vote if a conflict of interest exists. These discussions and votes are recorded in written meeting minutes. We also have procedures if we find violations of our policy.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section B, line 15	The Executive Director is currently the only compensated officer in our organization. The Board governance committee undertakes an annual performance review, interviewing board and staff members for input. Compensation is partly based on this review. At the board's annual November meeting, the budget for the year is approved, including the compensation for the Executive Director. The Executive Director is not present for this discussion, nor does the Executive Director have a vote on this topic or any other board vote.
