Schedule D, Part X, Line 2	The Corporation follows the Financial Accounting Standards Board (FASB) accounting standard for accounting for uncertainty in income taxes. This standard clarifies the accounting for or uncertainty in income taxes in a company's consolidated financial statements and prescribes a recognition threshold of more-likely-than-not to be sustained upon examination by the appropriate taxing authority. Measurement of the tax uncertainty occurs if the recognition threshold has been met. The standard also provides guidance on derecognition, classification, interest and penalties, and disclosure. Management has determined that this standard does not have a material impact on the consolidated financial statements.
