2028.

In accordance with generally accepted accounting principles relative to uncertainty in income tax purposes, the Association recognizes the income tax benefit (or liability as applicable) from an uncertain tax position when it is more likely than not that, based on technical merits, the position will be sustained upon examination, including resolutions of any related appeals or litigation process. Management has determined that there are no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

The years of 2013 and forward are open for purposes of potential audit by taxing authorities.
