Supplemental Information

Return Reference	Explanation
Schedule D, Part X, Line 2 - FIN 48 (ASC 740) Footnote	IU Health Arnett is a subsidiary in Indiana University Health, Inc 's ("IU Health") Consolidated Audited Financial Statements. The Internal Revenue Service (IRS) has determined that IU Health and certain of its affiliated entities are tax-exempt organizations as defined in Section 501(c)(3) of the Internal Revenue Code (IRC). IU Health and its tax-exempt affiliates are, however, subject to federal and state income taxes on unrelated business income under the provision of IRC Section 511. Deferred income taxes, which as of December 31, 2016 and 2015, have no net carrying value, reflect the net tax effect of temporary differences between the carrying amounts of assets and liabilities for financial reporting and the amount used for income tax purposes. As of December 31, 2016 and 2015, the Indiana University Health System had gross deferred tax assets of \$116,490,000 and \$79,469,000, respectively, primarily relating to net operating loss carryovers. Management determined that a full valuation allowance at both December 31, 2016 and 2015 was necessary to reduce the deferred tax assets to the amount that would more likely than not be realized. ASC Topic 740-10-50-3, Income Taxes - Disclosure, requires a valuation allowance to reduce the deferred tax assets reported if, based on the weight of the evidence, it is more likely than not that at some portion or all of the deferred tax assets will not be realized. The change in valuation allowance for the current year is \$37,021,000. At December 31, 2016, the Indiana University Health System has available net operating loss carryforwards of \$291,226,000. These net operating losses will expire between 2018 and 2036. Certain subsidiaries of IU Health are taxable entities. The tax expense and liabilities of these subsidiaries are not material to the consolidated financial statements.

Schedule H, Part III, Line 4 - Bad Debt Expense	
Schedule H, Part III, Line 8 - Medicare Shortfall	The amount reported on Schedule H, Part III, Line 6 is calculated, in accordance with the Form 990 instructions, using "allowable costs" from the IU Health Arnett Medicare Cost Report. "Allowable costs" for Medicare Cost Report purposes, however, are not reflective of all costs associated with IU Health Arnett's participation in Medicare programs. For example, the Medicare Cost Report excludes certain costs such as billed physician services, the costs of Medicare Parts C and D, fee schedule reimbursed services, and durable medical equipment services. Inclusion of all costs associated with IU Health Arnett's participation in Medicare programs would significantly increase the Medicare shortfall reported on Schedule H, Part III, Line 7. IU Health Arnett's Medicare shortfall is attributable to reimbursements that are less than the cost of providing patient care and services to Medicare beneficiaries and does not include any amounts that result from inefficiencies or poor management. IU Arnett accepts all Medicare patients knowing that there may be shortfalls, therefore it has taken the position that any shortfall should be counted as part of its community benefit. Additionally, it is implied in Internal Revenue Service Revenue Ruling 69-545 that treating Medicare patients is a community benefit. Revenue Ruling 69-545, which established the community benefit standard for nonprofit hospitals, states that if a hospital serves patients with governmental health benefits, including Medicare, then this is an indication that the hospital operates to promote the health of the community.

Form and Line Reference	Explanation
SCHEDULE H, PART V, SECTION B, LINE 5 - INPUT FROM COMMUNITY	IU Health Arnett's approach to gathering qualitative data for its CHNA consisted of a multi-component approach to identify and verify community health needs for the IU Health Arnett service area. This included the following two components: 1. Hosting a one-and-a-half to two-hour community conversation focus group with public health officials and community leaders to discuss the healthcare needs of the service area and what role IU Health Arnett could play in addressing the identified needs. 2. Surveying the community-at-large through the hospital's website and in paper surveys, with special attention paid to gathering input from low income, uninsured or minority groups. Local leaders with a stake in the community's health were invited to attend focus group sessions held at IU Health Arnett. Attendees from organizations, such as the Tippecanoe County Health Department, Mental Health America, Wabash Center, YMCA, United Way, and the Salvation Army among others participated in the focus group. To obtain a more complete picture of the factors that play into the health of people living in Tippecanoe County, input from local health leaders was gathered through two separate focus group sessions. The session lasted two hours and was held live at IU Health Arnett Hospital. IU Health Arnett facilitators mailed letters and made follow-up telephone calls inviting public health officials and community leaders to attend the focus group discussion, paying special attention to include organizations that represent the interest of low-income, minority and uninsured individuals. The goal of soliciting these leaders' feedback was to gather insights into the quantitative data that may not be easily identified from the secondary statistical data alone. Upon arrival at the focus group, participants were asked to identify and prioritize five health needs for the IU Health Arnett community that they believed to be most important. These responses were collected and aggregated into a comprehensive list of identified needs to be further discussed later in the session and ranked for severity of need within the community. IU Health Arnett facilitators then provided participants with a presentation featuring the mission of IU Health, current outreach priorities and local health data which included demographics, insurance information, poverty rates, county health rankings, causes of death, physical activity, chronic conditions, preventive behaviors and a community needs index. Upon completion of the data presentation, IU Health facilitated a discussion on the comprehensive list of identified needs collected earlier in the session. The objective of this method was to inspire candid discussion. After the discussion, each participant again prioritized five health needs. The votes on the five prioritized health needs were tallied and final input from the group was encouraged during this process in order to validate the previously identified needs. Following additional discussion, participants were also asked to address what they thought the role of IU Health Arnett could be in meeting the local health needs.

Form and Line Reference	Explanation
SCHEDULE H - PART V, SECTION B, LINE 11 - ADDRESSING IDENTIFIED NEEDS	IU Health Arnett prioritized and determined which of the community health needs identified in its most recently conducted CHNA were most critical for it to address by using the Hanlon Method of prioritization. This method prioritizes identified needs based upon the prevalence and severity of the need and the effectiveness of interventions available to address the needs. Based upon the Hanlon Method of prioritization, IU Health Arnett selected the following four needs to be addressed - Access to Healthcare - Nutrition and Active Living - Behavioral Health - Chronic Disease Management. Access to Healthcare IU Health Arnett's implementation strategy to address the identified need of access to healthcare includes the following - Provide financial assistance and information on prescription assistance to those in need - Prescription Discount Cards - Low cost physicals for high school athletes - Car safety seat checks - Support groups (Cancer/Obesity/Breastfeeding/diabetes) - Work with city bus to obtain route to the hospital and new medical office building. Nutrition and Active Living IU Health Arnett's implementation strategy to address the identified need of nutrition and active living includes the following - Community Walking programs - Strong Schools Glen Acres, Murdock, Oakland & Miller - Nutrition Education at Farmer's Markets (4H fair or Farmer's Markets) - Health & Safety Fair - Medical Weight Loss Clinical Trial - Educational Programs at local senior residences - Meals on Wheels Behavioral Health IU Health Arnett's implementation strategy to address the identified need of behavioral health includes the following - Identify patients who need intervention for drug/alcohol abuse - Educate community members to know the warning signs of those in mental crisis - Teen Texting Program - Tobacco Cessation/1-800-QUIT-NOW - Provide outpatient access to community members requiring behavioral health services - Work in collaboration with Sycamore Springs, River Bend Hospital to serve community members in need of inpatient behavioral health services. Chronic Disease Management IU Health Arnett's implementation strategy to address the identified need of chronic disease management includes the following - Community events that provide health education including, blood pressure and cholesterol screenings, Sleep Quiz, Support Groups and Diabetes education - Aging Brain Program - Provide support for patients/family members supporting those with dementia. Also, based upon the Hanlon Method of prioritization, the following identified community health needs were not amongst the needs chosen to be addressed - Prenatal Health - Injury Prevention - Pre K-12 Education. After completing a gap analysis, IU Health Arnett determined that the severity and lack of resources available to address the four needs chosen to be addressed outweigh the severity of and resources available to address the three needs not chosen.

Form and Line Reference	Explanation
SCHEDULE H, PART V, SECTION B, LINE 13H - OTHER FAP FACTORS	IU Health Arnett takes into consideration several other factors in determining patient eligibility for financial assistance. These factors include the following: 1. IU Health's Individual Solutions Department: Prior to seeking Financial Assistance under the FAP, all patients or their guarantors must consult with a member of IU Health's Individual Solutions department to determine if healthcare coverage may be obtained from a government insurance/assistance product or from the Health Insurance Exchange Marketplace. 2. Alternate Sources of Assistance: When technically feasible, a patient will exhaust all other state and federal assistance programs prior to receiving an award from IU Health Arnett's Financial Assistance Program. Patients who may be eligible for coverage under an applicable insurance policy, including, but not limited to, health, automobile, and homeowners, must exhaust all insurance benefits prior to receiving an award from IU Health Arnett's Financial Assistance Program. This includes patients covered under their own policy and those who may be entitled to benefits from a third-party policy. Patients may be asked to show proof that such a claim was properly submitted to the proper insurance provider at the request of IU Health Arnett. Eligible patients who receive medical care from IU Health Arnett as a result of an injury proximately caused by a third party, and later receive a monetary settlement or award from said third party, may receive Financial Assistance for any outstanding balance not covered by the settlement or award to which IU Health Arnett is entitled. In the event a Financial Assistance Award has already been granted in such circumstances, IU Health Arnett reserves the right to reverse the award in an amount equal to the amount IU Health Arnett would be entitled to receive had no Financial Assistance been awarded. 3. Alternate Methods of Eligibility Determination: IU Health Arnett will conduct a quarterly review of all accounts placed with a collection agency partner for a period of no less than one hundred and twenty (120) days after the account is eligible for an Extraordinary Collection Action ("ECA"). Said accounts may be eligible for assistance under the FAP based on the patients' individual scoring criteria. To ensure all patients potentially eligible for Financial Assistance under the FAP may receive Financial Assistance, IU Health Arnett will deem patients/guarantors to be presumptively eligible for Financial Assistance if they are found to be eligible for one of the following programs: received emergency or direct admit care, and satisfied his/her required co-pay/deductible - Indiana Children's Special Health Care Services - Medicaid - Healthy Indiana Plan - Patients who are awarded Hospital Presumptive Eligibility (HPE) - Enrolled in a state and/or federal program that verifies the patient's gross household income is less than or equal to 200% of the Federal Poverty Level. 4. Additional Considerations: Financial Assistance may be granted to a deceased patient's account if said patient is found to have no estate. Additionally, IU Health Arnett will deny or revoke Financial Assistance for any patient or guarantor who falsifies any portion of a Financial Assistance application. 5. Non-Emergent Services Down Payment: Uninsured Patients presenting for scheduled or other non-emergent services will not be charged more than the Amounts Generally Billed ("AGB") AGB for their services. Patients will receive an estimated AGB cost of their care prior to IU Health Arnett rendering the services and will be asked to pay a down-payment percentage of the AGB adjusted cost prior to receiving services. In the event a patient is unable to fulfill the down-payment, their service may be rescheduled for a later date as medically prudent and in accordance with all applicable federal and state laws and/or regulations. 6. Emergency Services Non-Refundable Deposit: This section will be implemented with a strict adherence to EMTALA and IU Health Policy ADM 1.32, Screening and Transfer of Emergency or Unstable Patients. Amount of Non-Refundable Deposit: All Uninsured Patients presenting for services at IU Health Arnett's Emergency Department, via transfer from another hospital facility, or direct admission, will be responsible for a one-hundred dollar (\$100.00) non-refundable deposit for services rendered. Patients/guarantors will be responsible for any copays and/or deductibles required by their plan prior to full Financial Assistance being applied. Uninsured Patients wishing to make an application for Financial Assistance greater than the AGB must fulfill their non-refundable deposit prior to IU Health Arnett processing said application. Uninsured Patients making payments toward their outstanding non-refundable deposit balance will have said payments applied to their oldest application on file, if applicable.

SCHEDULE H, PART V, SECTION B, LINE 16j - OTHER MEASURES TO PUBLICIZE	IU Health Arnett takes several other measures to publicize its FAP within the community. These measures include the following: 1. Conspicuous public displays will be posted in appropriate acute care settings such as the emergency department and registration areas describing the available assistance and directing eligible patients to the Financial Assistance Application. 2. IU Health Arnett will include a conspicuous written notice on all patient billing statements that notifies the patient about the availability of this Policy, and the telephone number of its Customer Service Department which can assist patients with any questions they may have regarding this Policy. 3. IU Health Customer Service representatives will be available via telephone Monday through Friday, excluding major holidays, from 8:00 a.m. to 7:00 p.m. Eastern Time to address questions related to this Policy. 4. IU Health Arnett will broadly communicate this Policy as part of its general outreach efforts. 5. IU Health Arnett will educate its patient-facing team members of the FAP and the process for referring patients to the Program.

Provide the information, explanation, or descriptions required for Part I, lines 1a, 1b, 3, 4a, 4b, 4c, 5a, 5b, 6a, 6b, 7, and 8, and for Part II. Also complete this part for any additional information.

Return Reference	Explanation
Schedule J, Part I, Line 3 - Comp of the Org's CEO/Executive Director	IU Health Arnetts President & CEO is employed by IU Health. IU Health's process for determining compensation includes the use of a compensation survey/study conducted by an independent compensation consultant with review and approval by the Committee on Personnel and Compensation and the Board of Directors. Please see Schedule O for additional details.
Schedule J, Part I, Line 4b - Supplemental Nonqualified Retirement Plan	Daniel F. Evans, Jr., Alfonso W. Gatmaitan and Donald E. Clayton, M.D. participate in an IU Health supplemental executive retirement plan, provisions of which are designed to retain its critical employees. The plan provides for an additional retirement benefit for service through normal retirement or other key dates. If the executive leaves prior to retirement or other key dates, the benefit may be forfeited or reduced. Each of these executives has amounts included in column c, deferred compensation, representing the current year unvested contributions made under the supplemental retirement plan. No amounts were actually paid to these executives during the year.
Schedule J, Part I, Line 7 - Non-Fixed Payments	Amounts disclosed in Column B(ii) include a long-term and short-term incentive for certain executives and short-term incentive for other employees. Although these plans are based on a fixed formula that has been approved by the Board of Directors based upon certain qualitative and quantitative factors and goals, all discretionary incentive plans must be approved by the Board of Directors prior to any incentive payout.

Part VI, Section B, Line 11b - Review of Form 990	The Treasurer/CFO and Audit Committee reviewed and approved the Form 990. Following their review and approval, a complete copy of the Form 990 was made available to each board member prior to its filing. Each member was also informed of the availability of IU Health's Tax Department to answer any questions.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Part VI, Section B, Lines 12, 13, 14, and 16b	IU Health Arnett is part of the IU Health system. As the sole member and controlling parent of IU Health Arnett, IU Health and its Board of Directors have mandated that certain policies be followed to ensure greater standardization throughout the system. Thus, IU Health Arnetts Board of Directors was not required to separately adopt a conflict of interest, whistleblower, document retention and destruction and joint venture policies because IU Healths Board of Directors had already adopted and required these policies to be followed by its subsidiaries.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Part VI, Section B, Line 12c - Conflict of Interest Policy	IU Health Arnett follows IU Healths Conflict of Interest Policy IU Healths Conflict of Interest Policy includes the following provisions All IU Health employees, associates, colleagues and contracted personnel, including employed physicians and paid medical directors ("IU Health Representatives") are covered by and subject to its Conflict of Interest Policy IU Health regularly and consistently monitors and enforces compliance with the policy through the following procedures (a) On an annual basis, each IU Health Representative at the level of Manager or above, together with every other person designated by the Corporate Compliance Department ("Department"), must complete, sign and submit a Conflict of Interest Questionnaire ("Questionnaire") to the Department Governing board members, committee members, corporate officers, medical staff and researchers must comply with the administrative requirements noted in the respective policies and procedures relative to those areas (b) An IU Health Representative must supplement a Questionnaire in writing, if after completion of the original Questionnaire, a situation arises, or may reasonably be expected to arise, that would change any answer or information on the original Questionnaire if the situation had existed or been anticipated at the time of completion of the original Questionnaire (c) If a fully and properly completed Questionnaire reveals facts or other information that might reasonably indicate a Conflict of Interest or violation of the policy, the IU Health Representative completing the questionnaire must secure approval by his/her supervisor, evidenced in writing (d) The Department will review each Questionnaire and determine whether a Conflict of Interest exists and, if so, whether and how it should or may be eliminated, avoided or managed in order to comply with the spirit of the policy and with the best interests of IU Health and its patients In making the determination, the Corporate Compliance Department may consult with the IU Health Representatives supervisor and other appropriate individuals and groups (e) The scope of the policy is not limited to those who are required to complete Questionnaires If an IU Health Representative is involved in a situation or relationship that would constitute a violation of the policy in the absence of disclosure and approval as described above, then the IU Health Representative must disclose the matter to his/her supervisor, secure his/her supervisors approval in writing, and disclose the matter to the Department Otherwise, the IU Health Representative is in violation of the policy and subject to corrective action, up to and including termination (f) The Chief Compliance Officer, in consultation with onsite Compliance personnel, may from time to time appoint standing or ad hoc committees to assist in resolving issues that arise under provisions of the policy

Part VI, Section B, Line 15 - Process for Determining Compensation	IU Health Arnetts President & CEO is employed by IU Health. IU Health's process for determining compensation is as follows: (1) The Board of Directors has established a Committee on Personnel and Compensation. The individuals on this Committee are made up of individuals who are on the Board and who do not have a conflict of interest with IU Health. There are no physicians or employees on this Committee. This Committee develops and reviews annually the executive compensation philosophy, market analysis as to comparability and reasonableness. One of the purposes of this Committee is to review, approve and make recommendations regarding executive compensation and benefits to the IU Health Board. As deemed appropriate, this Committee also reviews the same detail with the Committee on Finance. The Committee on Finance is represented by certain members of the Board as well. (2) Each year the Committee on Personnel and Compensation engages an outside compensation consulting firm to conduct a compensation and benefits study for all senior vice presidents and above. The current compensation advisor is the Hay Group. Hay Group performs an independent compensation survey. The relevant comparability data includes compensation and benefit levels paid by similarly situated organizations (both governmental and tax exempt) for functionally comparable positions as well as the availability of similar services in the geographic area. The Committee reviews the entire compensation package including base compensation, short term and long term incentive plans, basic health and welfare benefits, qualified and nonqualified plans as well as any additional fringe benefits. Further, Hay Group will provide recommendations based upon the reasonable compensation information as it relates to salary increases, bonuses and benefits that are consistent with the compensation philosophy of the Committee. A separate analysis using the same methodology is done for the Chief Executive Officer. (3) The Committee reviews the salary survey and, if appropriate, makes recommendations on increases in salary and any changes in bonuses or benefits. The Committee's goal is to ensure that the total compensation and benefits package is reasonable based upon the independent data provided by Hay Group. The Committee votes on any changes in compensation or benefits. This review, discussion and vote are documented in the minutes for the meeting. There are no executives present during the final discussion and approval of compensation. (4) The Board reviews the report prepared by the Hay Group as well as the recommendations of the Committee on Personnel and Compensation as to changes in compensation approved by the Committee. As requested, the Committee on Finance also provides its review of recommendations on changes in executive compensation and benefits. This review, discussion and vote are documented in the minutes. (5) The Board then reviews the recommendations provided by the Committee on Person

Return Reference	Explanation
Part VI, Section B, Line 15 - Process for Determining Compensation	nel and Compensation and votes on the changes as well. No additional compensation or benefits are paid to the executives until the changes have been approved by the Committee and the Board. The discussion and approval are documented in the minutes of the meeting. There are no executives present during the final discussion and approval of compensation. The General Counsel prepares a formal written opinion reviewing the compensation and benefits approval process, comparing that process to the Intermediate Sanctions Test of IRC Section 4958 and, if the facts warrant, provides comments regarding the compensation and benefits approval process as this relates to meeting the requirements for a rebuttable presumption of reasonableness as provided in the Intermediate Sanctions Test. (6) After the end of each year, the Committee and Board also reviews the achievements of the executive group as it relates to the long-term and short-term shared and individual goals developed by the executive and the Board. These achievements may also be reviewed with the Committee on Finance. The Board, at its discretion, may approve bonus payments based upon the achievement of the goals and the compensation survey. The discussion and vote of the Committee and Board is documented in the minutes for each such meeting. The bonuses are not paid until approval is made by the Board. (7) The Committee on Personnel and Compensation and Audit Committee also review the required Form 990 disclosures related to executive compensation and benefits as well as compensation practices and approval processes prior to the filing of the Form 990 return with the Internal Revenue Service. IU Health Arnett has a process in place to determine the compensation for the other officers and key employees. IU Health Arnett uses an independent compensation consultant who utilizes a variety of methods and procedures to obtain compensation ranges for comparable officer and employee positions. The independent compensation consultant provides IU Health Arnett with recommended compensation ranges for its officers and other employees, which are then used as a guide for setting reasonable compensation by management. Management decisions with regard to determining compensation are subject to the review and approval of the Executive Committee and Board of Directors.
