Part VI, Line 2	<p>In September 2015 representatives from Edmonds began planning for the 2016 community health needs assessment. There is a significant community desire for a campus-specific community health needs assessment. Public data and reports were reviewed for the population served by Swedish Edmonds, largely north King and south Snohomish Counties. Data was reviewed from national, state, county and local sources including Snohomish Health District Report Card, Public Health Advisory Council, Verdant Health Commission, Washington State Snohomish County Profile, Economic Alliance of Snohomish County, Centers for Disease Control, The Advisory Board and internal market analysis. Supplemental sources of information were also assessed, including meetings with community partners, feedback gathered from listening sessions at community events, patient educational seminars, conferences with Swedish Edmonds service lines and input from Swedish Edmonds leadership. Swedish Edmonds partnered with Snohomish Health District and The Publix Health Advisory Council and adopted their methodology for determining the most important health indicators. Using these criteria, the members of the Council chose six health issues that need community attention and action, the first three needing immediate action: Youth Physical Abuse, Youth and Adult Obesity, Suicide (Adults and Youth), Youth Dental Decay, Access to a Primary Care Provider, and No Prenatal Care During the First Trimester. Data was analyzed from a variety of sources, and 27 indicators with the worst risk scores were then evaluated in terms of their size, seriousness, the existence of evidence-based practices and community interventions, and whether there are community values attached to the issue.</p>

Swedish Edmonds	<p>Part V, Section B, Line 11 Swedish Edmonds has identified the following health issues that require immediate community attention and action -Heart Disease-Cancer-Youth and Adult Obesity-Suicide (Adults and Youth) Youth physical abuse is not one of Swedish Edmonds' priority health issues as there are other agencies giving this issue attention and resources Cancer (168.5 per 100,000) and heart disease (154.6 per 100,000) are two leading causes of death in Snohomish County. However, in the United States, heart disease deaths outnumbered those due to cancer, while in Snohomish County there were more deaths due to cancer. Part III, Supplemental Information

Return Reference	Explanation
Part I, Line 1a	<p>The reporting organization did not provide any of the benefits listed in Part I, Line 1a. However, as part of Swedish's philosophy of transparency, the narrative that follows relates to the compensation and benefits provided by the related organization. Swedish Edmonds executives adhere to the Providence Expense Reimbursement Procedures which include the following policies: Travel or Charter Travel or Travel of Companions. Air travel is reimbursable and should be at the least expensive airfare, which permits departures and arrivals at reasonable times and reasonable distance traveled. Employees are encouraged to plan in advance to get available discounts. Airline frequent flyer upgrades will never be reimbursed. First class full fare tickets and charter must be approved by a senior level supervisor. Companion travel will only be reimbursed by the organization for travel related to relocation, and should not exceed two relocation-related visits, unless approved by the Executive Vice President, Chief Administrative Officer (EVP, CAO) of Providence St Joseph Health. Spouse or Companion Travel. Travel expenses incurred by a Swedish employee's spouse or companion will not be reimbursed by Swedish unless the spouse or companion is required to, or invited to attend a System-sponsored meeting. These expenses may be considered a taxable benefit by the IRS and if so, will be included on the employee's W-2. During 2016, there were 24 First Class tickets utilized by Officers, Directors or Key Employees listed on Form 990, Part VII Tax Indemnifications or Gross-Up Payments - Relocation. Swedish follows the federal and state taxation laws related to relocation expenses paid to the employee or to a third party on the employee's behalf. They are considered income and are therefore subject to payroll taxes. Based on the way Swedish has chosen to pay the relocation expenses, Swedish reports reimbursements and payments to vendors as income and these expense payments are reflected on the executive's Form W-2. Swedish will gross-up the relocation benefits to offset the personal tax burden to the employee for IRS allowable expenses. During 2016, there were 4 Key Employees receiving gross-up payments. The amounts reported for these gross-up payments are included on Schedule J, Part II, Column B (iii) - Other Reportable Compensation on the Form 990. Tax Indemnifications or Gross-Up Payments - Financial/Retirement Planning. Swedish follows the federal and state taxation laws related to other expenses paid to the employee or to a third party on the employee's behalf. They are considered income and are therefore subject to payroll taxes. Based on the way Swedish has chosen to pay these other expenses, Swedish reports reimbursements and payments to vendors as income and these expense payments are reflected on the executive's Form W-2. Swedish will gross-up the financial/retirement planning benefits, during 2016 only, to offset the personal tax burden to the employee for IRS allowable expenses. During 2016, there were 4 Officers, 11 Key Employees and 1 Former Key Employee receiving this type of gross-up payment. The amounts reported for these gross-up payments are included on Schedule J, Part II, Column B (iii) - Other Reportable Compensation on the Form 990. Housing Allowance or Residence for Personal Use. Swedish provides housing allowances for purposes of relocation assistance only. Swedish may pay temporary living expenses for the employee up to a maximum of 90 calendar days. Covered expenses are rent (excluding "rent" which may be paid in order to occupy a new permanent residence until the title clears) and utilities, including heat, electricity, gas, water, local internet and local telephone and garbage services. The EVP, CAO PSJH may approve temporary housing assistance for up to six months when family relocation is delayed to accommodate the school year or equivalent circumstances. Only in extenuating circumstances is housing extended beyond this six month period. During 2016, there were 4 Key Employees receiving relocation/housing program payments. The amounts reported for these relocation/housing payments are included on Schedule J, Part II, Column B (iii) - Other Reportable Compensation on the Form 990.</p>

FORM 990, SCHEDULE J, PART II - EXECUTIVE INCENTIVE PROGRAM	Swedish executives participate in the Providence Executive Incentive Program which provides a lump sum award annually as a percent of the executive's base pay. Percent opportunities are aligned with our total compensation philosophy as outlined in Part VI, Section B, Line 15 (Process for determining compensation of top management, officers & key employees). The performance award is based on the level of accomplishment of annual system and functional (or regional) objectives. In 2016, 60 percent of the participant awards were based on pre-determined organizational goals consistent with Providence's strategic priorities. The remaining 40% was based on a robust set of function specific goals designed to align critical mission and business drivers. In 2016 the percent allocation for each of these strategic priorities was as outlined below: System Goals: First-year Turnover - 10%, Inpatient Experience - 5%, Patient Experience - 5%, Medical Group Patient Experience - 5%, Community Benefit - 10%, Clinical Excellence - 15%, Free Cash Flow - 10%.

Form 990, Part VI, Section B, line 15	<p>It is Swedish's intention to make financial information accessible and transparent. Although the filing of Form 990 provides insight into how Swedish achieves its Mission, delivers its programs and stewards its finances, deciphering the information directly from Form 990 can be challenging. The following paragraphs provide further information about the process we use to determine compensation for top management, officers and key employees. Providence has a single fiduciary Board, which also covers Swedish officers and key employees, with responsibility for financial oversight associated with fulfillment of the Providence Mission, developing system policies, protecting the assets entrusted to the organization and overseeing the strategic and operational affairs of Providence's legal entities. Providence and Swedish also maintain a network of community ministry boards with responsibility for quality of care oversight, community relations, advocacy and community needs assessments. Providence has a consistent compensation philosophy for all of its officers, including our senior Swedish executives. Salaries for senior executives are reviewed by the Providence St. Joseph Health Committee and approved by the full Board of Directors, none of whom is a Providence or Swedish employee. The Board retains an independent consultant each year to review salaries of those in the most significant leadership roles in the organization. Part of the consultant's role is to review an extensive array of compensation surveys of large, not-for-profit health care systems in the United States. Providence is one of the larger health systems in the country, and as such, the Board benchmarks executive compensation against other large, not-for-profit health systems whose revenue is similar to that of Providence. Additionally, Providence's labor market continues to spread across health care and into general industry. Because of this, Providence also takes into consideration general industry for-profit market data, where applicable. Base salaries for Providence & Swedish executives are generally targeted to the median level of the market, as identified by the independent consultant and reviewed with the Executive Compensation Committee. Performance incentives allow executives to earn additional compensation if they achieve specific organizational goals for furthering Providence operating commitments and strategic objectives. The Board of Directors conducts a thorough process to ensure performance incentives are aligned with appropriate market practices. The Board's process for executive compensation fully complies with IRS standards and mirrors best practices.</p>
