Form and Line Reference	Explanation
Part II, Community Building Activities	NCHS believes providing grant funding to 501(c)(3) organizations in whose board of directors we have trust and confidence is an investment in our community. It is our privilege to help them succeed. The organization is rooted in its mission of helping and serving the community and its citizens in a variety of ways. NCHS grants have provided funds to not for profit organizations for capital improvements and program enhancements, educational opportunities for board members of not for profit organizations, and continued the long term enhancement plans of the Wabash River project. NCHS granted over \$14.2 million in grant funds during 2015-2016 period for projects that relate to health, and healthy communities and has made grants in excess of \$52 million since 1999. The following are a few of the projects funded in 2016 promoting the health of the communities that NCHS serves. Riggs Community Health Center The 2015 River Bend Hospital Community Health Needs Assessment identified programs and resources for substance abuse as the second-highest community health need in the NCHS service area. To address the lack of treatment programs for addiction, and opioid abuse in particular, NCHS awarded Riggs Community Health Center a grant of \$346,469 to fully fund the pilot year of an addictions program for clinic patients as a model for integrated addictions care delivery in a Federally Qualified Health Center setting serving underserved populations. Riggs Community Health Center is now the first integrated health care center in the NCHS service area offering team-based and co-located primary care, behavioral health care, and medication-assisted substance abuse treatment. Community Health Network Foundation The 2015 River Bend Hospital Community Health Needs Assessment identified programs and resources for mental health improvement as the top community health need in the NCHS service area and noted the area's shortage of mental health care professionals, including qualified psychiatrists. Seven of the eight counties in the NCHS service area are designated Mental Health Professional Shortage Areas. To develop the local and statewide mental health care workforce, NCHS awarded Community Health Network Foundation \$2,454,400 over eight years to launch a new psychiatric residency program in Indiana Lafayette Transitional Housing Center/LTHC Homeless Services. The 2015 River Bend Hospital Community Health Needs Assessment identified homelessness as related to significant community needs for mental health, alcohol, and addiction care, noting homeless shelter services are viewed as inadequate and underfunded. NCHS awarded \$50,000 to LTHC Homeless Services for renovations to transition eleven housing units for homeless families from temporary to permanent supportive housing. The project will impact homeless families with children who have long histories of homelessness and face persistent obstacles to maintaining housing, such as mental illness, substance use disorders, or chronic medical problems. Wabash River Enhancement Corporation The long-term project of enhancing the Wabash River corridor remains a priority for NCHS grant funding. NCHS played a significant role by contributing \$550,000 to establish Wabash River Enhancement Corporation in 2005 as the primary organization to focus on issues related to the Wabash River in our community. They work with local, state and federal authorities and have completed important ground work in hydrology studies. The Corridor Master Plan has been developed in conjunction with professional guidance on river enhancement with input from local stakeholders. Most recently, NCHS awarded \$2,224,809 in grant funding to the Wabash River Enhancement Corporation's first Corridor Master Plan development project, the construction of the Riverside Promenade Physical Improvement Projects. NCHS awarded physical improvement funding to expand a Boys & Girls Club program, build the capacity of food pantries to receive and distribute healthy produce, expand a camp and conference center, improve and expand facilities and equipment for arts and culture organizations, and construct a YMCA child care center. Additional Community Building Activities NCHS provided funding for nonprofit capacity building through leadership certification and board governance training, expansion of a tutoring program for children in subsidized housing, an instrument lending program for low-income students, and smoke detector outreach for vulnerable populations.

The goal is to complete an application while the patient is in the hospital. Financial Assistance and charity care are also discussed at that time and appropriate forms are completed if the patient does not qualify for Medicaid. Also, each patient completes an admission agreement and signs certifying that the form was fully explained and understood. The agreement includes a financial agreement section that states the individual understands that financial assistance is available based on income and family size. In 2014, the state of Indiana implemented HIP 2.0 which expanded the existing Medicaid program. As a result of this expansion, a greater number of patients qualified for HIP 2.0 which reduced significantly the organization's charity care and bad debt expense in 2016.

Return Reference	Explanation
Part I, Line 2	NCHS provides financial support to qualified nonprofit organizations that share our commitment to health and healthy communities. As a healthcare provider, NCHS prioritizes funding for grants addressing needs identified by the River Bend Hospital Community Health Needs Assessment and the Community Health Needs Assessment Implementation Plan. NCHS prefers to fund capital grants that include some or all of the following criteria: ~Enhance health outcomes and develop healthy communities ~Create opportunities for sustainable and significant long-term impacts ~Have broad community support and sponsorship ~Encourage creativity and collaboration among organizations ~Efficiently utilize limited resources ~Leverage funding opportunities ~Build capacity, improve, or expand existing programs that address demonstrated unmet community needs. NCHS also solicits partnerships with coalitions, funders, nonprofits, and other entities to directly address community needs identified by the River Bend Hospital Community Health Needs Assessment and other NCHS-initiated needs assessments. Beyond the NCHS capital grants program, these NCHS-initiated community benefit funding partnerships launch, expand, or strengthen programs and services that improve health outcomes and develop healthy communities. Unsolicited NCHS capital grant requests and NCHS-initiated community benefit partnerships follow the same grant request and award process. Prospective organizations seeking grant funding from NCHS begin by sending a letter of inquiry including a concise description of the organization, a statement of the problem or need being addressed, an explanation of the project including estimated total costs, and the amount requested from NCHS. When a letter of inquiry is received by NCHS, it is reviewed by the President and Director of Community Benefit Grantmaking for basic eligibility under the NCHS Grantmaking Philosophy and Policy. If eligible, a grant application is sent to the agency or organization with a letter of interest requesting further information. If the project does not meet the funding guidelines, a letter of declination is sent to the requesting agency with a general explanation as to why the request will not be considered at this time. Completed applications are classified into one of four categories: ~Category 1. Unsolicited projects requesting funds in excess of \$250,000 in grant funding ~Category 2. Unsolicited projects requesting funds in excess of \$100,000 but less than \$250,000 ~Category 3. Unsolicited projects requesting funds in excess of \$25,000 but less than \$100,000 ~Category 4. Unsolicited projects requesting \$25,000 or less in grant funding. Category 1, 2, and 3 requests are initially reviewed by the President and Director of Community Benefit Grantmaking, then presented to the Grants Board of Directors for action. The Grants Board has the authority for final approval or declination utilizing the Grantmaking Philosophy and Policies established by the NCHS Corporate Board of Directors. Category 4 requests are initially reviewed by the Director of Community Benefit Grantmaking. After review, the President will approve or decline the request utilizing the Grantmaking Philosophy and Policies established by the NCHS Corporate Board of Directors. The Director of Community Benefit Grantmaking is responsible for the appropriate documentation and communication to the agency or organization regarding the funding or declination of the grant. Category 4 grants awarded administratively are reported to the Grants Board. The Director of Community Benefit Grantmaking is responsible for the implementation and documentation of grant awards, including monitoring grantee compliance with grant terms and conditions, eligible expenses, public acknowledgement guidelines, and fundraising and program evaluation reporting requirements. A report of grants activity is submitted by the NCHS Grants Board to the NCHS Corporate Board of Directors on a quarterly basis.
