Supplemental Information

Return Reference	Explanation
Part V, Line 4	The Home has a policy of appropriating for distribution each year 5 percent of its endowment fund's average fair value over the prior three years through the calendar year end preceding the year in which the distribution is planned. In establishing this policy, the Home considered the long term expected return on its endowment. Accordingly, over the long term, the Home expects the current spending policy to allow its endowment to grow at a rate that sufficiently satisfies the Home's ability to provide care to its residents at a consistent level indefinitely. This is consistent with the Home's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.
