Part II, Community Building Activities	Bronson Methodist Hospitals community building activities generally fall within one of the three Areas: Community Support, Coalition Building, or Community Health Improvement. In Community Support, Bronson supported early childhood literacy by providing the families of every newborn a book to promote reading, by training area clergy in pastoral care for ill and end-of-life patients, by staffing the County Safe Kids Coalition and by offering health-related educational seminars throughout the community. Bronson's Coalition Building activities include supporting a youth resident reading program at the Kalamazoo County Juvenile Home. Community Health Improvement has involved patient advocacy through case management, enrollment outreach and collaboration with community agencies to serve vulnerable populations like the veteran community action team, healthcare subcommittee and violence prevention task force. In addition, Bronson financially supports the County Medical Control Authority, offender success task force, cradle kalamazoo to reduce infant mortality, the substance abuse task force and sits on the West Michigan Cancer Center Institutional Review Board evaluating cancer research protocols involving patients. Bronson Methodist Hospital (and the other hospitals that are part of the Bronson Healthcare Group) conducted an extensive Community Health Needs Assessment (CHNA) in 2016. Please refer to Schedule H, Part V, Section B, Community Health Needs Assessment, along with Schedule H, Part V, Section C Supplemental Information, for a full description of the CHNA. The CHNA process included a prioritization of health needs based upon consensus criteria, including magnitude of need, measurable outcomes, Bronson capabilities, evidence for effective interventions, community commitment, and consistency with Bronson Strategy. At the conclusion of this prioritization process, improving access to care was selected as the focus for Community Health activities in 2016-2019.

Part VI, Line 2	Bronson Methodist Hospital utilizes a strategic management model to develop both a long term (3 year) and annual strategic plan. Inputs into the plan are documented in our strategic input document. One of the important inputs into this plan is the health of our community. Several sources are utilized to perform this assessment. The sources for the latest strategic input document are listed below: Statistical sources for determining community health needs included - U.S. Census Bureau American Community Survey- Michigan Inpatient Database- Michigan Resident Inpatient Files, Division for Vital Records and Health Statistics- Michigan Campaign to End Homelessness- 2015 County Health Rankings- Michigan Department of Community Health- Behavioral Risk Factor Survey, Epidemiology Counts for Sexually Transmitted Infections, 2013 Geocoded Michigan Death Registry, Michigan Resident Birth File, Reportable Infectious Diseases, Survey of Physicians- Kalamazoo Department of Community Health, Kalamazoo Behavioral Risk Factor Survey- Center for Disease Control and Prevention, Youth Risk Behavior Surveillance System- Michigan Department of Education, The Michigan Profile for Healthy Youth. In addition, a community specific survey was developed and deployed to collect real-time data and allow for input from the community on issues related to health. Key informant interviews were conducted with leaders, community members, and representatives of organizations servicing vulnerable and minority populations. Focus groups were held with demographic-specific populations, particularly the vulnerable, in an effort to gain deeper insight into community health needs. These included seniors, families with low income, at-risk youth, and minorities. The community assessment is shared with the board every three years using our community leadership model. Three year priorities are then set for our community health and an implementation plan is developed. Bronson Methodist Hospital also collaborates with the Kalamazoo County Health and Human Services for the gathering of health statistics. In addition, Bronson has been a leader in the following community health collaboratives: Healthy futures, immunize-by-two, healthy baby/healthy start, ready to read, african-american health initiative, youth violence coalition, health connect, cradle kalamazoo, enroll kalamazoo, children's health access program (CHAP), Frequent user system engagement (FUSE) and emergency prescription program.
