Name: Dane County Parent Council Inc

Form 990 (2016)

Form 990, Part III, Line 4a:

Child Education Head start is a comprehensive preschool program that provides a wide array of services that result in children being ready for success in both school and in life. These components include child health, mental health and nutrition, education and services to children with diagnosed disabilities, parent engagement and family support services and community partnerships. The goal of the Head Start program is social competence as the primary foundation for school readiness. Head start performance standards define the program regulations and components of the program. Head start has been a leader in emphasizing the importance of parent engagement and of community support for the local program. Dane county parent council, Inc (DCPC) is funded to serve 710 children in head start. Services are provided via home based, part day center based, and full day center based options. In addition to head start program performance standards, center based programs must also meet state licensing and city accreditation standards. The full day program option serves exclusively working families who qualify for a child care subsidy. DCPC is also a community provider of 4k services in the Madison, DeForest, Sun Prairie, Monroe, and Verona school districts. Almost all of the four year old children enrolled in head start are also enrolled in 4k. Federal funding for the early head start program (EHS) began in response to early childhood research on the importance of early brain development. It was clear, from the results of the research, that the earlier effective intervention occurs the better the chances a child will have for a successful future. DCPC began offering EHS program services in 1999. Early head start program regulations are also defined by the head start program performance standards. However, while head start is focused on providing a preschool experience to prepare children for kindergarten, the primary focus of early head start is supporting the parent-child relationship. DCPC is funded to serve 201 early head start children. The program offers both home based and center based program options. The green county early head start program serves 20 children through the family foundations home visitation (FFHV) grant. The FFHV program is funded by a federal grant awarded to the states and designed to expand home visitation services through evidence based models. Children enrolled in the green county FFHV program receive services through the early head start home visitation program. The FFHV grant also has additional requirements above and beyond head start program performance standards. Green county FFHV was selected to participate in MIHOPE, which is a federally funded research program designed to measure the effectiveness of home visitation program models.

Form 990, Part III, Line 4b:

CHILD CARE ACTIVITIES DCPC sponsors child care programs in five locations licensed to serve 241 children. Many are in response to the child care needs of low income families, others respond to neighborhood and other community needs for child care. All city infant/toddler programs must meet state child care licensing and city accreditation standards. The Satellite Program promotes quality family child care by providing City of Madison Accreditation services for family child care programs in the greater Madison area. Satellite works with family child care providers and helps them enhance their interactions and relationships, environment and materials, daily programming, supporting children's development, health and nutrition, and business practices through the accreditation process. Satellite services include trainings and support groups, consultation, referrals, and administration of assessment tools. Satellite also provides substitute care in providers' homes and loans toys and equipment to providers including cribs, strollers, toys and materials. Satellite has a network of about 100 high quality FCC providers that care for over 600 children from a variety of socioeconomic backgrounds, cultures and locations. Satellite services and trainings are offered in both English and Spanish.

Part X, Line 2	The organization is required to assess whether it is more likely than not that a tax position will be sustained upon examination on the technical merits of the position assuming the taxing authority has full knowledge of all information. If the tax position does not meet the more likely than not recognition threshold, the benefit of that position is not recognized in the financial statements. The Organization has determined there are no amounts to record as assets or liabilities related to uncertain tax positions.
