The Health Center is annually required to file a Return of Organization Exempt from Income Tax (Form 990) with the IRS. In addition, the Health Center is subject to income tax on net income that is derived from business activities that are unrelated to its exempt purpose. The Health Center has determined it is not subject to unrelated business income tax and has not filed an Exempt Organization Business Income Tax Return (Form 990T) with the IRS. Form and Line Reference	Explanation
Part I, Line 3c	The Hospital only provides free care. In addition to the FPGs, the Hospital reviews the monthly budget for charity care to determine how much is available to provide for free care. If a patient is eligible under the 140% policy and the Hospital has reached their monthly budgeted amount, the patient will temporarily receive discounted care. However, the patient does qualify for free care going forward, eventually reducing their bill to zero.

Form and Line Reference	Explanation
Part I, Line 7	The Organization calculated the cost for providing financial assistance reported in Part I, line 7a by multiplying the ratio of cost to gross charges for the Hospital by the gross uncompensated charges associated with providing charity care to its patients. Subsidized health services on line 7g are reported according to costs allocated to the relevant costs centers on the Medicare Cost Report. The Organization used actual expenses to determine the cost for Community Health Improvement Services and Contributions, lines 7e and 7i.

Form and Line Reference	Explanation
Part I, Line 7g	Line 7g includes \$22,276 of subsidized health services from a physician clinic

Form and Line Reference	Explanation
Part I, Ln 7 Col(f)	The amount of bad debt included on Form 990, Part IX, line 25, column (A), but subtracted for purposes of calculating the percentage on this line is \$98,656

Form and Line Reference	Explanation
Part II, Community Building Activities	Employees continue to work with the development of senior housing units which replaced a dilapidated trailer park. The Facility assists in economic development efforts for new hiring opportunities. First Care employees are paid during their absences for volunteer ambulance calls in order for the local ambulance service to remain viable. The Health Center provided board education for the community members in the Lead program, which teaches them to be excellent board members. This helps them do well for the facility and also for other boards that they serve on. First Care Health Center works with the local development corporation to provide affordable housing. The Health Center hosts meetings for the Walsh County Ministerium. FCHC staff has assisted community members in obtaining health insurance or Medicaid. Disaster drills are periodically done, in cooperation with local law enforcement, ambulance crews, and others, in order to respond appropriately in the event of a real disaster. Free medical advice is provided by Registered Nurses via the telephone for patients unable to come to the facility.

Form and Line Reference	Explanation
Part III, Line 2	Bad debt expense on line 2 is reported at charges

Form and Line Reference	Explanation
Part III, Line 3	The estimated amount of bad debt attributable to patients eligible for charity care of \$24,664 is determined by taking the percentage of accounts reaching collection status that were given charity care applications and were not returned. This includes requested applications and those accounts FCHC determined might qualify if returned.

Form and Line Reference	Explanation
Part III, Line 4	The footnote to the Organization's financial statements can be found on pages 7 and 8 of the attached audited financial statements

Form and Line Reference	Explanation
Part III, Line 8	One hundred percent of any shortfall should be treated as community benefit. A facility must be able to recover its costs in order to continue to provide quality care to Medicare patients and the community as a whole. Services are provided to patients under the Medicare program knowing that not all costs associated with providing these services will be recovered. Providing these services is essential to these patients and the community and increases their access to healthcare services. Therefore, the entire Medicare shortfall is considered a community benefit. Medicare allowable costs of care are based on the Medicare cost report. The Medicare cost report is completed based on the rules and regulations set forth by Centers for Medicare and Medicaid Services.

Form and Line Reference	Explanation
Part III, Line 9b	First Care Health Center's payment policy requires payment in full within 30 days of billing. If a patient is not in a position to pay in full, there is a schedule of payments based on amount owed. Patients who do not have the financial means to pay their bill may fill out a charity care application which is based on the federal poverty guidelines. On a monthly basis these accounts are reviewed to determine if they should be written off. For those who don't qualify or choose not to apply, payment is expected according to the payment policy. For those not making any payments within 120 days after the date of the invoice, a series of collection letters begin to be mailed out to them. Anyone not responding or not making a payment after 180 days is turned over to a collection agency. If a patient applies for financial assistance within 240 days of the date of the first invoice the patient charges are pulled from collections as the Hospital works with the patient to complete the application. There are no collection efforts made on patient accounts that qualify for the charity care program.

Form and Line Reference	Explanation
Part VI, Line 2	First Care Health Center utilizes patient satisfaction surveys and assessment surveys to get feedback on the services offered and to find out what services are desired by the people we serve. Most recently, the surveys focused on wellness and outreach to the surrounding communities. A formal community needs assessment began in 2015 and was completed in 2016, along with the implementation strategy. The community health needs assessments and the implementation strategies are posted on the First Care Health Center website.

Form and Line Reference	Explanation
Part VI, Line 3	First Care Health Center posts its charity care policy, or a summary thereof, and financial assistance contact information (1) in admissions areas, emergency rooms, and other areas of the Organization's facilities in which eligible patients are likely to be present, (2) provides a copy of the policy, or a verbal summary thereof, and financial assistance contact information to patients as part of the intake process, (3) provides a copy of the policy, or a verbal summary thereof, and financial assistance contact information to patients with discharge materials, (4) may include the policy, or a summary thereof, along with financial assistance contact information, in patient bills, and/or (5) discusses with the patient the availability of various government benefits, such as Medicaid or state programs, and assists the patient with qualification for such programs, where applicable. In addition, the charity care policy, application and plain language summary are posted on the facility web site.

Form and Line Reference	Explanation
Part VI, Line 4	First Care Health Center (FCHC) serves a rural geographical area in NE North Dakota which includes portions of six counties. The total population served is estimated at 20,000.
