Form 990 (2016)

Form 990, Part III, Line 4a:

For many head and neck cancer patients, the financial challenges are just as overwhelming and burdensome as the medical challenges. The additional expense of medical treatments, therapies, prescriptions, and co-pays - often with limited insurance coverage - puts a strain on household budgets and relationships. Rehabilitation and regular follow-up care is critical to long-term health and many patients do not have the financial means to afford these quality-of-life treatments and therapies. Head and neck cancer often affects breathing, eating, drinking, speaking, and voice. It can have a significant impact on a person's physical appearance, social interaction and self-esteem and this affects a person's willingness or ability to socialize or return to work. Founded in November 2013 by Teresa and Tom Walsh, HNC Living Foundation was organized with the specific mission of becoming the national resource to help head and neck cancer patients live life fully, during and after treatment, through financial aid. Although starting local, our vision is to become a national resource of financial assistance for head and neck cancer patients. We do this primarily through grant funding to nonprofit organizations and healthcare providers to support programs, services, or treatments that provide direct benefit to head and neck cancer patients during their treatment and/or recovery. Individual assistance also may be available directly through the Foundation. Since organizing in 2014, we have awarded nearly \$445,000 in grants in the Kansas City area. We are funding programs that provide nutritional supplements, dental services, prescription assistance, at-home medical supplies, and much more. This support will result in improved patient outcomes in overall health and well-being and in improved financial stability.

University of Kansas Hospital Authority 3901 Rainbow Blvd Kansas City, KS 66160	48-1202402	Section 115	85,000	0			Survival rates for head and neck cancer patients have increased over the past few decades. Healthcare providers now focus on restoring function and assisting the patient in achieving an acceptable quality of life. Patients are frequently discharged from the hospital needing home health supplies such as feeding tube supplies, portable suction, and respiratory equipment. Many patients live in rural areas and do not have access to a durable medical equipment provider or are uninsured or underinsured and cannot afford the home health equipment necessary. The Patient Financial Assistance Program can provide home healthcare and durable medical equipment to patients in financial need.
St Francis Health Center Foundation 1700 SW 7th Street Topeka, KS 66606	48-1092520	501(c)(3)	50,050	0			The HNC Living Assistance Pilot Program will benefit uninsured and underinsured head and neck cancer patients in Topeka and northeast Kansas. These patients can receive assistance with costs related to dental services, nutritional supplements, prescriptions, transportation, and rehabilitation equipment and supply needs. This support will result in improved patient outcomes in overall health and well-being, including better ability to eat and maintain weight, better functionality of jaw and decreased pain, improved self-image and emotional status, and improved financial stability. Without this assistance, patients would go without or receive partial support resulting in less favorable health and well-being outcomes.

University of Missouri-Kansas City School of Dentistry 650 E 25th Street Kansas City, MO 64108	43-6003859	170(B)(1)(A)II	112,950	0			Although radiotherapy saves the lives of many head and neck cancer patients, the quality of life of these cancer survivors is drastically diminished due to numerous radiotherapy-induced oral and dental complications, including painful mucosal tissue, dry mouth and severe debilitating breakdown of the teeth and the associated loss of chewing function. Medically necessary oral care before, during, and after cancer treatment is critical to prevent or reduce the incidence and severity of oral complications and to enhancing both patient survival and quality of life. The Dental Care for Head and Neck Cancer Patients program will provide dental care for uninsured and under-insured patients referred from any regional medical center. Services include dental care required prior to starting cancer treatment (pre-care) and follow-up/ongoing dental care after cancer treatment (post-care).
Truman Medical Center Inc 2301 Holmes Street Kansas City, MO 64108	44-0661018	501(c)(3)	30,700	0			Head and neck cancer patients at Truman Medical Center have an increased vulnerability because of their already low socioeconomic status. The costs associated with the treatment of these cancers can be overwhelming for any patient, but especially for those who are uninsured or under-insured. Planning treatment for a patient with limited or no financial resources is difficult. The financial burden of care and services can cause some patients to forgo necessary treatments. The HNC Financial Assistance Program will provide assistance with costs associated with transportation to medical appointments, nutritional supplements and tube feeding supplies, prescription co-pays, rental of durable medical equipment, and medical supplies necessary for the post-operative care of a tracheotomy.
