Supplemental Information

Return Reference	Explanation
Part X, Line 2	The filing organization is a subsidiary organization within Adventist Health System (AHS). The consolidated financial statements of AHS contain the following FIN 48 footnote: Please note that dollar amounts are in thousands. Healthcare Corporation and its affiliated organizations, other than North American Health Services, Inc. and its subsidiary (NAHS), are exempt from state and federal income taxes. Accordingly, Healthcare Corporation and its tax-exempt affiliates are not subject to federal, state or local income taxes except for any net unrelated business taxable income. NAHS is a wholly owned, for-profit subsidiary of Healthcare Corporation. NAHS and its subsidiary are subject to federal and state income taxes. NAHS files a consolidated federal income tax return and, where appropriate, consolidated state income tax returns. All taxable income was fully offset by net operating loss carryforwards for federal income tax purposes, as such, there is no provision for current federal or state income tax for the years ended December 31, 2016 and 2015. NAHS also has temporary deductible differences of approximately \$59,100 and \$62,700 at December 31, 2016 and 2015, respectively, primarily as a result of net operating loss carryforwards. At December 31, 2016, NAHS had net operating loss carryforwards of approximately \$59,600, expiring beginning in 2022 through 2026. Deferred taxes have been provided for these amounts, resulting in a net deferred tax asset of approximately \$22,500 and \$23,800 at December 31, 2016 and 2015, respectively. A full valuation allowance has been provided at December 31, 2016 and 2015 to offset the deferred tax asset since Healthcare Corporation has determined that it is more likely than not that the benefit of the net operating loss carryforwards will not be realized in future years. The Income Taxes Topic of the ASC (ASC 740) prescribes the accounting for uncertainty in income tax positions recognized in financial statements. ASC 740 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken, or expected to be taken, in a tax return. There were no material uncertain tax positions as of December 31, 2016 and 2015.

Form and Line Reference	Explanation
Part I, Line 6a	The filing organization was a wholly or partially owned subsidiary of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC) during its current tax year. During the current year, AHSSHC served as a parent organization to 22 tax-exempt 501(c)(3) hospital organizations that operated 44 hospitals in ten states within the U.S. The system of organizations under the control and ownership of AHSSHC is known as "Adventist Health System" (AHS). All hospital organizations within AHS collect, calculate, and report the community benefits they provide to the communities they serve. AHS organizations exist solely to improve and enhance the local communities they serve. AHS has a system-wide community benefits accounting policy that provides guidelines for its health care provider organizations to capture and report the costs of services provided to the underprivileged and to the broader community. Each AHS hospital facility reports their community benefits to their Board of Directors and strives to communicate their community benefits to their local communities. Additionally, the filing organizations most recently conducted community health needs assessment and associated implementation strategy are posted on the filing organization's website.

Part II, Community Building Activities	Shawnee Mission Medical Center (the hospital) is involved with and supportive of various other community agencies in its service area that work collaboratively to help those in need and to improve the health and safety of the residents of the community. The Hospital participates with a number of other community organizations to address the healthcare needs of the community, such as the Health Partnership of Johnson County who specializes in treating low income persons. In addition to offering numerous classes and a spiritual wellness program, the Hospital is supportive of other health and wellness events currently conducted in its community, such as the American Heart Association Heart Walk. The Hospital also provides financial support and assistance to other community groups through the provision of grants to organizations, such as the Shawnee Mission Education Foundation and Blue Valley Education Foundation.

Part III, Line 2	The amount of bad debt expense, reported on line 2 of Section A of Part III is recorded in accordance with Healthcare Financial Management Association Statement No 15 Discounts and payments on patient accounts are recorded as adjustments to revenue, not bad debt expense

Form and Line Reference	Explanation
Part III, Line 3	Methodology for Determining the Estimated Amount of Bad Debt Expense that May Represent Patients who Could Have Qualified under the Filing Organization's Financial Assistance Policy Self-pay patients may apply for financial assistance by completing a Financial Assistance Application Form (FAA Form) If an individual does not submit a complete FAA Form within 240 days after the first post-discharge billing statement is sent to the individual, an individual may be considered for presumptive eligibility based upon a scoring tool that is designed to classify patients into groups of varying economic means The scoring tool uses algorithms that incorporate data from credit bureaus, demographic databases, and hospital specific data to infer and classify patients into respective economic means categories Individuals who earn a certain score on the scoring tool are considered to qualify as eligible for the most generous financial assistance under the filing organization's Financial Assistance Policy As determined by the filing organization, a nominal amount of such a patient's bill is written off as bad debt expense, while the remaining portion of the patient's bill is considered non-state charity The amount written off as bad debt expense for those patients who potentially qualify as non-state charity using the scoring tool is the amount shown on line 3 of Section A of Part III Rationale for Including Certain Bad Debts in Community Benefit The filing organization is dedicated to the view that medically necessary health care for emergency and non-elective patients should be accessible to all, regardless of age, gender, geographic location, cultural background, physician mobility, or ability to pay The filing organization treats emergency and non-elective patients regardless of their ability to pay or the availability of third-party coverage By providing health care to all who require emergency or non-elective care in a non-discriminatory manner, the filing organization is providing health care to the broad community it serves As a 501(c)(3) hospital organization, the filing organization maintains a 24/7 emergency room providing care to all whom present When a patient's arrival and/or admission to the facility begins within the Emergency Department, triage and medical screening are always completed prior to registration staff proceeding with the determination of a patient's source of payment If the patient requires admission and continued non-elective care, the filing organization provides the necessary care regardless of the patient's ability to pay The filing organization's operation of a 24/7 Emergency Department that accepts all individuals in need of care promotes the health of the community through the provision of care to all whom present Current Internal Revenue Service guidance that tax-exempt hospitals maintain such emergency rooms was established to ensure that emergency care would be provided to all without discrimination The treatment of all at the filing organization's Emergency Department is a community benefit Under the filing organization's Financial Assistance Policy, every effort is made to obtain a patient's necessary financial information to determine eligibility for financial assistance However, not all patients will cooperate with such efforts and a financial assistance eligibility determination cannot be made based upon information supplied by the individual In this case, a patient's portion of a bill that remains unpaid for a certain stipulated time period is wholly or partially classified as bad debt Bad debts associated with patients who have received care through the filing organization's Emergency Department should be considered community benefit as charitable hospitals exist to provide such care in pursuit of their purpose of meeting the need for emergency medical care services available to all in the community

Part III, Line 4	Financial Statement Footnote Related to Accounts Receivable and Allowance for Uncollectible Accounts The financial information of the filing organization is included in a consolidated audited financial statement for the current year The applicable footnote from the attached consolidated audited financial statements that addresses accounts receivable, the allowance for uncollectible accounts, and the provision for bad debts can be found on page 8 Please note that dollar amounts on the attached consolidated audited financial statements are in thousands

Form and Line Reference	Explanation
Part III, Line 8	Costing Methodology Medicare allowable costs were calculated using a cost-to-charge ratio Rationale for Including a Medicare Shortfall as Community Benefit As a 501(c)(3) organization, the filing organization provides emergency and non-elective care to all regardless of ability to pay All hospital services are provided in a non-discriminatory manner to patients who are covered beneficiaries under the Medicare program As a public insurance program, Medicare provides a pre-established reimbursement rate/amount to health care providers for the services they provide to patients In some cases, the reimbursement amount provided to a hospital may exceed its costs of providing a particular service or services to a patient In other cases, the Medicare reimbursement amount may result in the hospital experiencing a shortfall of reimbursement received over costs incurred In those cases where an overall shortfall is generated for providing services to all Medicare patients, the shortfall amount should be considered as a benefit to the community Tax-exempt hospitals are required to accept all Medicare patients regardless of the profitability, or lack thereof, with respect to the services they provide to Medicare patients The population of individuals covered under the Medicare program is sufficiently large so that the provision of services to the population is a benefit to the community and relieves the burdens of government In those situations where the provision of services to the total Medicare patient population of a tax-exempt hospital during any year results in a shortfall of reimbursement received over the cost of providing care, the tax-exempt hospital has provided a benefit to a class of persons broad enough to be considered a benefit to the community Despite a financial shortfall, a tax-exempt hospital must and will continue to accept and care for Medicare patients Typically, tax-exempt hospitals provide health care services based upon an assessment of the health care needs of their community as opposed to their taxable counterparts where profitability often drives decisions about patient care services that are offered Patient care provided by tax-exempt hospitals that results in Medicare shortfalls should be considered as providing a benefit to the community and relieving the burdens of government

Form and Line Reference	Explanation
Part III, Line 9b	Collection Policies The hospital filing organization's collection practices are in conformity with the requirements set forth in the 2014 Final Regulations regarding the requirements of Internal Revenue Code Section 501(r)(4) - (r)(6) No extraordinary collection actions (ECA's) are initiated by the hospital filing organization in the 120-day period following the date after the first post-discharge billing statement is sent to the individual (or, if later, the specified deadline given in a written notice of actions that may be taken, as described below) Individuals are provided with at least one written notice (notice of actions that may be taken) and a copy of the filing organization's Plain Language Summary of the Financial Assistance Policy that informs the individual that the hospital filing organization may take actions to report adverse information to credit reporting agencies/bureaus if the individual does not submit a Financial Assistance Application Form (FAA Form) or pay the amount due by a specified deadline The specified deadline is not earlier than 120 days after the first post-discharge billing statement is sent to the individual and is at least 30 days after the notice is provided A reasonable attempt is also made to orally notify an individual about the filing organization's Financial Assistance Policy and how the individual may obtain assistance with the Financial Assistance application process If an individual submits an incomplete FAA Form during the 240-day period following the date on which the first post-discharge billing statement was sent to the individual, the hospital filing organization suspends any reporting to consumer credit reporting agencies/bureaus (or ceases any other ECA's) and provides a written notice to the individual describing what additional information or documentation is needed to complete the FAA Form This written notice contains contact information including the telephone number and physical location of the hospital facility's office or department that can provide information about the Financial Assistance Policy, as well as contact information of the hospital facility's office or department that can provide assistance with the financial assistance application process or, alternatively, a nonprofit organization or governmental agency that can provide assistance with the financial assistance application process if the hospital facility is unable to do so If an individual submits a complete FAA Form within a reasonable time-period as set forth in the notice described above, the hospital filing organization will suspend any adverse reporting to consumer credit reporting agencies/bureaus until a financial assistance policy eligibility determination can be made

Supplemental Schedule to Schedule H, Part III, Section B, line 8	Reconciliation of Schedule H Reported Medicare Surplus/(Shortfall) to Unreimbursed Medicare Costs Associated with the Provision of Services To All Medicare Beneficiaries The Medicare revenue and allowable costs of care reported in Section B of Part III of Schedule H are based upon the amounts reported in the filing organization's Medicare cost report in accordance with the IRS instructions for Schedule H On an annual basis, the filing organization also determines its total unreimbursed costs associated with providing services to all Medicare patients Unreimbursed costs are considered a community benefit to the elderly and are combined into an annual Community Benefit Statement prepared by Adventist Health System The primary reconciling items between the Medicare surplus/(shortfall) shown on line 7 of Section B of Part III of Schedule H and the filing organization's unreimbursed costs of services provided to all Medicare patients are as follows - Medicare surplus/(shortfall) shown on line 7 of Section B of Schedule H \$ (1,347,235)- Difference in costing methodology (18,517,928)- Unreimbursed costs incurred for services provided to Medicare patients that are not included in the organization's Medicare cost report (7,746,180) ----- Total Unreimbursed costs of serving all Medicare patients per the filing organization's community benefit reporting \$(27,611,343) As indicated above, the primary differences between the Medicare surplus/(shortfall) reported on Schedule H, Part III, Section B, line 7 and the filing organization's portion of the Company's annual community benefit statement is due to a difference in the costing methodology and differences in the population of Medicare patients within the calculation The cost methodology utilized in calculating any Medicare surplus/(shortfall) for purposes of the annual community benefit reporting is based upon the cost-to-charge ratio outlined in Worksheet 2 of the Schedule H instructions The same cost-to-charge ratio is used to determine the costs associated with services provided to charity care patients and Medicaid patients as reported in Schedule H, Part I, line 7 In addition, the Medicare cost report excludes services provided to Medicare patients for physician services, services provided to patients enrolled in Medicare HMOs, and certain services provided by outpatient departments of the filing organization that are reimbursed on a fee schedule The Company's own community benefit statement captures the unreimbursed cost of providing services to all Medicare beneficiaries throughout the organization

Part VI, Line 2	The Hospital conducted community health needs assessments (CHNA) during 2013 and 2016. It's 2016 CHNA was adopted by its governing board by December 31, 2016, the end of the Hospital's taxable year in which it conducted the CHNA. The Hospital's 2016 CHNA complied with the guidance set forth by the IRS in Final Regulation Section 1.501(r)-3. In addition to the CHNA discussed above, a variety of practices and processes are in place to ensure that the filing organization is responsive to the health needs of its community. Such practices and processes involve the following: 1. A hospital operating/community board composed of individuals broadly representative of the community, community leaders, and those with specialized medical training and expertise, 2. Post-discharge patient follow-up related to the on-going care and treatment of patients who suffer from chronic diseases, 3. Sponsorship and participation in community health and wellness activities that reach a broad spectrum of the filing organization's community, and 4. Collaboration with other local community groups to address the health care needs of the filing organization's community.

Form and Line Reference	Explanation
Part VI, Line 3	The Financial Assistance Policy (FAP), Financial Assistance Application Form (FAA Form), and the Plain Language Summary of the Financial Assistance Policy (PLS) of the filing organization's hospital facility are transparent and available to all individuals served at any point in the care continuum. The FAP, FAA Form, PLS, and contact information for the hospital facility's financial counselors are prominently and conspicuously posted on the filing organization's hospital facility's website. The website indicates that a copy of the FAP, FAA Form, and PLS is available and how to obtain such copies in the primary languages of any populations with limited proficiency in English that constitute the lesser of 1,000 individuals or 5% of the members of the community served by the hospital facility (referred to below as LEP defined populations). Signage is displayed in public locations of the filing organization's hospital facility, including at all points of admission and registration and the Emergency Department. The signage contains the hospital facility's website address where the FAP, FAA Form, and PLS can be accessed and the telephone number and physical location that individuals can call or visit to obtain copies of the FAP, FAA Form and PLS or to obtain more information about the hospital facility's FAP, FAA Form and PLS. Paper copies of the hospital facility's FAP, FAA Form and PLS are available upon request and without charge, both in public locations in the hospital facility and by mail. Paper copies are made available in English and in the primary languages of any LEP defined populations. The filing organization's hospital facility's financial counselors seek to provide personal financial counseling to all individuals admitted to the hospital facility who are classified as self-pay during the course of their hospital stay or at time of discharge to explain the FAP and FAA Form and to provide information concerning other sources of assistance that may be available, such as Medicaid. A paper copy of the hospital facility's PLS will be offered to every patient as a part of the intake or discharge process. A conspicuous written notice is included on all billing statements sent to patients that notifies and informs recipients about the availability of financial assistance under the filing organization's financial assistance policy, including the following: 1) the telephone number of the hospital facility's office or department that can provide information about the FAP and the FAA Form, and 2) the website address where copies of the FAP, FAA Form and PLS may be obtained. Reasonable attempts are made to inform individuals about the hospital facility's FAP in all oral communications regarding the amount due for the individual's care. Copies of the PLS are distributed to members of the community in a manner reasonably calculated to reach those members of the community who are most likely to require financial assistance.

Part VI, Line 4	The filing organization (the Hospital) is located in Merriam, Kansas. It currently operates the second busiest hospital facility, based on 2016 inpatient admissions, in the Kansas City metropolitan area and is licensed for 503 acute care beds. The hospital's 54-acre campus includes a free-standing outpatient surgery center, a community health educational building and fitness center, six medical office buildings, an associate child care center and a community fitness course. In addition to operating a hospital, the filing organization also runs a satellite campus which includes a hospital based emergency department and other ambulatory services, and various occupational medicine, rehabilitative, and urgent care clinics in the Kansas City area. The filing organization employs more than 3,200 local residents and supports an exceptional staff of nearly 700 physicians representing 50 medical specialties, the largest acute care hospital medical staff in Kansas City. Shawnee Mission Medical Center (SMMC) is a crucial community and regional asset. SMMC has the busiest emergency department in Johnson County, the area's first accredited Chest Pain Emergency Center, delivers more babies than any other hospital in the metropolitan area, and since 1986 has been operating an Ask-A-Nurse Resource Center which allows individuals in the community to seek free and dependable health information from a registered nurse 24 hours a day. A total of 5 other competing hospitals are located within a radius of 12 miles or less from the Hospital's primary hospital facility. Merriam, Kansas is located in Johnson County. The Hospital's service area which includes Johnson and Wyandotte Counties has a population of approximately 800,000, with an estimated 92,655 over the age of 65. The per capita income in Johnson County is approximately \$38,827 and \$18,957 for Wyandotte County. High school graduates account for approximately 92.24% of the Hospital's service area. It is estimated that 10.35% of the individuals residing in the Hospital's service area live below the poverty level and the unemployment rate is about 4.2%. Approximately 40% of the Hospital's patients during 2016 were Medicare patients, about 6.8% were medicaid patients, about 6.1% were self-pay patients, and the remaining percentage were patients covered under commercial insurance. In 2016, about 56% of the hospital's in-patients were admitted through the hospital's Emergency Department.

Part VI, Line 5	The provision of community benefit is central to Shawnee Mission Medical Center's mission of service and compassion. Restoring and promoting the health and quality of life of those in the communities served by the Hospital is a function of "extending the healing ministry of Christ and embodies the Hospital's commitment to its values and principles. The Hospital commits substantial resources to provide a broad range of services to both the underprivileged as well as the broader community. In addition to the community benefit and community building information provided in Parts I, II and III of this Schedule H, the Hospital captures and reports the benefits provided to its community through faith-based care. Examples of such benefits include the cost associated with chaplaincy care programs and mission peer reviews and mission conferences. During the current year, Hospital provided \$537,602 of benefit with respect to the faith-based and spiritual needs of the community in conjunction with its operation of a community hospital. The Hospital also provides benefits to its community's infrastructure by investing in capital improvements to ensure that facilities and technology provide the best possible care to the community. During the current year, the Hospital expended \$45,307,687 in new capital improvements. As a faith-based mission-driven community hospital, the Hospital is continually involved in monitoring its community, identifying unmet health care needs and developing solutions and programs to address those needs. In accordance with its conservative approach to fiscal responsibility, surplus funds of the Hospital are continually being invested in resources that improve the availability and quality of delivery of health care services and programs to its community.

Form and Line Reference	Explanation
Part VI, Line 6	Shawnee Mission Medical Center is a part of a faith-based healthcare system of organizations whose parent is Adventist Health System Sunbelt Healthcare Corporation (AHSSHC). The system is known as Adventist Health System (AHS). AHSSHC is an organization exempt from federal income tax under IRC Section 501(c)(3). AHSSHC and its subsidiary organizations operate 44 hospitals in 10 states throughout the U.S., primarily in the Southeastern portion of the U.S. AHSSHC and its subsidiaries also operate 16 nursing home facilities and other ancillary health care provider facilities, such as ambulatory surgery centers and diagnostic imaging centers. As the parent organization of the AHS system, AHSSHC provides executive leadership and other professional support services to its subsidiary organizations. Professional support services include among others corporate compliance, legal, human resources, reimbursement, risk management, and tax as well as treasury functions. The provision of these executive and support services on a centralized basis by AHSSHC provides an appropriate balance between providing each AHS subsidiary hospital organization with mission-driven consistent leadership and support while allowing the hospital organization to focus its resources on meeting the specific health care needs of the community it serves. The reader of this Form 990 should keep in mind that this reporting entity may differ in certain areas from that of a stand-alone hospital organization due to its inclusion in a larger system of healthcare organizations. As a part of a system of hospital and other health care organizations, the filing organization benefits from reduced costs due to system efficiencies, such as large group purchasing discounts, and the availability of internal resources such as internal legal counsel. Each AHS subsidiary pays a management fee to AHSSHC for the internal services provided by AHSSHC. As a result, management fee expense reported by a AHS subsidiary organization may appear greater in relation to management fee expense that may be reported by a single stand-alone hospital. The single stand-alone hospital would likely report costs associated with management and other professional services on various expense line items in its statement of revenue and expense as opposed to reporting such costs in one overall management fee expense. As the reporting of the Form 990 is done on an entity by entity basis, there is no single Form 990 that captures the programs and operations of AHS as a whole. The reader is directed to visit the web-site of AHS at www.adventisthealthsystem.com to learn more about the mission and operations of AHS.

Shawnee Mission Medical Center	Part V, Section B, Line 11 The information provided below explains how the hospital facility addressed in 2016 the significant health needs identified in its 2013 Community Health Needs Assessment, and any such needs that were not addressed and the reasons why such needs were not addressed The hospital facility conducted a Community Health Needs Assessment in 2016 and adopted an implementation strategy to address the significant health needs identified in the 2016 Community Health Needs Assessment in 2017 prior to May 15, 2017 Shawnee Mission Medical Center (SMMC or "the Hospital") is located in Johnson County, Kansas Its service area includes all of Johnson County and three zip codes in Wyandotte County (in general, a lower-income area than Johnson County) The hospital conducted its 2013 Community Health Needs Assessment in cooperation with Public Health and other community partners The data and input from the community partners led to two areas of focus relating to lifestyle and education, as well as Post-Partum Depression and Preventable ED Use, for the hospital's Implementation Strategies This is the third-year update for Shawnee Mission Medical Centers 2013-2016 Community Health Plan/Implementation Strategy Shawnee Mission Medical Center (SMMC or "the Hospital") developed this Plan and posted it in May 2014 as part of its 2013 Community Health Needs Assessment process For the development of both the Community Health Needs Assessment and the Community Health Plan/Implementation Strategy, Shawnee Mission made a notable effort to define and address the needs of low-income, minority and underserved populations in our service area The 2013 Community Health Needs Assessment used primary data interviews and surveys, secondary data from local, regional and national health-related sources, and hospital prevalence data to help the Hospital determine the health needs of the community we serve Once the data was gathered, the primary issues identified in the Needs Assessment were prioritized by community and hospital stakeholders, who then selected key issues for the Hospital to address in its 2013-2016 Community Health Plan The three-year progress on the Community Health Plan is noted below The narrative describes the issues identified in 2013 and gives an update on the strategies addressing those issues There is also a description of the identified issues that the Hospital is not addressing Priority Expand education on eating habits and nutrition2013 Description of the Issue Four of eight data sources indicated a need for healthy eating This included the Community Survey respondents and Community Town Hall participants who identified Obesity, Nutrition, and Eating Habits as top priorities In addition, the Johnson County 2011 Health Assessment and Kansas Health Matters specifically cited these two concerns Nutrition, obesity, and eating habits are lifestyle issues They directly correlate with diabetes, heart disease/stroke and cancer - which were cited in all eight primary and secondary data sources Diabetes and heart disease/stroke are two of the most common chronic conditions in the United States and often, are poorly controlled Cancer is the leading cause of death in the U S and is now ranked among the most common chronic conditions as well Obesity and poor nutrition are contributing factors to these chronic diseases, a reduction in obesity should contribute to a reduction in complications from these chronic diseases Obesity interventions also have the potential to delay or eradicate the onset of diabetes, heart disease/stroke and cancer 2016 Update The Hospital interventions included the training of 5 church leaders on the CREATION Health wellness program that focuses on choice, rest, environment, activity, trust, interpersonal relationships, outlook and nutrition to teach the courses in their congregations The Hospital also exceeded participation goals for its nutritional education programs Detoxification educates community members on the benefits of cleansing the body, in 2016 the hospital far exceeded the goal of 25 participants and had 104 participants The hospital also offered a program to educate the community on the lifestyle changes that can prevent diabetes called Stop Diabetes Before It Starts, the hospital had 47 participants With an increased interest in the community of growing their own produce, new class offerings were well received by participants Priority Emphasize physical activity and wellness2013 Description of the Issue Five of eight data sources also cited the need for physical activity Both the Community Survey and Community Town Hall participants defined physical activity, wellness and exercise as key community needs The Johnson and Wyandotte County Assessments, as well as Kansas Health Matters, did the same Johnson County is the most fit Health Matters shows that 21.2% of adults do the recommended amount of physical activity The percentage for Wyandotte County is 14.3% compared to 19.8% for the Kansas City Metro Area and 17.9% for the state The Healthy People 2020 goal for people engaging in vigorous or moderate physical activity for 75-150 minutes per week is 47.9% Like nutrition and eating habits, a sedentary lifestyle is linked to the chronic diseases noted above An active lifestyle should contribute to a reduction in complications from these chronic diseases Healthy lifestyle habits also have the potential to delay or eradicate the onset of diabetes, heart disease/stroke and cancer 2016 Update The Hospital reached 705 people in CREATION Health, FITMOM, Tai Chi, Yoga, and Smoking Cessation programs and a variety of other well-attended community education programs focusing on overall health and wellness including specific programs for diabetes, healthy eating and other lifestyle and wellness programs Over 1250 women participated in the hospital's annual LIV Conference that educates women about various aspects of health, wellness and personal safety The Ask-A-Nurse information and referral service assists callers with answers to their health-related questions The center logged 100,292 calls, with 9,963 triage calls directing callers in urgent situations to call 911 or hospital emergency rooms

Section C. Supplemental Information for Part V, Section B. Provide descriptions required for Part V, Section B, lines 2, 3j, 5, 6a, 6b, 7d, 11, 13b, 13h, 15e, 16j, 18e, 19e, 20e, 21c, 21d, 23, and 24. If applicable, provide separate descriptions for each hospital facility in a facility reporting group, designated by facility reporting group letter and the hospital facility line number from Part V, Section A ("A, 1," "A, 4," "B, 2," "B, 3," etc.) and name of hospital facility.

Form and Line Reference	Explanation
Schedule H, Part V, Line 16a, 16b, and 16c	
Schedule H, Part V Section B Line 11 - continuation	Priority Develop enhanced behavioral health services for Postpartum Depression 2013 Description of the Issue The issues of mental health, behavioral health, substance abuse, depression and suicide were identified in six of eight of the Hospital's data sources In fact , mental health disorders affect an estimated 22% of American adults each year Suicide rates are 15.1 and 13.5 per 100,000 in Johnson and Wyandotte Counties, respectively Both rates are higher than the national average of 11.3 deaths per 100,000 The rate of adults diagnosed with Depression in Johnson County is 15.7 per 100,000 This rate is lower than Wyandotte (17.7), the Kansas City Metro Area (16.8) and the state of Kansas (18.1) Rates of alcohol dependence/abuse declined from 2002 to 2012 In 2012, 17.7 million Americans (6.8 percent of the population) were dependent on alcohol or had problems related to their use of alcohol (abuse) This is a decline from 18.1 million (or 7.7 percent) in 2002 Deaths from chronic liver disease and cirrhosis are lower than the national average in both Johnson and Wyandotte Counties Experts believe marijuana has become a substitute for alcohol among younger people Further, in 2012, 9.2 percent of the U.S. population said they have used an illicit drug or abused a psychotherapeutic medication (such as a pain reliever, stimulant, or tranquilizer) in the past month This is up from 8.3 percent in 2002 2016 Update Unlike many community hospitals, the Hospital continues to provide adult inpatient and outpatient mental and behavioral health services including Medical Detoxification, Mental Health Stabilization, Behavioral Health Assessment Center, and patient programs in Mental Health, Addiction Recovery and Dual Diagnosis Intensive Care In addition, the Hospital is a local leader in obstetric services, nearly 5,000 babies are born at the hospital each year The hospital developed a community/patient Post-Partum Depression (PPD) program in 2014 It is the area's only curriculum-based program managed by a hospital 100% of the Birth Center Staff have been trained in the Spectrum Health Toolkit for Health Care Providers, new staff members are trained as they are hired The Birth Center staff reaches out to women in the hospital and after discharge to assess symptoms of depression Mothers may receive individual counseling or participate in weekly curriculum-based support groups These support services exceeded their goal of a 20% increase from 2015, and served 132 in 2016 These services are also available to mothers who deliver at other hospitals Priority Improve education on proper access to care in the ED 2013 Description of the Issue A lack of health insurance was cited as a major need in five of the eight data sources This lack of health insurance or the inability to get into a physician office can drive people to the emergency department (ED) at the nearest hospital Unless a patient's condition is life threatening - with symptoms like severe chest pain, inability to breathe, heavy bleeding, or signs of stroke, for example - the hospital emergency department may not be the best choice EDs are set up for emergencies, not care for minor or chronic conditions EDs are not designed to provide continuity of care They are also the mostly costly form of care At the Hospital, between 2007 and 2012, total ED visits increased almost 40%, while inpatient admissions increased only 5.7% ED visits by uninsured patients increased 52% ED visits for Medicare patients increased 32%, and registrations by Medicaid jumped 79% An analysis of ED data from June 2011 through May 2012 clearly indicated that the ED is dealing with an epidemic of "frequent users" who visit four or more times in one year These frequent users accounted for only 5% of ED patients but nearly 20% of the total ED visits 2016 Update Due to the lack of other health care resources available to uninsured patients, the Hospital developed a number of interventions that focus on uninsured and low-income patients The Community Care program involved case management for 127 frequent ED users, including education and development of individualized care and case management plans In addition, the Community Care Coordinators referred 100% of those without a medical home to a safety net clinic or physician The frequent ED users that were managed through this service reduced their visits on average 53% Issues Considered, but Not Addressed The 2016 Community Health Needs Assessment also identified the following community health issues that Shawnee Mission Medical Center will not address The list below includes these issues and an explanation of why the hospital is not addressing them The primary and secondary data in the Community Health Needs Assessment identified multiple community issues Hospital and community stakeholders used the following criteria to narrow the larger list to the priority areas noted above 1 How acute is the need? (based on data and community concern) 2 What is the trend? Is the need getting worse? 3 Does the Hospital provide services that relate to the priority? 4 Is someone else - or multiple groups - in the community already working on this issue? 5 If the Hospital were to address this issue, are there opportunities to work with community partners? Based on this prioritization process, the Hospital did not choose the following community issues Poverty and Living Wage - While the acuity for both issues is high in some parts of the defined community (especially Wyandotte County), there are other agencies working on these issues In addition, the hospital does not have the capacity to address this issue Transportation - Transportation was ranked as one of the community's top three needs by 43% of survey respondents There are other agencies, including regional planning entities and local governments, working on this issue In addition, the hospital does not have the capacity to address this issue Dental care - there is a need for dental care for low-income and older adults in Wyandotte County Other community agencies including public health are addressing the capacity issue In addition, the hospital does not offer dental services
SCHEDULE H, PART V, SECTION B, LINE 8-10a	The filing organization adopted a Community Health Needs Assessment Report by 12/31/16 and was in the process of developing its Community Health Needs Implementation Strategy The filing organization's 2017 Community Health Needs Implementation Strategy will be documented in a written report called the "Community Health Plan" The Community Health Plan (CHP) will describe how the filing organization plans to meet its identified prioritized health needs or will identify the health need as one the filing organization does not intend to specifically address and provide an explanation as to why the filing organization does not intend to address that health need In accordance with Final Regulation Section 1.501(r)-3(c)(5), the filing organization's 2017 CHP was adopted no later than May 15, 2017 and is also posted on the hospital facility's website As the hospital facility's 2017 Community Health Needs Implementation Strategy was not adopted by the end of the hospital organization's taxable year of December 31, 2016, Schedule H, Part V, Section B, line 9 indicates that 2014 was the tax year in which the hospital facility last adopted an implementation strategy Schedule H, Part V, Section B, Line 10a reflects the website address for the hospital facility's 2014 Implementation Strategy since this is the most recently adopted Implementation Strategy

Return Reference	Explanation																																																																				
Part I, Line 1a	The filing organization is a part of the system of healthcare organizations known as Adventist Health System (AHS). Members of the filing organization's executive management team that hold the position of Vice-President or above are compensated by and on the payroll of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC), the parent organization of AHS. AHSSHC is exempt from federal income tax under IRC Section 501(c)(3). The filing organization reimburses AHSSHC for the salary and benefit cost of those executives on the payroll of AHSSHC that provide services and are on the management team of the filing organization. Travel for companions. AHSSHC has a Corporate Executive Policy that provides a benefit to allow for a traveling AHSSHC executive to have his or her spouse accompany the executive on certain business trips each year. Typically, reimbursement is only provided to Vice Presidents and above and is usually limited to one business trip per year beyond the annual AHS President's Council business meeting and other meetings where the spouse is specifically invited. The AHSSHC Corporate Executive Spousal Travel Policy was originally approved and reviewed by the AHSSHC Board Compensation Committee, an independent body of the AHSSHC Board of Directors. All spousal travel costs reimbursed to the executive are considered taxable compensation to the executive. Tax Indemnification and gross-up payments. AHS has a system-wide policy addressing gross-up payments provided in connection with employer-provided benefits/other taxable items. Under the policy, certain taxable business-related reimbursements (i.e., taxable business-related moving expenses, taxable items provided in connection with employment) provided to any employee may be grossed-up at a 25% rate upon approval of the filing organization's CEO and CFO. Additionally, employees at the Director level and above are eligible for gross-up payments on gifts received for board of director services. Discretionary spending account. A nominal discretionary spending amount was provided in the current year to all eligible executives who attend the annual AHS President's Council business meeting (\$500 per executive) or the annual AHS CFO Conference business meeting (\$300 per executive). Other discretionary spending accounts may be provided in connection with other AHS sponsored conferences but typically do not exceed \$200 per participant. With respect to the AHS President's council meeting, eligible executives may include AHSSHC Vice Presidents and above and all AHSSHC subsidiary organization CEOs and Regional CFOs. The payment provided to each executive was considered taxable compensation to the executive. Housing allowance or residence for personal use. AHSSHC has a Corporate Executive Policy that addresses assistance to executives who have been relocated by the company during the year. Relocation assistance provided to executives may include relocation allowances to assist with duplicate housing expenses. Relocation assistance is administered per AHSSHC policy by an external relocation company. Any taxable reimbursements made to executives in connection with relocation assistance are treated as wages to the executive and are subject to all payroll withholding and reporting requirements. Health or social club dues or initiation fees. AHSSHC has a Corporate Executive Policy that addresses business development expenditures. Under this policy, certain AHS eligible executives may be reimbursed for member dues and usage charges for a country club or other social club upon authorization. Club memberships must be recommended by the CEO of the AHS hospital organization and approved by the Chairman of the Board of Directors of the organization. In addition, the proposed membership must be approved annually by the AHSSHC Board Compensation Committee, an independent committee of the Board of Directors of AHSSHC. Eligible executives are limited to certain senior level executives (hospital organization CEOs, the CEO of the nursing home division of AHS, senior vice presidents at three large hospital organizations, regional CEOs and CFOs and the president and senior vice presidents of AHSSHC). In the current year, for this filing organization, two executives were eligible to receive reimbursement for club fees. Each AHS executive who is approved for a club membership must submit an annual report to the AHSSHC Board Compensation Committee that describes how the membership benefited their organization during the preceding year.																																																																				
Part I, Line 3	The individual who serves as the CEO of the filing organization is compensated by Adventist Health System Sunbelt Healthcare Corporation (AHSSHC) for that individual's role in serving as the CEO. Compensation and benefits provided to this individual are determined pursuant to policies, procedures, and processes of AHSSHC that are designed to ensure compliance with the intermediate sanctions laws as set forth in IRC Section 4958. AHSSHC has taken steps to ensure that processes are in place to satisfy the rebuttable presumption of reasonableness standard as set forth in Treasury Regulation 53.4958-6 with respect to its active executive-level positions. The AHSSHC Board Compensation Committee (the Committee) serves as the governing body for all executive compensation matters. The Committee is composed of certain members of the Board of Directors (the Board) of AHSSHC. Voting members of the Committee include only individuals who serve on the Board as independent representatives of the community, who hold no employment positions with AHSSHC and who do not have relationships with any of the individuals whose compensation is under their review that impacts their best independent judgment as fiduciaries of AHSSHC. The Committee's role is to review and approve all components of the executive compensation plan of AHSSHC. As an independent governing body with respect to executive compensation, it should be noted that the Committee will often confer in executive sessions on matters of compensation policy and policy changes. In such executive sessions, no members of management of AHSSHC are present. The Committee is advised by an independent third party compensation advisor. This advisor prepares all the benchmark studies for the Committee. Compensation levels are benchmarked with a national peer group of other not-for-profit healthcare systems and hospitals of similar size and complexity to AHS and each of its affiliated entities. The following principles guide the establishment of individual executive compensation: - The salary of the President/CEO of AHS will not exceed the 40th percentile of comparable salaries paid by similarly situated organizations, and - Other executive salaries shall be established using market medians. The compensation philosophy, policies, and practices of AHSSHC are consistent with the organization's faith-based mission and conform to applicable laws, regulations, and business practices. As a faith-based organization sponsored by the Seventh-day Adventist Church (the Church), AHSSHC's philosophy and principles with respect to its executive compensation practices reflect the conservative approach of the Church's mission of service and were developed in counsel with the Church's leadership.																																																																				
Part I, Line 4b	As discussed in Line 1a above, executives on the filing organization's management team that hold the position of Vice-President or above are compensated by and on the payroll of Adventist Health System Sunbelt Healthcare Corporation (AHSSHC), the parent organization of a healthcare system known as Adventist Health System (AHS). In recognition of the contribution that each executive makes to the success of AHS, AHS provides to eligible executives participation in the AHS Executive FLEX Benefit Program (the Plan). The purpose of the Plan is to offer eligible executives an opportunity to elect from among a variety of supplemental benefits, including deferred compensation benefits taxable under Internal Revenue Code (IRC) Section 457(f), to individually tailor a benefits program appropriate to each executive's needs. The Plan provides eligible participants a pre-determined benefits allowance credit that is equal to a percentage of the executive's base pay from which is deducted the cost of mandatory and elective employee benefits. The pre-determined benefits allowance credit percentage is approved by the AHSSHC Board Compensation Committee, an independent committee of the Board of Directors of AHSSHC. Any funds that remain after the cost of mandatory and elective benefits are subtracted from the annual pre-determined benefits allowance are contributed, at the employee's option, to either an IRC 457(f) deferred compensation account or to an IRC 457(b) eligible deferred compensation plan. Upon attainment of age 65, all previous 457(f) deferred amounts are paid immediately to the participant and any future employer contributions are made quarterly from the Plan directly to the participant. The Plan documents define an employee who is eligible to participate in the Plan to generally include the Chief Executive Officers of AHS entities and Vice Presidents of all AHS entities whose base salary is at least \$236,000. The Plan provides for a class year vesting schedule (2 years for each class year) with respect to amounts accumulated in the executive's 457(f) deferred compensation account. Distributions could also be made from the executive's 457(f) deferred compensation account upon attainment of age 65 or upon an involuntary separation. The account is forfeited by the executive upon a voluntary separation. In addition to the Plan, AHS has instituted a defined benefit, non-tax-qualified deferred compensation plan for certain executives who have provided lengthy service to AHS and/or to other Seventh-Day Adventist Church hospitals or health care institutions. Participation in the plan is offered to AHS executives on a prorata schedule beginning with 20 years of service as an employee of AHS and/or another hospital or health care institution controlled by the Seventh-Day Adventist Church and who satisfy certain other qualifying criteria. This supplemental executive retirement plan (SERP) was designed to provide eligible executives with the economic equivalent of an annual income beginning at normal retirement age equal to 60% of the average of the participant's three, five or seven highest years of base salary from AHS active employment inclusive of income from all other Seventh-Day Adventist Church healthcare employer-financed retirement income sources and investment income earned on those contributions through social security normal retirement age as defined in the plan. The number of years included in highest average compensation is determined by the individual's year of entry to the SERP and by the individual's year of entry to the AHS Executive FLEX Benefit Program. <table><tr><th>Flex Plan</th><th>Flex Plan/ SERP</th><th>457(b) CY</th><th>CY Employer</th><th>CY Contrib</th><th>/ Distributions*</th><th>Contrib</th><th>Distributions*</th><th>Payment</th><th>---</th></tr><tr><td>-----</td><td>-----</td><td>Kenneth Bacon</td><td>\$ 68,593</td><td>\$ 43,176</td><td>\$ 180,499</td><td>\$ 0</td><td>Larry Botts, MD</td><td>\$ 36,558</td><td>\$ 39,782</td><td>\$ 0</td><td>\$ 0</td><td>Sheri Hawkins</td><td>\$ 29,997</td><td>\$ 4,967</td><td>\$ 92,191</td><td>\$ 0</td><td>Randall Haffner</td><td>\$ 201,612</td><td>\$ 0</td><td>\$ 409,583</td><td>\$ 0</td><td>Michael Knecht</td><td>\$ 41,828</td><td>\$ 0</td><td>\$ 0</td><td>\$ 0</td><td>Paul Rathbun</td><td>\$ 121,828</td></tr><tr><td>\$ 102,555</td><td>\$ 0</td><td>\$ 0</td><td>Karsten Randolph</td><td>\$ 33,995</td><td>\$ 34,350</td><td>\$ 0</td><td>\$ 0</td><td>Lewis Seifert</td><td>\$ 89,523</td><td>\$ 80,183</td><td>\$ 0</td><td>\$ 0</td><td>Robin Harrold</td><td>\$ 12,606</td><td>\$ 13,393</td><td>\$ 127,347</td><td>\$ 0</td><td>*Including Investment Earnings</td><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td><td></td></tr></table>	Flex Plan	Flex Plan/ SERP	457(b) CY	CY Employer	CY Contrib	/ Distributions*	Contrib	Distributions*	Payment	---	-----	-----	Kenneth Bacon	\$ 68,593	\$ 43,176	\$ 180,499	\$ 0	Larry Botts, MD	\$ 36,558	\$ 39,782	\$ 0	\$ 0	Sheri Hawkins	\$ 29,997	\$ 4,967	\$ 92,191	\$ 0	Randall Haffner	\$ 201,612	\$ 0	\$ 409,583	\$ 0	Michael Knecht	\$ 41,828	\$ 0	\$ 0	\$ 0	Paul Rathbun	\$ 121,828	\$ 102,555	\$ 0	\$ 0	Karsten Randolph	\$ 33,995	\$ 34,350	\$ 0	\$ 0	Lewis Seifert	\$ 89,523	\$ 80,183	\$ 0	\$ 0	Robin Harrold	\$ 12,606	\$ 13,393	\$ 127,347	\$ 0	*Including Investment Earnings

990 Schedule O, Supplemental Information

Return Reference	Explanation
Part V, Line 1a	The parent corporation and sole top-tier member of Shawnee Mission Medical Center, Inc (the filing organization) is Adventist Health System Sunbelt Healthcare Corporation (AHSSHC). AHSSHC is a Florida, not-for-profit corporation that is exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). AHSSHC has established a shared service center to centralize the Accounts Payable (A/P), Payroll, HR, and Materials Management functions for all AHSSHC subsidiary organizations. The facts and circumstances support a position that AHSSHC, as a payor on behalf of its subsidiary organizations in a shared service environment, will have sufficient management and oversight in connection with the subsidiary organizations' payments to meet the standard set forth in Treas. Reg. Section 1.6041-1(e). AHSSHC will not merely be making payments at the direction of its subsidiary organizations. Accordingly, AHSSHC is considered the payor subject to the information reporting requirements of Section 6041. During 2016, the filing organization transitioned its A/P function to AHSSHC. Accordingly, the number entered on line 1a represents the number reported on Box 3 of Form 1096 as filed by the filing organization for 2016. Subsequent to the transition of the A/P function to the AHSSHC shared service center, the filing organization will not enter any amount on Part V, line 1a. As a result of this transition, the filing organization no longer issues Form 1099 returns, rather, all such returns are filed by and under the name and EIN of AHSSHC as the payor subject to the information reporting requirements of Section 6041.
