Part I Line 2 Procedures for Monitoring the Use of Grant Funds. In most instances grants are made following the completion of the

activity or event that is eligible for a grant. When an application is filed it includes the costs of the activity or event that are

eligible for a grant. In a small percentage of grants half the funds are paid before the activity has occurred and the remaining half

is paid once the activity is completed and the costs have been submitted. Because of this process, monitoring activities after the

issuance of a grant is typically not necessary.
