Bessemer Trust Company N.A. Account 8G0350
 2016 02/17/2017
Proceeds Not Reported to the IRS

Sales transactions are organized into sections according to term (long, short or undetermined). For tax lots whose term is undetermined, use your historical documents to establish the cost basis and date of purchase

Several columns include both an amount and a qualifying notation to its right. Where proceeds are the result of an option exercise or assignment, there is indication of whether the amount is N (net of option premium) or G (Gross). Accrued market discount and Wash sale loss disallowed appear in the same column, identified by the letters D or W, respectively. Where you are not permitted to recognize a loss, an indication of X (change in control or capital structure) or Z (other corporate action) is used

Some tax lots may have notations in the column of additional information because they require special treatment on your tax returns. Sales of securities such as Contingent Payment Debt Instruments (CPDI) are marked as "Ordinary" because gains and losses on these instruments generally do not qualify as short- or long-term capital transactions. Similarly, sales of collectibles, noted as "12- [X] Collectible," are handled distinctly under the tax code. You may wish to consult with your tax advisor, the IRS or your state tax authority regarding the proper treatment for these scenarios

Closing of written options is presented in a distinct manner in accordance with IRS regulation. For these transactions the Cost or other basis is always presented as \$0.00 and the Proceeds is the net of the amount received when the option was written and the cost to close the position

SHORT TERM TRANSACTIONS [Ordinary gains or losses are identified in the Additional information column]
