Form and Line Reference	Explanation
Part I, Line 3c	Eligibility is generally determined by measuring the gross family income against the federal poverty income guidelines. In addition, other relevant non-income resources, including but not limited to real estate, savings, life insurance, motor vehicles, etc , will be considered in reaching a determination of eligibility. Eligibility guidelines will also take into consideration catastrophic events for patients whose income falls outside the guidelines. Patients whose gross income is less than three times the federal poverty income guidelines may be eligible for reduced monthly payments or uncompensated services in part or in full.

Form and Line Reference	Explanation
Part I, Line 7	The organization's twenty percent share of such activity, as conducted within the LLC for fiscal year 2016, is reflected on Schedule H

Form and Line Reference	Explanation
Form 990, Schedule H	Effective March 1, 2014, Wilson Medical Center, Inc and Wilmed Generations, Inc entered into an agreement with DLP Healthcare, LLC to form a joint venture, DLP Wilson Holding Company, LLC, that would operate the hospital and nursing home previously owned and operated by Wilson Medical Center, Inc and Wilmed Generations, Inc. Wilson Medical Center, Inc therefore ceased directly providing health care services on February 28, 2014 and is providing medical services indirectly through the joint venture. Effective October 1, 2014, Wilson Medical Center, Inc changed its name to Healthcare Foundation of Wilson (the "Foundation"). The governing documents of the joint venture require that the joint venture operate the hospital in a manner as to satisfy the charitable purposes generally required of hospitals recognized as exempt under Section 501(c)(3) of the Code, including that the hospital accept Medicare and Medicaid patients, maintain an emergency department that accepts all patients regardless of their ability to pay, adopt the charity care policies utilized by Wilson Medical Center, Inc prior to the transfer of the hospital to the joint venture, and comply with the requirements of Section 501(r) of the Code regarding charity care and financial assistance policies and the conducting of community health needs assessments. The governing documents of the joint venture include provisions which provide the Foundation, through its representatives on the governing body of the joint venture, with the power to enforce compliance with these charitable hospital requirements. Wilson Medical Center, Inc was also a "public hospital" pursuant to Chapter 131E, Article 2, of the North Carolina General Statutes (the "public hospital statutes"). The public hospital statutes at the time of creation of the joint venture required that any transfer of a public hospital facility must be made to a corporation, and the public hospital statutes did not permit the transfer of a public hospital facility to a limited liability company. With the creation of this joint venture in mind, the North Carolina General Assembly passed a technical corrections statute which enabled the transfer of a public hospital facility to be made to a limited liability company as well as to a corporation. The effective date of the North Carolina General Assembly's change to the public hospital statute was October 1, 2014, which was after the creation of the joint venture. In order to comply with the requirements of the public hospital statute at that time, the hospital facility was transferred to DLP Wilson Medical Center, Inc, which was wholly owned by the joint venture, with the intention that DLP Wilson Medical Center, Inc, would be converted to a limited liability company after the enactment of the North Carolina General Assembly's technical correction to the North Carolina public hospital statutes, and the conversion was completed effective on December 31, 2014. After the conversion of the DLP Wilson Medical Center, Inc, to a limited liability company, it was treated as a disregarded entity for federal tax purposes, and the joint venture is treated as operating the hospital directly. The North Carolina public hospital statutes also require that the joint venture, as the transferee of the public hospital facility, continue to provide the same hospital services, indigent care, financial assistance policies, and Medicare and Medicaid services as were provided by Wilson Medical Center, Inc prior to the transfer, and the joint venture is required to provide an annual report that shows compliance with this requirement. Failure to comply with this requirement will cause the hospital facility to revert to Wilson County. The information reported on Schedule H represents financial data as provided by the joint venture hospital and non-hospital facilities. Percentages of community benefit represent community benefit (at cost) as a percentage of total joint venture expenses, including DLP Wilson Medical Center, LLC, DLP WilMed Nursing Care and Rehabilitation Center, LLC and DLP Wilson Physician Practices, LLC.

The primary uncertainty of such allowances lies with uninsured patient receivables and deductibles, co-payments, or other amounts due from individual patients. The Company has an established process to determine the adequacy of the allowance for doubtful accounts that relies on a number of analytical tools and benchmarks to arrive at a reasonable allowance. No single statistic or measurement determines the adequacy of the allowance for doubtful accounts. Some of the analytical tools that the Company utilizes include, but are not limited to, historical cash collection experience, revenue trends by payor classification, and revenue days in accounts receivable. Accounts receivable are written off after collection efforts have been followed in accordance with the Company's policies.

DLP Wilson Medical Center, Inc	Part V, Section B, Line 5 Healthcare Foundation of Wilson was part of a community-based health needs assessment conducted collaboratively by Healthcare Foundation of Wilson, the Wilson County Health Department and DLP Wilson Medical Center. The health assessment needs of the community were determined by the Wilson County community. In 2016, health assessment surveys were distributed throughout the county in English and Spanish versions. In addition, the survey was also offered online at the website of the three facilities collaborating along with multiple businesses in the community. Six hundred sixty-three community residents and fifty-three local physicians completed the survey. A focus group was held to gather additional data. The survey data and focus group data was compiled and formal presentations were provided at a community health summit. Each community member present was provided with the opportunity to vote on the top three (3) concerns of the community. Survey Monkey was used to compile and analyze the survey data. The three top health care needs identified were Obesity, Mental Health, and Substance Abuse. Implementation Plans were developed by each collaborating organization.
