Form 990 (2016)

Form 990, Part III, Line 4a:

Roper Hospital builds on a long legacy of excellence. Founded in 1829 as the first community hospital in the Carolinas, downtown Roper Hospital today is one of the most trusted names in the Lowcountry. In 2016, Roper Hospital contributed \$20.6 million in community benefit. These benefits included charity care, unreimbursed Medicaid, and numerous sponsorships and community outreach programs (see Schedule H for additional details). Overall, the hospital contributed nearly 14,000 volunteer staff hours for activities such as health fairs, career days and public programs that benefited nearly 29,000 individuals in the community. Some of the national accolades Roper Hospital received in 2016 include - Five out of five stars from the Centers for Medicare & Medicaid- Top 100 Hospital by Truven Health Analytics- Outstanding Patient Experience Award - Earned an "A" on the spring Hospital Safety Score from Leapfrog- Ranked No. 2 hospital in South Carolina by U.S. News and World Report- Ranked among America's Best 100 Hospitals by Healthgrades. In 2016, Roper Hospital made advancements in its offerings to patients. Roper Hospital was one of the first in South Carolina to offer the Watchman device, which reduces stroke risk in patients with atrial fibrillation who are unable to take blood-thinning medications for a long time. Its Hyperbaric Oxygen Program also was re-accredited with distinction by the Undersea and Hyperbaric Medicine Society for meeting the highest standards of care and patient safety.

Supplemental Information

Return Reference	Explanation
Part X, Line 2	<p>Roper Hospital is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and is generally exempt from federal and state income taxes. The Lowcountry Surgery Center is a limited liability company. Under current laws, income or loss of limited liability companies is included in the income tax returns of the members. Accordingly, no provision for income taxes is made in the consolidated financial statements. Although [the consolidated group] is generally exempt from federal and state income taxes, it evaluates whether there are any uncertain tax positions that fail to meet the more-likely-than-not threshold for recognition in the consolidated financial statements. Uncertain tax positions may include the characterization of income, such as a characterization of income as passive, a decision to exclude reporting taxable income in a tax return, or a decision to classify a transaction, entity, or other position in a tax return as tax exempt. The tax return benefit from an uncertain tax position is recognized when it is more likely than not that the position will be sustained upon examination, including resolutions of any related appeals or litigation processes, based on the technical merits. The organization has no unrecognized tax positions as of December 31, 2016 and 2015, and does not expect that unrecognized tax benefits will materially increase within the next 12 months. Tax years 2013 through 2015 are subject to examination by the federal and state taxing authorities, respectively. There are no income tax examinations currently in process. Interest and penalties related to uncertain tax positions, if any, would be recognized in the consolidated financial statements as income tax expense.</p>

- 7 State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report

Form and Line Reference	Explanation
Part I, Line 3c	In addition to using the federal poverty guidelines to determine free and discounted care (see Part I, Lines 3a and 3b), the hospital system offers a 35% discount for patients who are uninsured. A 10% prompt payment discount is offered to all self-pay or self-pay-after-insurance patients who pay the balance at one time. Medical indigency adjustments are available to those that meet the established guidelines. The Hospital will provide free care for patients with a signed charity care application who have income between 0 - 299% of FPG. If a signed charity care application is not obtained, after 120 days of collection efforts, the hospital will use the Health Care Advisory Board's self-pay compass program to automatically qualify patients for charity care through the use of an electronic scoring technique. The hospital will provide free care for patients who have income of 350% and below of FPG as determined by the self-pay compass program. The Hospital will provide a 90% discount for patients with a signed charity care application who have income between 300 - 399% of FPG. If a signed charity care application is not obtained, the hospital will not provide discounted care.

Form and Line Reference	Explanation
Part I, Line 6a	The organization's community benefit report is made available through its corporate parent, CareAlliance Health Services d/b/a Roper St Francis Healthcare

Form and Line Reference	Explanation
Part I, Line 7	Worksheet 2 of the 2016 Schedule H instructions was used to compute a cost-to-charges ratio used to calculate charity care and unreimbursed Medicaid at cost

Form and Line Reference	Explanation
Part I, Ln 7 Col(f)	The Bad Debt expense included on Form 990, Part IX, Line 25, Column (A), but subtracted for purposes of calculating the percentage in this column is \$10,905,312

Form and Line Reference	Explanation
Part II, Community Building Activities	In 2016, the Hospital performed the following activities to build up the community 1 Collaborative partnerships with community groups to improve economic stability of the community

Form and Line Reference	Explanation
Part III, Line 3	<p>Same methodology as prior year using Compass system error rate of 40%, Explanation for Schedule H For patients who do not turn in a signed charity care application, after 120 days of collection efforts, RSFH uses the Health Care Advisory Board's self pay compass program to automatically qualify patients for charity care through the use of an electronic scoring technique The data received through this software is believed to err on the side of denying charity The estimate of bad debt that could have been charity is based on the system error rate Please note that patients who complete a full charity care application and qualify for charity under our policy are granted charity regardless of the score in the self-pay compass system</p>

Form and Line Reference	Explanation
Part III, Line 4	Bad debts reported on Part III, Line 2 are reported at gross charges per the organization's audited financial statements Please refer to the second footnote of the organization's audited financial statements for a description of receivables and bad debts

Form and Line Reference	Explanation
Part III, Line 8	<p>The entire amount of Medicare shortfall qualifies as community benefit. Our treatment of Medicare patients, as described in IRS Rev. Rul. 69-545, indicates that Roper Hospital operates to promote the health of the community. By taking Medicare patients, the hospital promotes access to healthcare services, which is a community benefit. The organization uses the Medicare cost report to determine the costs reported on Part III, Line 5 and 6. Had we included revenues and costs from all Medicare programs including Medicare Part C this would have resulted in an additional shortfall of \$9,215,732.</p>

Part III, Line 9b	<p>The hospital uses the Health Care Advisory Board's self pay compass program to identify a patient's propensity to pay. Accounts with an FPL of 350% and below will be identified once the self pay AR billing process has been completed and prior to the account being referred to a collection agency. Accounts with FPL of 350% and below will be given a charity adjustment. Once an account has been referred to bad debt, the organization will make every effort to ensure that all self-pay collectors demonstrate consistent, compassionate, and professional service while conducting business on behalf of the health system. This will include, but is not limited to, guarantor notification and contact/collection attempts, discount opportunities, payment plan arrangements, account balance notifications, face to face meetings, and detailed bill generation. An outsourced self-pay billing agency will contact the guarantor to set up payment arrangements. Financial assistance discounts are offered to guarantors who meet the charity guidelines. Self pay patients receive a 35% discount off total charges. They are also eligible for a 10% prompt payment discount if they pay the balance during the discussion. Discounts may be combined if all requirements are met. In pursuit of collections, the hospital and its agents will not attach liens on property, garnish wages, pursue legal actions (unless recommended by the self pay billing entities), sell accounts, or send bankrupt guarantors to collection agencies.</p>

Part VI, Line 2	<p>The Community Needs Assessment Team used the 12 topic areas highlighted within the Healthy People 2020 framework to guide the discussion and research for the 2016 community health needs assessment. Healthy People 2020 is consistently recognized as a national benchmark for healthcare goals and standards. The 12 topic areas include Access to Public Health, Clinical Preventative Services, Environmental Quality, Injury and Violence, Maternal, Infant, and Child Health, Mental Health, Nutritional, Physical Activity and Obesity, Oral Health, Reproduction and Sexual Health, Social Determinants, Substance Abuse, and Tobacco. We used the following secondary sources in the data assessment process to provide a framework and foundation for subsequent primary data collection and analysis as it relates to our community: Nielson Claritas, 2016 County Health Rankings, Health Indicators Warehouse, The Advisory Board Company, Kids Count Data Center, Truven Health Analytics, and the USDA. Data from these sources was used to identify at-risk populations, underserved populations, health need areas, and professional shortage areas. In addition, the Community Needs Assessment Team entered into dialogue with community leaders, key hospital administrators, physicians, those with knowledge/expertise in public health, and those serving underserved and chronic disease populations. Collection and analysis of results from the CHNA data assessment, survey, interviews, and focus groups provided a strong foundation for identifying health needs and service gaps.</p>

Part VI, Line 3	<p>The Hospital shall send anyone who requests information on the hospital's financial assistance program a letter outlining required information and a financial assistance application form. Requests for financial assistance may be proposed by sources other than the patient, such as the patient's physician, family members, social service organizations, community or religious groups, or hospital personnel. Statements to patients from the Hospital outline our charity care policy and our charity care policy is posted on our website. If patients indicate they are not able to pay their bill, we will provide the patient with a charity care application. Patients can also meet with a member of our financial counseling department to learn about their financial assistance options. Brochures are printed in English and Spanish telling patients to contact the financial counseling department. The Hospital wants its patients' focus to be on health and recovery and not financial worry. There is absolutely no additional cost for our financial counseling assistance. Additionally, patients can meet with staff of the Medicaid program. The program staff will meet with patients individually to help them apply for publicly supported programs such as Medicaid, Medicare, and disability. Counselors meet with patients in the hospital as well as making home visits as appropriate. The staff can also help identify resources to help pay for medication. All of this information is posted on our website with the appropriate contact information.</p>

Part VI, Line 4	<p>The System's primary service area consists of Charleston, Berkeley, and Dorchester counties, and includes the major municipalities of Charleston, North Charleston, Mount Pleasant, and Summerville. Approximately 739,000 residents live within the primary service area, based on Esri estimates for 2016. According to Esri's forecasts, population in the primary service area is projected to grow 9.6% between 2016 and 2021. The 2016-2021 population growth rate is projected to be 1.85% annually compared to 1.71% for the period 2010-2016. In 2016, 12% of households within the primary service area had income less than \$15,000, 10.5% had income between \$15,000 and \$25,000, 24% had income between \$25,000 and \$50,000, 19% between \$50,000 and \$75,000, 13% between \$75,000 and \$100,000, and 21.5% above \$100,000. Within the primary service area, poverty continues to be an issue. According to the US Census Bureau's 2015 Small Area Health Insurance Estimates (SAHIE), an estimated 12.3% of Tri-county residents lack health insurance. This is higher than the national average of 10.9%. The US Department of Health and Human Services designated 6 medically underserved areas and 1 medically underserved population within our primary service area. From December 2015 to December 2016, the unemployment rate in the primary service area decreased from 5.5% to 4.6%. The decrease in 2016 brings the Tri-county rate in line with the national average rate of 4.7%. The secondary service area includes Colleton, Orangeburg, Georgetown, Hampton, Beaufort, Williamsburg, and Horry counties. In addition to the system's facilities, there are four other non-military hospitals in the primary service area.</p>

Part VI, Line 5	<p>In keeping with our mission of healing all people with compassion, faith, and excellence, Roper St Francis Healthcare strives to enrich the health of our community. We do this by offering charity care to those in need, reaching out to our neighbors with health fairs and educational materials, sponsoring organizations and events that promote wellness and community well-being, and marshalling our resources to advance the health and dignity of each person with whom we come in contact. We are the lowcountry's only non-governmental, not for profit healthcare system. With this distinction, we believe it is our responsibility to advocate for and respond to our neighbors needs through community benefit. Surplus funds are returned to our community through the development of new facilities to serve population growth, the expansion of existing facilities, subsidizing care for those who are unable to pay, sponsorship of healthcare related activities including outreach clinics and programs for the uninsured, and investing in technology to improve the quality of patient care. The organization is committed to the enrichment of healthcare in our community as evidenced by the composition of our Board of Directors and Open Medical Staff. Our governing body is comprised of a 13-member Board of Directors. At least nine directors must have their primary residence in a community served by the system. Five directors must be physicians actively engaged in the full time practice of medicine. The hospital extends medical staff privileges to all qualified physicians in the area for most of our departments.</p>

Return Reference	Explanation
Part I, Line 6	Goals are developed each year to support the organization's strategic initiatives for people, quality, financial, growth and service. The Ad Hoc Compensation Committee approves the system goals annually and reports to the full Board of Directors. Progress on each metric is reported to the board each month on the corporate scorecard. At year end, the Ad Hoc Compensation Committee approves the final scorecard number and reports results to the full board. Annual incentives for the executives are based on 60% on the corporate scorecard and 40% on individual performance. Executives maintain an individual scorecard on the leader evaluation manager and discuss results monthly with the President/CEO. The President/CEO approves the individual executive scorecard. System Vice Presidents and the system CEO are eligible to participate in a long term incentive plan (LTIP). An LTIP typically takes place over a three year period and does not vest until the end of the third year. To receive payment, executives must still be employed by the system at the end of the plan period. Each LTIP has a financial and clinical objective that is aligned with the organization's strategic goals. Threshold, target, and maximum performance ranges are established for these objectives and are measured based on performance against similar organizations or compared to an internal metric such as an improvement over prior performance. These targets and objectives are approved by the Ad Hoc Compensation Committee. The incentive is earned based on the satisfaction of the threshold, target, or maximum performance ranges. The Ad Hoc Compensation Committee also approves the final LTIP performance score and the amount paid to executives under the plan. Results are reported to the full board annually.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section B, line 11b	The Form 990 was prepared by an independent accounting firm with assistance and oversight by management. Reviews were then conducted by senior management before drafts were sent to each member of the organization's governing body. A transmittal letter accompanied the drafts and provided highlights of the Form 990 to the organization's Board of Directors. After the governing body approved the Form 990 draft, a final version was filed with the Internal Revenue Service.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section B, line 15	<p>An independent company, Towers Watson, provides research, advice and guidance to the compensation committee and senior leadership to ensure the organization's compensation programs for executives covered by the "Intermediate Sanctions Legislation" (IRC Section 4958) are aligned with its stated philosophy. Base salaries are targeted at the 50th percentile of the established comparator market, Total cash compensation (base salary plus annual incentive payments) are targeted at the 75th percentile of the established comparator market, Total direct compensation (total cash compensation plus long term incentive payments) will not exceed the 90th percentile of the established comparator market, Benefits are targeted at market median, and In aggregate, base salary, total cash compensation, total direct compensation and benefits comprise total compensation for executives. The compensation committee ensures that executive total compensation is reflective of the organization's stated compensation philosophy. The committee, in this process, authorizes and supports an annual three step process utilizing Towers Watson's resources:</p> <ol style="list-style-type: none"> 1) Salary levels, annual bonus targets/payments and long term incentive grants are compared rigorously each year with market data based on comparable positions and organizations. A. Comparable organizations are typically not-for-profit healthcare systems with similar operating revenues. Private sector employer data, when available, are also included in the analysis for "transferable skills positions". B. Historically, performance incentive payouts generally track with a normal bonus payout distribution. Incentive goals are primarily based on formally defined quantitative goals approved by the ad hoc Compensation Committee of the RSFH Board of Directors. 2) All recommended pay decisions are tested against these data and the organization's stated compensation philosophy. 3) A formal opinion letter is prepared by Towers Watson, representing that senior executives are compensated within the reasonableness standards mandated by the IRS. A similar process is performed by Towers Watson for the CEO and CFO positions. This letter provides a "safe harbor" for the organization's "directors" relative to the reasonableness of total executive compensation consistent with IRC Section 4958.
