Part V, Line 4	On an annual basis, CareAlliance Health Services d/b/a Roper St Francis Healthcare, a rel ated exempt organization, requests funds from the Roper St Francis Foundation for reimbur sement of expenditures incurred specifically related to unrestricted or temporarily restricted purposes. The organization's endowment funds are used for education, building and equipment purchases, hospital services lines, indigent care, and community health improvement.

upplemental Information					
Return Reference	Explanation				
Part X, Line 2	Roper St Francis Foundation is a not-for-profit organization as described in Section 501(c)(3) of the Internal Revenue Code and is generally exempt from federal and state income t axes. Accordingly, no provision for income taxes is made in the consolidated financial statements. Although [the consolidated group] is generally exempt from federal and state income taxes, it evaluates whether there are any uncertain tax positions that fail to meet the more-likely-than-not threshold for recognition in the consolidated financial statements. Uncertain tax positions may include the characterization of income, such as a characterization of income as passive, a decision to exclude reporting taxable income in a tax return, or a decision to classify a transaction, entity, or other position in a tax return as tax exempt. The tax return benefit from an uncertain tax position is recognized when it is mo re likely than not that the position will be sustained upon examination, including resolut ions of any related appeals or litigation processes, based on the technical merits. The or ganization has no unrecognized tax positions as of December 31, 2016 and 2015, and does no t expect that unrecognized tax benefits will materially increase within the next 12 months. Tax years 2013 through 2015 are subject to examination by the federal and state taxing a uthorities, respectively. There are no income tax examinations currently in process. Interest and penalties related to uncertain tax positions, if any, would be recognized in the consolidated financial statements as income tax expense.

Part I, Line 6	Goals are developed each year to support the organization's strategic initiatives for people, quality, financial, growth and service. The Ad Hoc Compensation Committee approves the system goals annually and reports to the full Board of Directors. Progress on each metric is reported to the Board each month on the corporate scorecard. At year end, the Ad Hoc Compensation Committee approves the final scorecard number and reports results to the full board. Annual incentives for the executives are based on 60% on the corporate scorecard and 40% on individual performance. Executives maintain an individual scorecard on the leader evaluation manager and discuss results monthly with the President/CEO. The President/CEO approves the individual executive scorecard. System Vice Presidents and the system CEO are eligible to participate in a long term incentive plan (LTIP). An LTIP plan typically takes place over a three year period and does not vest until the end of the third year. To receive payment, executives must still be employed by the system at the end of the plan period. Each LTIP plan has a financial and clinical objective that is aligned with the organization's strategic goals. Threshold, target, and maximum performance ranges are established for these objectives and are measured based on performance against similar organizations or compared to an internal metric such as an improvement over prior performance. These targets and objectives are

lorganizations or compared to an internal metric such as an improvement over prior performance. These targets and objectives are approved by the ad hoc compensation committee. The incentive is earned based on the satisfaction of the threshold, target, or maximum performance ranges. The Ad Hoc Compensation Committee also approves the final LTIP performance score and the amount paid to executives under the plan Results are reported to the full board annually
