E. Evals

To assist parents in the selection of computer equipment for their special needs child the Foundation offers a service known as a "Fitting Session". In these sessions, parents may bring their child to "try on" different computers, adaptive devices, and software to see if they "fit". This way the parents may be better prepared to make purchases of equipment for their child's use, understanding how the equipment would work and how effective the computer system might be with the child - before making a purchase. This year we provided no evals.
