Supplemental Information

Return Reference	Explanation
Part V, Line 4	World Christian has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. World Christian has a policy of appropriating, no more often than quarterly, dividend and interest income from the endowment fund to be used for operations as needed. Appropriations shall not leave the endowment fund with less than the previous twelve months principal increased by the rate of inflation as measured by the average consumer price index for the past three years. Permanent endowment funds cannot be used unless approved by the board.

Supplemental Information

Return Reference	Explanation
Part X, Line 2	World Christian is exempt from federal income taxes under Section 501(c)(3) of the internal revenue code and has been classified as other than a private foundation. Accordingly, no provision has been made for income taxes in the accompanying financial statements. World Christian follows FASB ASC guidance related to unrecognized tax benefits. The guidance clarifies the accounting for uncertainty in income taxes recognized in an organization's financial statements. This interpretation prescribes a minimum probability threshold that a tax position must meet before a financial statement benefit is recognized. The minimum threshold is defined as a tax position that is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. World Christian has no tax penalties or interest reported in the accompanying financial statements.
