At the Boettcher Foundation, we invest in the promise of Colorado and the potential of Coloradans. Every day we champion excellence across our state by investing in our most talented citizens and high-potential organizations, because supporting their hard work and leadership will enable them to give back for years to come.

•**Capital grants** - We seek to make grants for the purchase, construction or major renovation of buildings that are owned or used by Colorado 501 (c)(3) nonprofit organizations. Our three target areas are community enrichment, social services and education.

•**Scholarships** - Each year our highly competitive, merit based Scholarship program awards 42, four-year undergraduate scholarships for students to attend college in Colorado. The virtually full-ride scholarship includes tuition, books, fees and a living stipend.

•**Teacher training** - The Boettcher Teacher Residency recruits and trains individuals to become exceptional teachers by providing an intensive and supportive teacher training program that combines master's-level coursework with hands-on learning guided by a skilled mentor teacher in a K-12 classroom.

•**Biomedical research** - Our Webb-Waring Biomedical Research program funds the work of early-career scientists in the biomedical sciences in Colorado. Boettcher Investigators are awarded grants covering up to three years of research.

Information about all four grantmaking areas is available at **www.BoettcherFoundation.org**.
