Part IX-A Line 2 - Summary of Direct Charitable Activities

The Foundation implemented a project to provide assistance to 89 young children in the Miami, Florida area who were mainly between ages 1 to 5. These children came from underprivileged families or from orphanages and suffering from downs syndrom, autism, prematurity, developmental delays, Scoliosis, muscle weakness and/or had been abused. The Foundation provided various equipment to be used at the homes to improve the deficiencies. The Foundation's staff, professional contractors and volunteers provided initial assessment of each potential case, undertook continious follow-up and monitoring of progress in cases where assistance was approved, provided advice to the children and their parents regarding usage and other matters and undertook continuing assesments of each case to determine whether there were additional needs beyond which were initially determined. The foundation will continue the activities in 2017 and beyond.
