990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4 - Bad Debt Expense	
Part III, Line 8 - Explanation Of Shortfall As Community Benefit	<p>As a response to efforts to improve the health and quality of life of people living in the community, SCHS provided \$34,982,913 in unreimbursed services to patients enrolled in traditional Medicare programs. SCHS believes that the Medicare shortfall should be treated as a community benefit since it has a clear mission to serving and improving the health status of the elderly. If SCHS should cease to exist, this shortfall would have to be absorbed by another health care provider. Costs are from the Medicare Cost Report, but none of these costs are being claimed as a community benefit in Part I, line 7. Our community benefit report shows a Medicare shortfall of \$64,216,526 which differs from the shortfall of \$34,982,913 reported in Part III Section B because Part III Section B includes only those costs allowed in the Medicare Cost Report which excludes the Medicare Advantage shortfall, this shortfall is included in our annual community benefit report.</p>

Part VI - Needs Assessment	<p>St Charles Health System (SCHS) assesses the needs of each of our communities in many different ways other than the facility community health needs assessments. SCHS partners with Healthy Communities Institute (HCI) to purchase a dashboard of each community and population risk profiling data that is continuously updated, accessible to the community, easy to understand and directly embeddable in our existing website. This information helps SCHS to keep a finger on the pulse of each population's many health indicators, helping us to continually assess each community's needs, positive changes and/or opportunities for improvement. This information can be found at http://www.stcharleshealthcare.org/Healthy-Communities/CHNA. Each year St Charles also produces the St Charles Health System Annual Report. This report is comprised of a summary of each of the following: Community Benefit, Financial Overview, Days cash on hand, Operating margin, Excess margin, Operating Expenses, Full time employee count, Each health system facility (St Charles Bend, St Charles Redmond, St Charles Prineville and St Charles Madras), Births, Discharges, In-patient cases, Out-patient cases, Emergency visits, St Charles Medical Group, Patient visits for each clinic. The 2015-16 Annual Report is posted online on the St Charles Health System website at https://www.stcharleshealthcare.org/About-Us/Reports. This report and the primary data collected for its creation let us know what the trends are for different hospital stays, conditions and out-patient visits, helping to decide what services we offer and where the needs are. St Charles also plays a significant role in local, regional and State groups in order to stay abreast of the newest information, trends, health data and best practices. SCHS has representation on the Central Oregon Health Council (COHC), the governance entity over the region's Coordinated Care Organization, PacificSource Community Solutions, County Commissions, patients, community members, local medical clinics, behavioral health providers and the regional dental clinic also participate in the COHC. Representatives from the three counties, PacificSource Health Plan, county commissioners, local medical clinics and the regional dental clinic also participate on the COHC. By participating on this council, St Charles is able to work with the experts in each of the three counties to hear firsthand how each community is doing and what their health needs are. St Charles also sits on different committees for the Oregon Association for Hospitals and Health Systems (OAHS) and local non-profits. Being part of these groups helps St Charles to better understand the needs of our communities while also learning how to better collect, track, report and improve upon collected information.</p>

Part VI - Explanation Of How Organization Furthers Its Exempt Purpose	<p>SCHS provides services without charge, or at amounts less than its established rates, to patients who meet the criteria of its charity care policy. SCHS criteria for the determination of charity care include the patients or other responsible party's annual household income, number of people in the home and amount claimed on taxes, credit history, existing medical debt obligations and other indicators of the patients ability to pay. Generally, those individuals with an annual household income at or less than 250% of the Federal Poverty Guidelines (the Guidelines) qualify for charity care under SCHS policy. In addition, SCHS provides discounts on a sliding scale to those individuals with an annual household income of between 250% and 400% of the Guidelines. Since SCHS does not pursue collection of amounts determined to qualify as charity care, those amounts are not reported as net patient service revenue. Because both Madras and Prineville are located in medically underserved areas (MUAs), the resources used for provider recruitment in those communities are counted as community benefit. St. Charles also allows nursing students, high school students and other providers to partake in job-shadowing with our paid caregivers to help them complete their course work and/or earn credits, without restrictions related to future employment. The St. Charles Health System Board of Directors is comprised of members from all communities served by the system: Bend, Redmond, Prineville and Madras, etc. allowing for diverse views and leadership related to promoting the health of the community. Various community classes are offered at each campus, including Preventing Osteoporosis, NEW Start (nutrition education), Childbirth Education, Diabetes Education, etc. In order to continue to promote health in the community and eliminate barriers, scholarships are available for those who are unable to pay but would still like to participate in any of these classes. Being the only health care system in Central Oregon, many non-profit community organizations come to St. Charles needing funds and other donations, such as in-kind support. During 2016, St. Charles facility caregivers provided thousands of hours of in-kind support to these organizations who share in St. Charles vision of Creating Americas healthiest community, together. In-kind support activities include but are not limited to membership on non-profit community or organization boards, below fair market value rent fees, free cleaning and landscaping services and hours spent coordinating events promoting health improvement for vulnerable and low-income community members.</p>

Additionally, as with most health care facilities, St Charles Bend has limited resources.
