Supplemental Information

Return Reference	Explanation
Part II, Line 9 Organization Reporting of conservation easements	Deed of Conservation Easement A perpetual conservation easement is a voluntary legal agreement between a landowner and a qualified organization, such as a land trust, to protect the natural or cultural resources of that land forever. The conservation easement will protect the resources SMD purchased the property to save, by having the landowner help steward the land while also allowing them to live on the land they love when applicable. The agreement limits the landowners rights on the property in order to protect the lands conservation values. In 2016, the Organization acquired its first conservation easement in connection with the sale of the Curry Creek 2 property, totaling 4.9 acres. The easement has no financial value since zoning permits a minimum parcel size of 5 acres, limiting development value to the existing, single home site. The Organization has valued the easement as \$1 in the financial statements.
