Return Reference	Explanation
Part X, Line 2	The Organization accounts for uncertain tax positions in accordance with the provisions of FASB ASC Topic 740-10, "Income Taxes," which prescribes a recognition threshold of more likely than not and a measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. In making this assessment, the Organization must determine whether it is more likely than not that a tax position will be sustained upon examination, based solely on the technical merits of the position, and must assume that the tax position will be examined by taxing authorities. Management has determined that all income tax positions are more likely than not of being sustained upon potential audit or examination, therefore, no disclosure of uncertain income tax positions are required. The organization's policy is to include interest and penalties related to unrecognized tax benefits in income tax expense. The Organization files information returns with the Internal Revenue Service ("IRS") and the state of California.
