Some prices, current values and income estimates may be approximations, resulting in gains and losses not being accurately reflected. Unrealized gains and/or losses are computed from the supplied cost basis data and may not be accurate for tax reporting purposes. Items for which a cost basis was not available as of the statement period ending date are indicated by the symbol N/A. The total gains and/or losses do not reflect positions which we do not have cost information. Please contact your Financial Advisor if you believe any cost basis related data is inaccurate or if you require additional information.

Estimated Annual Income ("EAI") and Estimated Yield ("EY") are estimates only and do not indicate actual income or performance of investments. EAI and EY for certain types of securities could include a return of principal or capital gains, in which case the EAI and EY would be overstated. As EAI and EY are estimates, the actual income and yield might be lower or higher than the estimated amounts. EY reflects only the income generated by an investment and it does not reflect changes in its price, which may fluctuate.
