990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 7g	There were no physician clinics included in the subsidized health services. The services on this line consist of a diabetes education program, operation of an emergency room, ambulance services, and two rural health clinics.
Part I, Line 7, Column (f)	The Bad Debt expense included on Form 990, Part IX, Line 25, Column (A), but subtracted for purposes of calculating the percentage in this column is \$ 551,639.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part I, Line 6	The organization files a community benefit report once every 3 years
Part II, Community Building Activities	No specific community building activities during year ending March 2017

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 2	This amount is calculated by multiplying the total charges for services written off as bad debt by the cost to charge ratio
Part III, Line 3	The amount of bad debt expense attributable to patients eligible under the organization's charity financial assistance policy is determined by the organization using information available to make an educated estimate

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 4	<p>The financial statements do not have bad debt expense footnote. This is the Patient Accounts Receivable and Credit Policy Footnote. Patient and resident accounts receivable primarily consist of uncollateralized patient and resident obligations that are stated at the amount management expects to collect from outstanding balances. These obligations are primarily from local residents, most of whom are insured under third-party payer agreements. The Organization bills third-party payers on the patients or residents' behalf, or if a patient or resident is uninsured, the patient or resident is billed directly. Once claims are settled with the primary payer, any secondary insurance is billed, and patients or residents are billed for copay and deductible amounts that are the patients or residents' responsibility. Payments on patient and resident accounts receivable are applied to the specific claim identified on the remittance advice or statement. In evaluating the collectability of patient and resident accounts receivable, the Organization analyzes past results and identifies trends for each of its major payer sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payer sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. Specifically, for receivables associated with services provided to patients and residents who have third-party coverage, the Organization analyzes contractually due amounts and provides an allowance for doubtful accounts and a provision for bad debts for expected uncollectible deductibles and copayments on accounts for which the third-party payer has not yet paid, or for payers who are known to be having financial difficulties that make the realization of amounts due unlikely. For receivables associated with self-pay patients (which includes both patients and residents without insurance and patients and residents with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Organization records a significant provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients or residents are unable or unwilling to pay the portion of their bill for which they are financially responsible.</p>
Part III, Line 8	Medicare revenue and allowable costs were obtained from the Medicare Cost report for the Fiscal Year Ending March 2017.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 9b	<p>Our accounts are worked effectively and thoroughly with self pay statements printed monthly once insurances have met their obligations. The goal is to obtain payment in full, establish acceptable payment arrangements, look at other appropriate agencies or low income programs, or offer the charity care program if needed. In the collection process, the bill guarantor is reminded they may qualify for our charity care program and are given information on how to apply. Our charity program is income based, and uses 150% of the Federal poverty guidelines. If they qualify the bill is written off 100% to charity care. Referral to a collection agency and write off of bad debt happens once it is determined that the patient is uncooperative with non-payment, skip accounts, or is unwilling to apply for the charity care program, and there is no other valid reason to hold the account further.</p>
Part VI, Line 2	<p>Heart of America Medical Center serves a smaller community where providers know their patients. GSHA board members live in the communities we serve. We expect board members to bring back concerns of their communities so we can prioritize the needs. We also receive valuable community feedback from our extremely active Hospital Auxiliary Board and dozens of volunteers who contribute thousands of hours to the hospital and our long-term care and basic care facilities. On March 30, 2015, CHNA surveys were sent to Dunseith residents and a follow up event to announce the results was held April 22, 2015. In 2016, GSHA held a retreat for board members, community members, medical providers, and executive staff to identify strengths, weakness, opportunities and threats to the organization. Information gathered at the retreat was compiled in our 2016 CHNA report and implementation plan.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 3	<p>Good Samaritan Hospital Association, doing business as Heart of America Medical Center, provides medical care regardless of patients' ability to pay. We provide information on federal, state and local payment assistance programs prior to the rendering of services or, in emergency situations, as soon as is appropriate. HAMC Community (Charity) Care is available for inpatient and outpatient hospital services, clinic services and swing bed care. Social work staff provide patients with this information. Patients can also find Community Care information on our website and it's also included with information on our Prompt Payment Discount program. Staff members processing self-pay bills encourage patients to apply for Community Care and our third-arty collection company encourages patients to apply for Community Care if they are experiencing financial hardships.</p>
Part VI, Line 4	<p>Heart of America Medical Center is a Critical Access Hospital located in Rugby, N D. Heart of America Johnson Clinics are located in Rugby and Dunseith, Towner and Maddock, N D, serving people within a 50-mile radius of Rugby. The closest tertiary facility is 65 miles to the west. Our primary service area is Pierce County and portions of Benson, McHenry, Rolette and Bottineau counties. According to the 2010 U S Census the population in Pierce County was 4,357 of which the vast majority were Caucasian (3.9 percent were Native American) and 27.2 percent were age 62 or older. Major employers in Rugby are the hospital, Rugby Manufacturing and the public schools.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 5	<p>Good Samaritan Hospital Association is owned by 32 member churches located throughout our service area. The GSHA board of directors reside in our primary service area, are engaged in various occupations and activities and are elected by GSHA member churches. Through Heart of America Johnson Clinics, Heart of America Medical Center has a presence Rugby, Dunseith, Towner and Maddock, providing our patients with health care services close to home. Our new Cancer Care Center/infusion suites, will open to the public in the Fall of 2017. The push for the cancer treatment suite was a response by the hospital's governing board based on community health needs assessment conducted by the hospital which identified access to cancer treatment as a community priority. We have increased patient accessibility to specialty services by partnering with specialty clinics and providers to offer ophthalmology, podiatry, audiology and mental health services and recently relocated those services in one section of our facility to provide privacy and ease of access. Heart of America Hospice provides personalized, holistic end-of-life care and services for local hospice patients and their families in a 50-mile radius of Rugby. Without HAMC, there will be no hospital, no emergency room, no rural health clinics, no surgical clinic, no skilled nursing care facility, no basic case facility, no assisted living facility, no wellness center in our service area. We operate most of these programs at a loss, but we continue to offer them to serve the needs of the people who live here.</p>
Part VI, Line 6	<p>GSMA is not part of an affiliated healthcare system, however, as a Critical Access Hospital we provide and promote high-quality care for our patients via rural health network agreements with Trinity Medical Center in Minot and MedCenter One in Bismarck, N D. These agreements enhance our patients' continuity of care by identifying and forming processes that facilitate patient referrals and easy transfer between facilities and enhance communication between providers. GSMA is piggy-backing on Altru's Epic system and on Jan 1, 2016, HAMC, with several other hospitals, went live as an Accountable Care Organization.</p>
