The Foundation is organized so as to attract new and additional public support on a continuous basis by maintaining a continuous and bona fide program for soliciting funds from the general public, including but not limited to, banks, insurance institutions, financial institutions, physicians, attorneys and healthcare facilities as well as individual donations.

The purpose of the foundation is to extend hearing impaired children with the opportunity to acquire natural communication, which is auditory and verbal, from the earliest possible age. The foundation's approach advocates early identification of hearing loss, prompt intervention, fitting of binaural (both ears) hearing aids, intensive parent training and participation and prompt medical attention and monitoring and therapy.

The governing body includes physicians that currently practice in the field of otolaryngology and neurology and have many years of experience in this specialty. They use their vast knowledge and experiences to help pursue efforts to assist hearing impaired children needing cochlear implants and help them to achieve a more productive life.
