Form 990 (2016)

Form 990, Part III, Line 4a:

Construction and rehabilitation of classrooms and school equipment (e g computers, home economics equipment) Building classrooms reduces class sizes, increasing access to the basic tools of education so that students have a higher success rate and brighter future

Form 990, Part III, Line 4b:

Construction of clean water supply systems, hygiene education and latrine construction Contaminated water is responsible for a myriad of health problems including Typhoid, Cholera and parasitic infections Women and children walk miles each way carrying heavy containers of water Gathering just 20 liters of water can take up to nine hours a day, this amount is only sufficient for one household for two days and just for cooking food Reducing the amount of work that women have to devote to water collection improves the economic situation by giving them time to use for other more economically useful purposes Hygiene education teaches people to avoid diseases that currently flourish because of lack of clean water

Form 990, Part III, Line 4c:

Construction and rehabilitation of clinics & dispensaries, funding medical equipment, supplies and pharmaceuticals, nutrition program To take advantage of improvements in their way of life, people have to be healthy The difference in provision of medical and health care between developed and developing countries can be enormous In Africa children suffering from malnutrition, malaria or easily prevented childhood diseases need all their strength just to get through the day, and when they thrive, they learn and grow in potential just as their counterparts around the world

Supplemental Information

Return Reference	Explanation
Part X FIN48 Footnote	Income tax benefits are recognized for income tax positions taken or expected to be taken in a tax return, only when it is determined that the income tax position will more-likely-than-not be sustained upon examination by taxing authorities. GPFD has analyzed tax positions taken for filing with the Internal Revenue Service and the State of California. GPFD believes that income tax filing positions would be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on GPFDs financial position, results of operations or cash flows. Generally tax returns remain open for federal examination for three years and for four years for the State of California, from the date of filing. GPFDs policy is to classify income tax related interest and penalties, if any, in interest expense and other expenses, respectively.

Return Reference	Explanation
Form 990, Part III, Line 4d Other Program Services Description	OTHER PROGRAM SERVICES 4 Construction of clean water supply systems, hygiene education and latrine construction Contaminated water is responsible for a myriad of health problems including Typhoid, Cholera and parasitic infections Women and children walk miles each way carrying heavy containers of water Gathering just 20 liters of water can take up to nine hours a day, this amount is only sufficient for one household for two days and just for cooking food Reducing the amount of work that women have to devote to water collection improves the economic situation by giving them time to use for other more economically useful purposes Hygiene education teaches people to avoid diseases that currently flourish because of lack of clean water OTHER PROGRAM SERVICES 5 The key to the success of our projects is that we work directly with local organizations, school districts, cooperatives, and community governments in East Africa Program Partners are crucial for the success of Global Partners By offering training and support to these key people we develop a core of experienced managers and trainers who in turn go on to train community groups to be more effective in their use of resources and be better and more knowledgeable advocates about issues which are vital for their future OTHER PROGRAM SERVICES 6 Construction and rehabilitation of clinics & dispensaries, funding medical equipment, supplies and pharmaceuticals, nutrition program To take advantage of improvements in their way of life, people have to be healthy The difference in provision of medical and health care between developed and developing countries can be enormous In Africa children suffering from malnutrition, malaria or easily prevented childhood diseases need all their strength just to get through the day, and when they thrive, they learn and grow in potential just as their counterparts around the world
