The compensation reported in column (c) is calculated based on periodic market values and/or the applicable fee agreement. It is not determined solely on an hourly basis. Corporate Trustee services include, but are not limited to, administrative services such as fiduciary accounting, custody of assets, complying with tax filing requirements, complying with distribution provisions, and complying with federal and state laws applicable to private foundations, plus asset management services such as creating asset allocation strategies, investment reporting and reallocating and rebalancing of portfolios as necessary.
