Part X, Line 2	<p>The School accounts for the effect of any uncertain tax positions based on a "more likely than not" threshold to the recognition of the tax positions being sustained based on the technical merits of the position under scrutiny by the applicable taxing authority. If a tax position or positions are deemed to result in uncertainties of those positions, the unrecognized tax benefit is estimated based on a "cumulative probability assessment" that aggregates the estimated tax liability for all uncertain tax positions. Interest and penalties assessed, if any, are accrued as income tax expense. The School has identified its tax status as a tax exempt entity and its determinations as to its income being related or unrelated as its only significant tax positions, however, the School has determined that such tax positions do not result in an uncertainty requiring recognition. The School is not currently under examination by any taxing jurisdiction. Federal and state income tax returns are generally open for three years following the date filed.</p>
