990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part XII, Line 1 Accounting Method	It is the policy of the Organization to prepare its financial statements using the modified cash basis of accounting as management believes that reporting of cash receipts and disbursements is a fair representation of the Organization's activities. This basis differs from U.S. generally accepted accounting principles primarily because (1) contributions and grants receivable are not recorded as support and receivables and (2) accounts payable and accrued expenses are not recorded. The Organization previously presented financial statements in accordance with U.S. generally accepted accounting principles (GAAP).
