Supplemental Information

Return Reference	Explanation
Part X, Line 2	The Company and its affiliates have been determined to be tax-exempt organizations as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and, accordingly, are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Accordingly, no provision for income taxes has been recorded in the accompanying consolidated financial statements for these tax-exempt organizations. The Captive is a limited liability company (LLC) under the Federal Income Tax Code and as a LLC passes its income or loss for federal and state tax purposes to its members. Tax-exempt organizations could be required to record an obligation for income taxes as the result of a tax position they have historically taken on various tax exposure items including unrelated business income or tax status. Under guidance issued by the Financial Accounting Standards Board, assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position. Estimated interest and penalties, if applicable, related to uncertain tax positions are included as a component of income tax expense. The Company has evaluated the tax positions taken on its filed returns. The Company has concluded no uncertain income tax positions exist at June 30, 2017. The Company's tax years from 2014 through 2017 are considered to be open and potentially subject to examination by the Internal Revenue Service.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Section B, line 12c	MaineGeneral Health's Conflict of Interest Policy requires disclosure of any actual or potential conflict of interest to the Board Chair. Interested persons are prohibited from participating in the governing body's deliberations and decisions regarding any transactions when they have a conflict of interest. If the Board or Committee has reasonable cause to believe that a member has failed to disclose actual or possible conflicts of interest, the Board or Committee shall investigate and then determine by a majority vote whether a conflict of interest exists and whether the violation is grounds for removal from the Board or Committee. There are formal records of these proceedings. In addition, each director, officer, and member of the Board is required to annually complete and sign a Conflict of Interest Disclosure Statement. Employees must disclose in writing to their supervisors any conflicts of interest prior to engaging in transactions or taking positions with MaineGeneral Health. In addition, these disclosures must be approved by the supervisor's manager or, as applicable, the Board Chair, in conjunction with the Human Resources Compliance Officer. If management has reasonable cause to believe that an employee has intentionally failed to disclose a conflict of interest, appropriate disciplinary or corrective action up to and including termination shall be taken. In addition, upon hire or promotion to a management position, all management employees shall complete a Conflict of Interest Disclosure Statement, which will be submitted to the Ethics and Compliance Department for review and reporting to the Chief Compliance Officer, who will record and report each validated conflict of interest to the Board.

Form 990, Part VI, Section B, line 15	The Board of Directors is responsible for determining the compensation package for the Chief Executive Officer. An independent compensation consultant advises the Board using comparability data, expert compensation studies and other means. Paid executives who hold voting privileges may not vote or participate in discussions regarding their compensation, however, they may answer questions that will help the Board in its deliberations. The Chief Executive Officer's compensation was last reviewed in November 2016. For other officer and key employee positions, salary structures are developed and maintained based on compensation data for healthcare organizations provided by an independent compensation consultant. This data is reviewed by the CEO to determine salaries that are consistent with non-profit healthcare organizations of a similar size, mission and complexity to our organization. The salary determinations made by the CEO are submitted to and approved by the board of directors.
