Part X FIN48 Footnote	Generally accepted accounting principles in the United States of America require management to evaluate tax positions taken by the Organization and recognize a tax liability (or as set) if the Organization has taken an uncertain position that more likely than not would not be sustained upon examination by federal or state taxing authorities. Management has analyzed the tax positions taken by the Organization, and has concluded that as of June 30, 2017, these are not uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.
