Supplemental Information

Return Reference	Explanation
Part V, Line 4	The Organization has an investment committee which oversees the investment advisors' investment of endowment assets to protect the future purchasing power of the principal of the endowed funds and provide a source of income to support the activities of the Organization. Investment returns through June 30, 2017 have averaged an annual rate of return of 9.9% for the last five years. The return objective is to produce an average rate of return sufficient to preserve the purchasing power of the endowment after withdrawals are taken. Actual returns in any given year may vary from this amount. The investment committee determines spending of the Organization's permanently restricted net assets in its investment portfolio within the parameters of Act 141 (between 2% to 7% of endowment value). For the years ended June 30, 2017 and 2016, the investment committee determined the spending rate for each of the years to be 4.25% and 4.50%, respectively, of donor-restricted and board-designated endowment funds in its investment portfolio, based on the investment portfolio's fair value determined quarterly on the last trading day of each calendar quarter and averaged over the 12 quarters through March 31 of the previous fiscal year.
