Supplemental Information

Return Reference	Explanation
Part V, Line 4	The Foundation has a policy setting the spending rate percentage at 5 percent of the prior 12 quarter rolling average fair value of the fund value for operational support. In establishing this policy, the Foundation considered the long term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to grow at a rate that sufficiently satisfies the Foundation's ability to provide support for the Foundation at a consistent level indefinitely. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment as sets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.
