Supplemental Information

Return Reference	Explanation
Part X, Line 2	<p>The Company and its affiliates have been determined to be tax-exempt organizations as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and, accordingly, are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code. Accordingly, no provision for income taxes has been recorded in the accompanying consolidated financial statements for these tax-exempt organizations. The Captive is a limited liability company (LLC) under the Federal Income Tax Code and as a LLC passes its income or loss for federal and state tax purposes to its members. Tax-exempt organizations could be required to record an obligation for income taxes as the result of a tax position they have historically taken on various tax exposure items including unrelated business income or tax status. Under guidance issued by the Financial Accounting Standards Board, assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold, based upon the technical merits of the position. Estimated interest and penalties, if applicable, related to uncertain tax positions are included as a component of income tax expense. The Company has evaluated the tax positions taken on its filed returns. The Company has concluded no uncertain income tax positions exist at June 30, 2017. The Company's tax years from 2014 through 2017 are considered to be open and potentially subject to examination by the Internal Revenue Service.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part I, Line 7	Charity care is billed at no more than the "amount generally billed" i.e. the average of the commercial rates and Medicare rates for emergency and other medically necessary services, and is included in net patient service revenues. Costs and expenses incurred in providing these services are included in operating expenses. Charges for services rendered to individuals from whom payment is expected and ultimately not received are written off and included as an operating expense as part of the provision for bad debts. The organization's bad debt expense cost is calculated using a ratio of total patient related expense over gross charges. This is applied to total provision for bad debts, which is recorded at gross charges.
Part I, Ln 7 Col(f)	A provision for charges for services rendered to individuals from whom payment is expected and ultimately not received is written off and included as an operating expense as part of the provision for bad debts. The organization's bad debt expense is calculated using a ratio of total expenses over gross charges. This is applied to total provision for bad debts which is recorded at gross charge less any applicable discounts.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part II, Community Building Activities	<p>MaineGeneral Health and Affiliates offers a variety of classes and community health outreach events to support and build our community. Such events range from cancer survivor classes and support groups, breastfeeding classes, sibling classes, a safe babysitter program and parenting education. The organization provides a wide range of programs to support a healthy and well educated community throughout all ages and health care situations. The organization offers diabetes care and smoking cessation classes, along with support groups for area individuals with a variety of health problems including Alzheimer's disease, bariatric surgery needs, brain injury, stroke and hospice. Space is provided free of charge and in some cases the support groups are managed and staffed by MaineGeneral employees.</p>
Part III, Line 4	<p>For receivables associated with self-pay patients(which includes both patients without insurance and patients with deductible and copayment balances due for which third-party coverage exists for part of the bill), the Medical Center records a provision for bad debts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between standard rates (or discounted rates if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for doubtful accounts. The organization's bad debt expense is calculated using a ratio of total expenses over gross charges. This is applied to total provision for bad debts which is recorded at gross charges less any applicable discounts. A significant portion of the uncollectable patient balances relate to individuals and families which are uninsured and with income levels over the uncompensated care guidelines. The write-off of these uncompensated balances provides community benefit for patients and families that can not afford to pay for their healthcare costs in addition to their other living expenses.</p>

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part III, Line 9b	In accordance with the Affordable Care Act and the IRS 990 rules, individuals, once identified as eligible for the Organization's uncompensated care program, will be billed no more than the amount generally billed i.e. the average of the three best, negotiated commercial rates and Medicare rates for emergency and other medically necessary services
Part VI, Line 2	<p>MaineGeneral representatives participated in 12 of 16 community engagement forums and events held in the Central Public Health District between Sept 11, 2015 and March 23, 2016. These forums and events involved individuals who represent the broad interest of the community. Sectors attending included public health, medical staff leadership, nurses, social workers, health care administration, local and state government, low income community representatives, community health coalitions, non-profit agencies, behavioral health service providers, public schools, local police and the faith community. Appendix A includes the 16 completed community engagement reporting forms that list those attending and additional details regarding the sharing of data, and the input provided by those attending. Appendix B outlines the summary of these community engagement reporting forms within the Central Public Health District (Kennebec and Somerset counties). These community engagement forums and events were an essential component of the Maine Shared Health Needs Assessment Planning Process (SHNAPP) Community Health Needs Assessment (CHNA), allowing for community members to review state and local health data and identify the next steps required to address the identified community health priorities. Participants in some of the forums met in small, focused groups to discuss opportunities for collaboration on specific priority issues. Other engagement events involved questions, suggestions and discussion about possible implementation strategies that a hospital system could lead or contribute to in some way. In addition, MaineGeneral convened its Community Health Improvement Committee (CHIC) board of directors committee and invited key stakeholders with expertise in mental health and substance use disorders, chronic disease, obesity, tobacco use and access to care. The CHIC scheduled a series of meetings which were attended by representatives from MaineGeneral Community Care, MaineGeneral Quality Department, Emergency Department medical staff, Family Medicine Residency staff, MaineGeneral leadership, MaineGeneral Health Board of Directors, and the Center for Prevention and Healthy Living. The CHIC then developed MaineGeneral's Community Health Implementation Plan based on the results of the series of meetings. The Community Health Implementation Plan includes goals, strategies, outcomes and resources committed and needed for each of the five priority areas identified: Chronic disease, Obesity, Tobacco use and exposure, Access to care, Substance use disorders. The CHIC selected strategies the health care system is uniquely positioned to address. In addition, it identified the community partners MaineGeneral will be working with to address the priority areas. All of the priorities identified by the community forums and events were included in the CHIP.</p>

Form and Line Reference	Explanation
Part VI, Line 3	<p>For inpatient stays, the Medical Center Patient Registration Department provides a written notice regarding the availability of the uncompensated services program to inpatients upon admission or, in the case of an emergency, before discharge. In those rare cases where the notice was not given to the patient at admission or upon discharge due to unavoidable circumstances, a charity care notice was sent with the initial patient bill. All outpatient departments including provider based practices provide patients access to the written notice of the availability of the uncompensated services program at the time of service. Initial patient bills include a notification to patients on the availability of the uncompensated services program. Subsequent patient billings also include notices to patients about the availability of the program. During this process, if it appears that a patient is qualified for the government programs, the program application is provided to the patient and a patient financial services representative provides any assistance required in educating the patient on properly preparing the application. Current income guidelines are displayed in all business offices, main patient registration areas and emergency departments. The posted guidelines are updated annually based on changes in the federal poverty guidelines. The Hospital makes all reasonable efforts to communicate the contents of the income guidelines to persons that it has reason to believe cannot read the notice.</p>
Part VI, Line 4	<p>MaineGeneral Medical Center's service area consists of a population of approximately 180,000 residents covering 120 square miles living in 82 communities. This population represents 100% of Kennebec County, 87% of Somerset County, 24% of Waldo County, 20% of Lincoln County, 8% of Sagadahoc County and 3% of the Knox County population. The primary service area (PSA) is defined as the zip codes where MGH has the majority of discharges. The secondary service area (SSA) is defined as zip codes where MGH has 15% or greater, but less than a majority of total discharges.</p>

Return Reference	Explanation
Form 990, Part VI, Section B, line 12c	<p>MaineGeneral Health and Affiliates' Conflict of Interest Policy requires disclosure of any actual or potential conflict of interest to the Board Chair. Interested persons are prohibited from participating in the governing body's deliberations and decisions regarding any transactions when they have a conflict of interest. If the Board or Committee has reasonable cause to believe that a member has failed to disclose actual or possible conflicts of interest, the Board or Committee shall investigate and then determine by a majority vote whether a conflict of interest exists and whether the violation is grounds for removal from the Board or Committee. There are formal records of these proceedings. In addition, each director, officer, and member of the Board is required to annually complete and sign a Conflict of Interest Disclosure Statement. Employees must disclose in writing to their supervisors any conflicts of interest prior to engaging in transactions or taking positions with MaineGeneral Health and Affiliates. In addition, these disclosures must be approved by the supervisor's manager or, as applicable, the Board Chair, in conjunction with the Human Resources Compliance Officer. If management has reasonable cause to believe that an employee has intentionally failed to disclose a conflict of interest, appropriate disciplinary or corrective action up to and including termination shall be taken. In addition, upon hire or promotion to a management position, all management employees shall complete a Conflict of Interest Disclosure Statement, which will be submitted to the Ethics and Compliance Department for review and reporting to the Chief Compliance Officer, who will record and report each validated conflict of interest to the Board.</p>
