**990 Schedule H, Supplemental Information**

Form and Line Reference	Explanation
Schedule H, Part V, Section B, Line 17 Billing and Collection Policy	<p>During tax year 2017, the organization learned via verbal comments of IRS agents at public events that the IRS intends that the "readily obtainable" standard in the 501(r) regulations for the AGB calculation and billing and collection policy is only met if those items are posted to the organization's web site. The organization had interpreted that web posting standard to be a safe harbor after consulting with external counsel and tax advisors, and timely took other steps to make the information readily obtainable. Consequently, the organization does not believe its decision to not post these documents to its web site rises to the level of a failure, nor does it believe the circumstances were either willful or egregious, having otherwise timely taken the steps necessary to attain and continue to maintain compliance with the other requirements related to the billing and collection policy and the AGB, as part of its policies and procedures for ensuring compliance with all aspects of 501(r). However, the organization is making this voluntary disclosure in order to communicate to the IRS the changes it is undertaking in response to the recent IRS informal guidance on this specific point concerning the "readily obtainable" standard, and the fact that the organization has started the work necessary to post its AGB information and billing and collection policy to its web site and will complete those additional postings as soon as reasonably possible. The other web postings required under 501(r) (i.e., those related to the community health needs assessment and the financial assistance policy) were timely completed and continue to remain in place as required. The organization believes its safeguards worked as intended in this case (i.e., the organization has regular communications with a number of external law firms and tax consultants and the timely attention to the recent guidance was supported by the framework of regular access to subject matter experts). These changes are in the process of being incorporated into corporate policies and procedures that apply to the organization.</p>
Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	<p>The cost of providing charity care, means-tested government programs, and other community benefit programs is estimated using internal cost data, and is calculated in compliance with Catholic Health Association ("CHA") guidelines. The organization uses a cost accounting system that addresses all patient segments (for example, inpatient, outpatient, emergency room, private insurance, Medicaid, Medicare, uninsured, or self pay). The best available data was used to calculate the amounts reported in the table. For the information in the table, a cost-to-charge ratio was calculated and applied.</p>

**990 Schedule H, Supplemental Information**

Form and Line Reference	Explanation
Schedule H, Part II Community Building Activities	Ascension Calumet Hospital participates in several community coalitions and other collaborative efforts with the community whose purpose is to improve the health of the community. These include Healthiest Calumet County, REACH (Reduce Excessive Alcohol Consumption for Health) and U-CAN (Calumet County's Activity and Nutrition Coalition). By working together with other organizations in the community, we expect to have a greater impact on health. According to the County Health Rankings site, with a shared vision and commitment to improved health, working together can yield better results than working alone. In addition, Ascension Calumet Hospital provides job shadowing opportunities for area youth. According to the County Health Rankings, employment provides income and, often, benefits that can support healthy lifestyle choices. Unemployment and under employment limit these choices, and negatively affect both quality of life and health overall. Ascension Calumet Hospital also supports an annual Progressive Agriculture Safety Day -- the largest rural and health educational program in the nation for children with hands on activities and exciting presentations designed to prevent injuries at home, at school and on the farm.
Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	After satisfaction of amounts due from insurance and reasonable efforts to collect from the patient have been exhausted, the Corporation follows established guidelines for placing certain past-due patient balances within collection agencies, subject to the terms of certain restrictions on collection efforts as determined by Ascension Health. Accounts receivable are written off after collection efforts have been followed in accordance with the Corporation's policies. After applying the cost-to-charge ratio, the share of the bad debt expense in fiscal year 2017 was \$1,319,562 at charges, (\$737,763 at cost).

## 990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 3 Bad Debt Expense Methodology	The provision for doubtful accounts is based upon management's assessment of expected net collections considering historical experience, economic conditions, trends in healthcare coverage, and other collection indicators. Periodically throughout the year, management assesses the adequacy of the allowance for doubtful accounts based upon historical write-off experience by payor category, including those amounts not covered by insurance. The results of this review are then used to make any modifications to the provision for doubtful accounts to establish an appropriate allowance for doubtful accounts.
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	The organization is part of the Ascension Health Alliance's consolidated audit in which the footnote that discusses the bad debt expense is located on page 19.

**990 Schedule H, Supplemental Information**
