Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response or note to any line in this Part III ☐

1 Briefly describe the organization's mission

The mission of the Corporation is to nurture the healing ministry of the Church, supported by education and research. Fidelity to the Gospel urges the Corporation to emphasize human dignity and social justice as it creates healthier communities. The Corporation, sponsored by a lay-religious partnership, calls other Catholic sponsors and systems to unite to ensure the future of Catholic health care. To fulfill this mission, the Corporation, as a values-based organization, will assure the integrity of the ministry in both current and developing organizations and activities, research and develop new ministries that integrate health, education, pastoral, and social services, promote leadership development and formation for ministry throughout the entire organization, advocate for systemic changes with specific concern for persons who are poor, alienated, and underserved, and steward resources by general oversight of the entire organization.

Schedule H, Part VI, Line 4 Community information (Continued)	COMMUNITY BENEFIT APPROACH CHI LakeWood Health is located in Baudette, Minnesota, a rural and isolated area of Northern Minnesota, serving Lake of the Woods County and surrounding counties of Roseau, Koochiching, Beltrami and on occasion residents of Canada. According to the 2010 US Census Bureau, the City of Baudette population is 1,106 and Lake of the Woods County census is 4,045. This represents a decline of 10.5% in population in the county since the year 2000. The decline in population is thought to be related to the economic downturn and loss of young families from the area. The population estimate in 2016 is 3,814 showing a continued decline. Persons 65 years and over make up 22.9% of Lake of the Woods County population in 2016. The median age is 48 years. The median household income (2012-2016) is \$45,732 and 10.9% of persons in Lake of the Woods County are below poverty level. The annual average unemployment rate for Lake of the Woods County is 4.7 - 4.8 during 2016/2017. There are 3.1 persons per square mile in Lake of the Woods County. LakeWood Health Center is one of the larger employers in the county with an economic impact of about 18.3 million dollars according to a study done in 2005 by Minnesota Rural Health Resource Center. Combining all health care services in the county, the economic impact is 29.025 million dollars according to a study done in 2009 by Minnesota Department of Health - Office of Rural Health and Primary Care. The Mission Leader gathers and tracks the community benefit data. The VP of Finance provides the charity care and financial data for input. The Board of Directors and Senior Leadership Team along with Department Heads collaborate throughout the year on how to make a difference in the community we serve and are a part of. A cost to charge ratio is used determined by a worksheet provided by Catholic Health Initiatives, Englewood, Colorado. In September of 2015 community forum was held as part of the FYE 2016 Community Health Needs Assessment (CHNA). The top four priorities established are: 1) Elderly Services to include community support and future consideration of housing for the elderly, 2) Mental Health Services, 3) Alcohol and Drug Abuse/Dependency, 4) Nutrition, Physical Activity and Obesity (Cardiovascular Wellness). Community forums are held with the community every three years to review progress on community goals, assess current needs and update action plans. CHI LakeWood Health has been involved in community health collaboration and has a history of sponsoring community forums to look at area health issues, set priorities and plans for improvement. CHI LakeWood Health continues a deep commitment and involvement in the community health activities. CHI LakeWood Health strives to have community benefit a visible part of who we are and provides an annual report for our community in one of our newsletters published 4 times per year. Collaborating and cooperating with our community is "a way of life" and part of the culture for CHI LakeWood Health and its employees. We are thankful to have the resources of time, talent and other gifts to share for the good of our community.

Schedule H, Part I, Line 3c eligibility criteria for a patient to qualify for Financial Assistance	Unless eligible for Presumptive Financial Assistance, the following eligibility criteria must be met in order for a patient to qualify for Financial Assistance * The patient must have a minimum account balance of thirty-five dollars (\$35.00) with the CHI Hospital Organization. Multiple account balances may be combined to reach this amount. Patients/Guarantors with balances below thirty-five dollars (\$35) may contact a financial counselor to make monthly installment payment arrangements. * The patient's Family Income must be at or below 300% of the FPG. * The patient must comply with Patient Cooperation Standards as described [in the FAP]. * The patient must submit a completed Financial Assistance application. For patients and Guarantors who are unable to provide required documentation, a Hospital Facility may grant Presumptive Financial Assistance based on information obtained from other resources. In particular, presumptive eligibility may be determined on the basis of individual life circumstances that may include: * Recipient of state-funded prescription programs, * Homeless or one who received care from a homeless clinic, * Participation in Women, Infants and Children programs (WIC), * Food stamp eligibility, * Subsidized school lunch program eligibility, * Eligibility for other state or local assistance programs (e.g., Medicaid spend-down), * Low income/subsidized housing is provided as a valid address, or * Patient is deceased with no known estate.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part I, Line 7 Costing Methodology used to calculate financial assistance	The approach taken for the Community Benefit Calculation was as follows - An approach of including assigned indirect overhead based on medicare cost report methodology was utilized - Medicaid Community Benefit was calculated based upon the Medicaid estimated inpatient, outpatient, and long term care cost to charge ratios times the charges for inpatient, outpatient, and long term care Medicaid patients. Additionally, Minnesota Care Tax and MA Surcharge Taxes totaling \$245,603 were included in the costs for Medicaid. This was then compared to projected reimbursement for Medicaid Services. This was then compared to projected reimbursement for Medicaid services. The total community benefit is estimated at \$1,392,167 - The remaining community benefit was taken by compiling the cost of traditional charity care \$69,337, Community Health Improvement Services \$15,521, subsidized health services \$143,340, Financial and In-Kind Contributions \$26,798, Community Building Activities \$2,718, and Community Benefit Operations \$1,847 - The Cost to Charge Ratio for the year ended 6/30/2017 was computed using the following formula Medicare Allowable Costs divided by revenues for each service line type inpatient, outpatient, and long term care. Subsidized health services was calculated using Estimated Net Revenue as compared to direct costs and overhead allocated. Over allocated follows the Medicare Cost Report assignment of allocating overhead to cost centers. The Medicare Cost Report is not yet prepared at time of calculation of the Community Benefit for financial statement purposes. As a result, we utilize an internal calculation model to project this benefit in July. The community benefit from subsidized health services below was \$143,340. Worksheet 2 was not used to derive the cost-to-charge ratio.

Schedule H, Part III, Line 2 Bad debt expense - methodology used to estimate amount	Costing methodology for amounts reported on line 2 is determined using the organization's cost/charge ratio of 96.5% (updated annually). When discounts are extended to self-pay patients, these patient account discounts are recorded as a reduction in revenue, not as bad debt expense.

Form and Line Reference	Explanation
Schedule H, Part III, Line 3 Bad Debt Expense Methodology	LakeWood Health Center does not believe that any portion of bad debt expense could reasonably be attributed to patients who qualify for financial assistance since amounts due from those individuals' accounts will be reclassified from bad debt expense to charity care within 30 days following the date that the patient is determined to qualify for charity care

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 4 Bad debt expense - financial statement footnote	LakeWood Health Center does not issue separate company audited financial statements. However, the organization is included in the consolidated financial statements of Catholic Health Initiatives. The consolidated footnote reads as follows: The provision for bad debts is based upon management's assessment of historical and expected net collections, taking into consideration historical business and economic conditions, trends in health care coverage, and other collection indicators. Management routinely assesses the adequacy of the allowances for uncollectible accounts based upon historical write-off experience by payor category. The results of these reviews are used to modify, as necessary, the provision for bad debts and to establish appropriate allowances for uncollectible net patient accounts receivable. After satisfaction of amounts due from insurance, CHI follows established guidelines for placing certain patient balances with collection agencies, subject to the terms of certain restrictions on collection efforts as determined by each facility. The provision for bad debts is presented in the consolidated statement of operations as a deduction from patient services revenues (net of contractual allowances and discounts) since CHI accepts and treats all patients without regard to the ability to pay.

990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Schedule H, Part III, Line 8 Community benefit & methodology for determining medicare costs	LakeWood Health Center is designated as a Critical Access Hospital (CAH). CAHs are rural community hospitals that are certified to receive cost-based reimbursement from Medicare. The reimbursement that CAHs receive is intended to improve their financial performance and thereby reduce hospital closures. CAHs are certified under a different set of Medicare Conditions of Participation (CoP). Shortfalls are created when a facility receives payments that are less than the costs of caring for program beneficiaries. Because shortfalls are based on costs, not charges, LakeWood Health Center, due to their designation as a CAH, received cost-based reimbursement for Medicare purposes. LakeWood Health Center will not experience Medicare related shortfalls. Although not presented on the Medicare cost report, in order to facilitate a more accurate understanding of the "true" cost of services (for "shortfall" purposes) the CHI Workbook allows a health care facility not to offset costs that Medicare considers to be non-allowable, but for which the facility can legitimately argue are related to the care of the facility's patients. In addition, although not reportable on the Medicare cost report, the CHI workbook includes the cost of services that are paid via a set fee-schedule rather than being reimbursed based on costs (e.g. outpatient clinical laboratory). Finally, the CHI Workbook allows a facility to include other health care services performed by a separate facility (such as a physician practice) that are maintained on separate books and records (as opposed to the main facility's books and records which has its costs of service included within a cost report). True costs of Medicare computed using this methodology: Total Medicare Revenue \$6,401,491 Total Medicare costs \$6,454,776 Surplus or Shortfall (\$ 53,286). LakeWood Health Center believes that excluding Medicare losses from community benefit makes the overall community benefit report more credible for these reasons. Unlike subsidized areas such as burn units or behavioral-health services, Medicare is not a differentiating feature of tax-exempt health care organizations. In fact, for-profit hospitals focus on attracting patients with Medicare coverage, especially in the case of well-paid services that include cardiac and orthopedics. Significant effort and resources are devoted to ensuring that hospitals are reimbursed appropriately by the Medicare program. The Medicare Payment Advisory Commission (MedPAC), an independent Congressional agency, carefully studies Medicare payment and the access to care that Medicare beneficiaries receive. The commission recommends payment adjustments to Congress accordingly. Though Medicare losses are not included by Catholic hospitals as community benefit, the Catholic Health Association guidelines allow hospitals to count as community benefit some programs that specifically serve the Medicare population. For instance, if hospitals operate programs for patients with Medicare benefits that respond to identified community needs, generate losses for the hospital, and meet other criteria, these programs can be included in the CHA framework in Category C as "subsidized health services." Medicare losses are different from Medicaid losses, which are counted in the CHA community benefit framework, because Medicaid reimbursements generally do not receive the level of attention paid to Medicare reimbursement. Medicaid payment is largely driven by what states can afford to pay, and is typically substantially less than what Medicare pays.

Form and Line Reference	Explanation
Schedule H, Part III, Line 9b Collection practices for patients eligible for financial assistance	The organization's billing and collections policy applies to all individuals presenting for emergency or other medically necessary care. The policy contains provisions for collecting amounts due from those patients who the organization knows to qualify for financial assistance either through the traditional financial assistance application process or through presumptive eligibility processes. Before engaging in extraordinary collection actions (ECAs) to obtain payment for EMCare, Hospital Facilities must make reasonable efforts through its billing and collections processes, pursuant to Treas. Reg. Â§1.501(r)-6(c), to determine whether an individual is eligible for Financial Assistance. In no event will an ECA be initiated prior to 120 days from the date the Facility provides the first post-discharge billing statement (i.e., during the Notification Period) unless all reasonable efforts have been made. Hospital Facilities will not refer accounts for collection where the patient has initially applied for Financial Assistance, and the Hospital Facility has not yet made reasonable efforts with respect to the account. For patients and Guarantors who are unable to provide required documentation, a Hospital Facility may grant Presumptive Financial Assistance based on information obtained from other resources. Patients who qualify for Medicaid are presumed to qualify for full charity write off. Any charges for days or services written off (excluding Medicaid denials related to timeliness of billing, insufficient medical record documentation, missing invoices, authorization, or eligibility issues) as a result of a Medicaid are booked as charity. Some Medicaid plans offer coverage for a limited or restricted list of services. If a patient is eligible for Medicaid, any charges for days or services not covered by the patient's coverage may be written off to charity without a completed application. This does not include any Share of Cost (SOC) or other patient cost-sharing amounts such as deductibles or copayments, as such costs are determined by the state to be an amount that the patient must pay before the patient is eligible for Medicaid. Health and Human Services (HSS) uses the term "Spend Down" instead of Share of Cost. All collection activities conducted by the Facility, a Designated Supplier, or its third-party collection agents will be in conformance with all federal and state laws governing debt collection practices. All third-party agreements governing collection and recovery activities must include a provision requiring compliance with the hospital facilities' financial assistance and billing and collections policy and indemnification for failures as a result of its noncompliance. This includes, but is not limited to, agreements between third parties who subsequently sell or refer debt of the Hospital Facility.

Schedule H, Part VI, Line 2 Needs assessment	Community Outreach for the Poor LakeWood Health Center provides traditional charity care, an internal program for the medically needy that assists patients, residents or clients financially by forgiving or reducing their medical debt at CHI LakeWood Health. The billing/ insurance office or the social worker identifies those individuals or families without insurance coverage or those that are underinsured and provide application assistance for this program. Total expense for this program is \$69,337 with 117 persons served. Unpaid cost of Medicaid is \$1,392,167 with 1,715 persons served for fiscal year ending June 30, 2017. Community Outreach for the Broader Community * LakeWood Health sponsors and provides support for development and maintaining an Alzheimer's support group in Lake of the Woods County and surrounding area. A need was identified during the 2009 community assessment and through LakeWood Care Center Family Council members. Volunteers have come forward to lead the support group and monthly meetings have been established. The meetings are held at LakeWood and refreshments are provided by LakeWood dietary department. An Alzheimer's Association Support Group is a safe place to learn, offer and receive helpful tips, and meet others coping with Alzheimer's disease or another dementia. The atmosphere of an Alzheimer's Association Support Group is one of sharing and caring friendship. The environment is a confidential and non-judgmental place to share ideas, frustrations, anger and joy. Members receive positive reinforcement. * LakeWood Health collaborated with Lake of the Woods County Social Services to sponsor a community grief support class/group. LakeWood provided sponsorship for materials for the sessions. The county provided the trained facilitator for the six to eight week sessions. Plan to repeat the grief support class/group 1 - 2 times per year. * LakeWood Health partnered with the Lake of the Woods School to screen all fall, winter and spring sports athletes. The program also extended to the community's youth hockey program. The screening involves a 10-minute baseline test on each athlete looking for any physical or cognitive signs of previous concussion. The athlete's normal physical and cognitive abilities are documented, shared with the coach and kept with the student's medical record. Minnesota State High School League adopted new rules (2011) about what steps should be taken before an athlete with a head injury can return to play or practice and this program is assisting the athletic programs to maintain compliance and safety for young athletes. * CHI LakeWood Health in conjunction with the clinic developed the Diabetes Resource Center to bring awareness of the chronic disease to the public and provide education for people with diabetes to help them understand and manage their disease. The program is offered in class sessions and encourages self-management and long-term health maintenance. CHI LakeWood Health provides a dietitian consult as needed for the program. The Diabetes Resource Center Staff is available to meet with individuals to assist them with managing their diabetes. The Diabetic Resource Center is staffed out of the Cardio-Pulmonary Rehab Department. The Diabetes Resource Center offered "I CAN Prevent Diabetes!--Individuals and Communities Acting Now to Prevent Diabetes" a 16 week program (classes started November 2009 and continue) offered to those who meet screening criteria. The "I CAN Prevent Diabetes" program has been adapted from the Diabetes Prevention Program (DPP). The DPP is an evidenced-based lifestyle change program focused on diet and exercise. The original DPP showed a 60% reduction in risk for diabetes when participants made lifestyle changes related to food choices and exercise. A community support group was established for those affected by diabetes and this group is meeting at CHI LakeWood Health three to four times a year, sponsored by CHI LakeWood Health. * CHI LakeWood Health partnered with LakeWood Regional Healthcare Foundation and local farmer's markets. Utilizing the Diabetic Resource Program and Cardiac Rehab staff to identify participants who could benefit from improved access to fruits and vegetables. Screening was provided before and after the program. Vouchers were provided for the participant (the number of vouchers provided included the family members) to purchase fresh fruit and vegetables at local farmer's market. It is recognized that the household needs to make changes for the patient to be successful. * CHI LakeWood Health held the annual health fair in July 2016 at the Lake of the Woods County Fair. A three day event was held (Thursday, Friday, Saturday) providing glucose, cholesterol and blood pressure screening. Nurses provided health education during the time of screening. LakeWood also participated in screening events for the Marvin's Health Fair and participated in a wellness and screening event at NorthStar Electric Cooperative,

Schedule H, Part VI, Line 2 Needs assessment	Lake of the Woods School District, Lake of the Woods County and a community Frost Fest event * CHI LakeWood Health has continued to provide child birth education classes locally. Classes are offered 3 - 4 times per year to help build confidence for the expectant mother, to discuss fears about labor and delivery with the instructor and other couples, learn about pain relief options, including massage, relaxation, breathing techniques, medications and how a partner can provide support. Information is available on coping skills, physiology of labor and birth, emotional aspects, healthy lifestyle, childbirth options and early postpartum period. Collaborative Efforts to Improve Community Health CHI LakeWood Health donates cash to programs, projects and special community events. These organizations/community groups are also not for profit where collaboration for safe environment, safe recreational opportunities, growth and development of youth, and other activities/programs that assist in building the community and the health of the community. 1 CHI LakeWood Health encourages employees to be involved in community activities and to volunteer where able. CHI LakeWood Health allows use of printers, copy machines, paper, and donation of supplies. Some of the projects include the local food shelf, Take a Kid Fishing Program, Senior Fishing Program, Youth Hockey, Baudette Area Ministerium, Humane Society, Post Prom Party, Job Shadowing Experience, School Career Day, School Booster Club, robotics, coaching sports teams and other school projects. CHI LakeWood Health participates in fundraising for international mission project (along with CHI Fargo Division) the Indigenous People's Hospital in the Philippines with internal fundraising events for employee participation. The funds are used to ship medical supplies and equipment to the Philippines. 2 The American Cancer Society's sentinel fund raising event (Relay For Life) that has been held in communities across Minnesota and the nation. The fifteenth Relay For Life event was held in Lake of the Woods County in July 2016 with CHI LakeWood Health as one of the corporate sponsors. LakeWood also participates in Daffodil Days. The admissions staff set up a display to refer cancer patients to the American Cancer Society Resource Network.

Schedule H, Part VI, Line 4 Community Information	The mission of CHI LakeWood Health and Catholic Health Initiatives is to nurture the healing ministry of the Church, supported by education and research. Fidelity to the Gospel urges us to emphasize human dignity and social justice as we create healthier communities. The vision statement of CHI LakeWood Health and Catholic Health Initiatives' is, "As a ministry of the Catholic Church, we will lead the transformation of health care to achieve optimal health for the well-being for the individuals and the communities we serve, especially those who are poor and vulnerable." CHI LakeWood Health in Baudette, Minnesota, is a Catholic, not-for-profit care organization, and sponsored by Catholic Health Initiatives, one of the largest Catholic, not-for-profit health care systems in America. CHI LakeWood Health is dedicated to the health and well-being of the community and to providing quality, holistic health care services and facilities for the residents of Baudette, Lake of the Woods County and surrounding communities of the Lake of the Woods Region. CHI LakeWood Health is located in a rural and isolated area of Northern Minnesota serving Lake of the Woods County and surrounding counties of Roseau, Koochiching, Beltrami and on occasion residents of Canada. CHI LakeWood Health is federally designated, 15-bed Critical Access Hospital. CHI LakeWood Health offers a continuum of care including long term care, assisted residential community (board and lodging with services) hospital care and services to include clinic office visits. CHI LakeWood Health had a total of seven different Medical Providers during this fiscal year, three family practice physicians, (two MD's and one DO), two Internal Medicine physicians, two Certified Nurse Practitioners (CNP) one of which worked PRN, and one Physician's Assistant. During the fiscal year we had two of these Providers resign (one DO and one MD) and the PRN Nurse Practitioner resign. LakeWood continues to have outreach services provided by an orthopedic surgeon, an orthopedic Physician's Assistant, a podiatrist, and an OB/GYN all from Sanford Bemidji along with two general surgeons - one from Sanford Bemidji and one from Rainy Lake Medical Center, International Falls. LakeWood was also in the process of onboarding a second outreach orthopedic surgeon near the end of the fiscal year from St. Joseph Area Health Services in Park Rapids, MN. CHI LakeWood continues to utilize locum providers for the emergency room and some clinic coverage. CHI LakeWood Health closed OB services in September 2009. LakeWood Nursing Service, which included home care, hospice, public health and school nursing, formed a new division within Catholic Health Initiatives and these services transferred out of LakeWood Health Center operations in December of 2010. LakeWood Nursing Service was closed in 2012, discontinuing hospice and home care services. Public health and school nursing returned to CHI LakeWood Health campus under the name of LakeWood Public Health. A new program was developed through the rural health clinic and approved in August 2012 (Rural Health Clinic Visiting Nurse Program). CHI LakeWood Health serves all persons in the community on a nondiscriminatory basis and participates in Medicaid, Medicare programs and has an active charity care program. The emergency room is available 24 hours a day, 365 days per year, and is open to all persons regardless of ability to pay. CHI LakeWood Health Center has a governing body (Board of Directors) of independent persons representative of the community comprising the majority along with three board members from within the organization. History CHI LakeWood Health opened in March 1950 as Baudette Community Hospital. It was owned by the community and operated by the Sisters of St. Joseph out of Crookston, Minnesota. The hospital was leased to the Sisters of St. Joseph in 1954 and in 1957 the Sisters purchased the hospital and changed the name to "Trinity Hospital." In 1982, the Sisters entered into a management contract with United Health Resources of Grand Forks, North Dakota until they sold the hospital to Franciscan Sisters Health Care, Incorporated in 1985. During this time, Trinity Hospital took over management of the Pioneer Nursing Home, the long-term term care facility located one mile east of the hospital. In 1986, the hospital acquired the county-owned public health service. Trinity Hospital bought the Pioneer Nursing Home in 1990 and the name was changed to "LakeWood Health Center" to reflect the coming together of acute care, long-term care (LakeWood Care Center), and home health/public health (LakeWood Nursing Service) under one umbrella. Dr. A.A. Brink opened his medical practice in 1932 in the First National Bank Building. With the construction of a new hospital in progress, Dr. Brink built a new clinic on Main Avenue, now known as the Brink Senior Center, a community center for events and meals. A new Baudette Medical Clinic was built next to

Return Reference	Explanation
Schedule J, Part I, Line 4a Post-Termination Payments	Post-termination payments are addressed in executive employment agreements for Catholic Health Initiatives (CHI) and related organizations' employees at the level of Vice President and above, including the MBO CEOs. These employment agreements require that in order for the executive to receive post-termination payments, these individuals must execute a general release and settlement agreement. Post-termination payment arrangements are periodically reviewed for overall reasonableness in light of the executive's overall compensation package.
Schedule J, Part I, Line 3 Arrangement used to establish the top management official's compensation	Compensation for the top management official was established and paid by Catholic Health Initiatives (CHI), a related organization. CHI used the following to establish the top management official's compensation: (1) Compensation Committee, (2) Independent Compensation Consultant, (3) Written Employment Contracts, (4) Compensation Survey or Study, (5) Approval by the Board or Compensation Committee.
Schedule J, Part I, Line 4b Supplemental nonqualified retirement plan	During the 2016 calendar year Catholic Health Initiatives (CHI), a related organization, maintained a supplemental non-qualified deferred compensation plan for MBO CEOs/Presidents and other CHI employees at the level of Senior Vice President and above. The following reportable individuals were eligible to participate in that plan: Benjamin A. Koppelman, Jeffrey Drop. During 2016 the following distributions were made by CHI from the deferred compensation plan: Benjamin A. Koppelman - \$17,260.62, Jeffrey Drop - \$61,355.56. Due to the "super" vesting rules under the CHI deferred compensation plan, participants who have met certain requirements such as age, years of service or more than 5 years of plan participation are eligible to receive their 2016 contributions in cash. These cash payouts are included in the participant's reportable compensation in column (iii) Other Reportable Compensation on Schedule J Part II. During 2016, the following contributions that would have been made by CHI to the deferred compensation plan were paid in cash: Benjamin A. Koppelman - \$12,648.00, Jeffrey Drop - \$87,113.00.

Form 990, Part VI, Line 15a PROCESS FOR DETERMINING COMPENSATION FOR TOP MANAGEMENT OFFICIAL	The organization's top management official's compensation is paid by Catholic Health Initiatives (CHI), a related organization. CHI has a defined compensation philosophy. Both the executive and non-executive compensation structures and ranges are reviewed annually in comparison to market data. CHI uses The Korn Ferry Hay Group as the independent third party to assess executive compensation programs and to ensure the reasonableness of actual salaries and total compensation packages. Compensation of the senior most executives is reviewed annually. The Korn Ferry Hay Group reviews both cash and total compensation for overall reasonableness, for adherence to CHI's compensation philosophy, and for comparability to the not-for-profit healthcare market. This independent review is delivered by Korn Ferry Hay Group to the HR committee of the CHI Board of Stewardship Trustees annually at their September meeting and minutes are shared with the full board at the December meeting. The last review was September 11, 2017. In addition, Korn Ferry Hay Group completed a comprehensive review of all positions at the level of vice president and above in the fall of 2014 to determine and validate appropriate compensation levels. These levels have been reviewed annually since and revised based on market data, where applicable.

Return Reference	Explanation
Form 990, Part VI, Line 12c Conflict of Interest Policy	The Board Chair or designee shall make such further investigation of any conflict of interest disclosures as he or she may deem appropriate. If the conflict involves the Board Chair, the Vice Chair will assume the Chair's role outlined in the COI Policy. Based on review and evaluation of the relevant facts and circumstances, the Board Chair will make an initial determination as to whether a conflict of interest exists and whether, pursuant to the COI Policy, review and approval or other action by the Board is required. A written record of the Board Chair's determination, including relevant facts and circumstances, will be made. The Board Chair shall then make an appropriate report to the Executive Committee of the Board concerning such review, evaluation and determination. If a difference of opinion exists between the Board Chair and another Trustee as to whether the facts and circumstances of a given situation constitute a conflict of interest or whether Board review and approval or other action is required within the COI Policy, the matter shall be submitted to the Board's Executive Committee, which shall make a final determination as to the matter presented. Such determination, including relevant facts and circumstances, will be reflected in the Executive Committee minutes and will be reported to the Board. The Board shall carefully scrutinize and must in good faith approve or disapprove any transaction in which CHI or a CHI Entity is a party and in which the Trustee or Corporate Officer either * Has a material financial interest, or * Is a Trustee or Corporate Officer of the other party (other than a CHI-affiliated organization). The Board must approve the transaction by a majority of the Trustees on the Board, without counting the vote of any individual who has an interest in the transaction. In reviewing such transactions between CHI or CHI Entities and vendors or other contractors who are, or are affiliated with, Trustees or Corporate Officers, the Board shall act no more or less favorably than it would in reviewing transactions with unrelated third parties. The transaction will not be approved unless the Board determines that the transaction is fair to CHI or the CHI Entity. The Board shall carefully review and scrutinize any non-transactional conflict of interest (e.g., disclosure of nonpublic information, competition with CHI or a CHI Entity, failure to disclose a corporate opportunity, excessive gifts or entertainment, etc.). By a majority vote of the disinterested Trustees, the Board shall take whatever action is deemed appropriate with respect to the Trustee or Corporate Officer under the circumstances, including possible disciplinary or corrective action, in order to best protect the interests of CHI or the CHI Entity. The Board should consult with the General Counsel of CHI or his or her designee when considering disciplinary or corrective action. When any conflict of interest is considered by the Board, the Trustee or Corporate O

The Trustee shall not vote and the Trustee or Corporate Officer shall not use his or her personal influence on the matter. However, if requested, such Trustee or Corporate Officer is not prevented from briefly stating his or her position in the matter, nor from answering pertinent questions from Trustees, as his or her knowledge may be of significant importance. The Trustee or Corporate Officer shall be excused from the meeting during discussion and vote on the conflict of interest. Minutes of the Board shall reflect the following: the individual making the disclosure, the nature of the disclosure, discussion regarding any proposed transaction, the decision made by the Board, and that the interested Trustee or Corporate Officer was excused during the discussion, and that the interested Trustee abstained from voting. If the Board reasonably believes that a Trustee or Corporate Officer has failed to disclose either an actual or potential conflict of interest, or all material facts surrounding an actual or possible conflict as required by the COI Policy, the Trustee or Corporate Officer will be given an opportunity to explain such alleged failure to disclose. After hearing the response of the Trustee or Corporate Officer, the Board will conduct such additional investigation as may be appropriate. If the Board determines that the Trustee or Corporate Officer has in fact failed to disclose as required by the COI Policy, the Board shall take appropriate disciplinary or corrective action. All determinations of conflicts of interest are reported as required by law, regulations, and CHI policy.

Any such changes are not re-submitted to the board.

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Line 12c Conflict of interest policy	Catholic Health Initiatives ("CHI") has a Conflicts of Interest ("COI") policy (the "Policy") in place to maintain the integrity of all of its activities. The Policy applies to CHI Board of Stewardship Trustees and members of its committees, all CHI Entity board and board committee members, all CHI employees, and all CHI research personnel (both employed and non-employed). Disclosure, review and management of perceived, potential or actual conflicts of interest are accomplished through a defined COI disclosure process. Each Person must promptly and fully disclose to his/her direct manager, supervisor, medical staff office, board or board committee chair any situation or circumstance that may create a conflict of interest. The Person must disclose the actual or potential conflict as soon as she/he becomes aware of it. In any situation where the Person may be in doubt, a full disclosure should be made to permit an impartial and objective determination. In addition to the general ongoing obligation, there are initial disclosure obligations. At the time of initial appointment, a copy of the Policy shall be distributed to the board or committee member along with a conflict of interest disclosure. The board or committee member will complete and submit the disclosure. The completed disclosure shall be maintained in confidence and access shall be limited to persons who have a reasonable need to know the contents. At the time of hiring, a copy of the Policy shall be distributed to all Employees. In addition, a conflict of interest disclosure will be provided. The Employee must complete and submit a conflict of interest disclosure. The completed disclosure shall be maintained in confidence and access shall be limited to persons who have a reasonable need to know the contents. In addition to the general ongoing and initial disclosure obligations, there is an annual disclosure obligation. On an annual basis, the following Persons must complete a new conflict of interest disclosure: * Board and board committee members, * Employees at the level of vice president and above, * Researchers, * Supply Chain Employees at the level of vice president and above and those employees involved in contracting regardless of employment level, * Other Employees as deemed applicable by CHI Leadership, * Employees at the level of manager and above (through 6/21/17). Disclosures of perceived, potential or actual conflicts involving financial interests are forwarded to the Conflicts of Interest Review Committee ("C-CIRC"), National or Regional Legal Services, National, Entity, or Research Corporate Responsibility Program, or the Executive Committee of the Board or Board Chair, for review depending on the position of the person involved. Among the factors that should be considered in determining whether a conflict exists are the nature and magnitude of the opportunity, transaction or arrangement, the degree to which it is related to CHI's business, whether the Person with the conflict

990 Schedule O, Supplemental Information

Return Reference	Explanation
Form 990, Part VI, Line 12c Conflict of interest policy	ict is the ultimate decision-maker or holds significant influence over the ultimate decision-maker (i.e., degree of independence of the decision-making process), the unique nature of the opportunity, transaction or arrangement, the existence of other viable alternatives and the quality of those alternatives, and what is customary and reasonable in the health care or research industry. When a Person has, or is considering initiating, a business interest or relationship outside of CHI but is uncertain whether the interest constitutes a conflict of interest requiring disclosure under this Policy, the Person should consult with local Corporate Responsibility Program (CRP) staff or CHI Legal Services Group (LSG) staff, as appropriate. As appropriate, a COI management plan will be developed. With respect to those audiences for which the C-CIRC has review responsibility, the C-CIRC will facilitate development of any such COI management plan in collaboration with local CRP staff or CHI LSG staff, as appropriate. This plan will include documentation of the C-CIRC's determinations and recommendations. As necessary, reports to an appropriate governmental agency or sponsor will be made according to the relevant appendices to this Policy to provide required information regarding how the conflict of interest will be managed, reduced, or eliminated. Designated CHI Entity staff are responsible for monitoring the COI management plan and for documenting monitoring activities. At its sole discretion, a CHI Entity may reject a Person's request to enter into the relationship in question, or require the relationship be sufficiently altered to avoid a potential conflict of interest. The C-CIRC will determine whether a disclosed or otherwise identified interest is a conflict of interest. If the C-CIRC determines that a potential or actual conflict of interest exists that does not currently have appropriate controls to address the conflict of interest, it may recommend that the disclosing Person be allowed to participate in the activity or transaction subject to restrictions as outlined in a written COI management plan. All determinations of conflicts of interest will be reported as required by law, regulations, and CHI policy. If a Person, other than a board or board committee member or corporate officer, required to complete a COI disclosure does not agree with a determination made by the C-CIRC, its interpretation of the COI Policy, still seeks an exemption or exception, or seeks further clarification of the C-CIRC's decision, the following steps should be followed. Within a reasonable period of time after receiving notice of the C-CIRC's decision, the Person must present the matter to the Person's immediate direct manager or supervisor (or in the case of a Researcher, to [fill in the title or position to whom Researchers report]) and request reconsideration, submitting at that time any new or additional information that may support or recommend reconsideration. If the

The C-CIRC will be reconvened for this purpose and, following such reconsideration, issue a final determination. This appeals process is intended to be narrowly applied, as Persons seeking conflict of interest exemptions or exceptions are expected to offer all available information supporting an exemption or exception at the time the matter is first presented to the C-CIRC. Management of actual or potential conflicts of interest of board or board committee members and corporate officers will be determined by the appropriate board, as reflected in the Policy. Reviews and determinations involving board and board committee members and corporate officers will be the responsibility of the board, board executive committee, or board chair, with guidance from the Legal Services Group (LSG). Each Trustee and Corporate Officer must promptly and fully report to the Board Chair situations that may create a conflict of interest when he or she becomes aware of such situations. In any situation when a Trustee or Corporate Officer is in doubt, full disclosure should be made to permit an impartial and objective determination. A written record of the disclosure will be made. In addition to the ongoing disclosure obligation, all Trustees and Corporate Officers shall complete a COI disclosure questionnaire on an annual basis. A copy of the COI Policy shall be available to Trustees and Corporate Officers. Definitions of terms used in the disclosure questionnaire /form shall also be included. Each Trustee and Corporate Officer must promptly complete the COI disclosure. The disclosures will be reviewed by the CHI Senior Vice President, Legal Services, and General Counsel or his or her designee who will report potential conflicts to the applicable Board Chair.
