990 Schedule H, Supplemental Information

Form and Line Reference	Explanation
Part VI, Line 5	<p>The Unity Medical Center (UMC) governing body is comprised of persons who reside in our primary service area. The board members are neither contractors, or family members of the organization. Medical staff privileges are extended to those qualified physicians in our community who have applied for and been granted medical privileges, per our credentialing process. Surplus funds, when available, are used to purchase equipment or make purchases to improve the building structure for the purpose of improving patient care or for the retention of quality employees. Unity Medical Center Foundation also assists the hospital with capital purchases. UMC offers 24 hour access to emergency room care, which is available to all individuals, regardless of their ability to pay for the care. UMC offers acute care, swing bed care, general surgery, as well as many outpatient services. UMC does participate in education of healthcare professionals. We take approximately 2-3 medical students per year and several Physical Therapy students throughout the year from the University of North Dakota. We do training for students from technical schools, as well, as requested. UMC is the only hospital and clinic in the community, therefore, we are a viable part of this community. UMC offers programs such as diabetes screenings, flu vaccination clinics, free blood pressure checks, educational events for Century Elementary students and Walsh County Head Start students, etc. UMC also has representative on the Walsh County Wellness Coalition committee. UMC brings in specialty doctors to our clinic in order to offer necessary services to our patient population, i.e. oncology, psychiatry, obstetrics, etc. We offer volunteer opportunities for high school students and adults. We have fourteen members of our UMC Auxiliary Services that volunteer here every week for the benefit of the facility.</p>

Form and Line Reference	Explanation
Christian Unity Hospital Corporation	<p>Part V, Section B, Line 5 One-on-one interviews with eight key informants were conducted in person in Grafton on March 16th or by phone for those unavailable. A representative from the Center for Rural Health conducted the interviews. Interviews were held with selected members of the Community Group as well as other key informants who could provide insights into the community's health needs. Included among the informants were public health professionals with special knowledge in public health acquired through several years of direct experience in the community, including working with medically underserved, low income, and minority populations, as well as with populations with chronic diseases. Topics covered during the interviews included the general health needs of the community, the general health of the community, community concerns, delivery of health care by local providers, awareness of health services offered locally, barriers to receiving health services, and suggestions for improving collaboration within the community. A survey was distributed to gather feedback from the community. The survey was not intended to be a scientific or statistically valid sampling of the population. Rather, it was designed to be an additional tool for collecting qualitative data from the community at large specifically, information related to community-perceived health needs. A copy of the survey instrument is included in Appendix A. The community member survey was distributed to a variety of residents of Walsh County, and was designed to:</p> <ul style="list-style-type: none"> -Learn of the good things in the community and the community's concerns, -Understand perceptions and attitudes about the health of the community, and hear suggestions for improvement, and -Learn more about how local health services are used by residents. <p>Specifically, the survey covered the following topics: residents' perceptions about community assets, levels of collaboration within the community, broad areas of community and health concerns, need for health services, concerns about the delivery of health care in the community, barriers to using local health care, preferences for using local health care versus traveling to other facilities, use of preventive care, use of public health services, suggestions to improve community health, and basic demographic information. To promote awareness of the assessment process, press releases led to published articles in four newspapers in Walsh County including in the communities of Grafton, Park River, Fordville, Edmore, and Adams. Additionally, information was published in the Walsh County Health District newsletter and on the UMC and WCHD websites and on KXPO radio in Grafton. Approximately 1,000 community member surveys were available for distribution in Walsh County. The surveys were distributed by Community Group members and at Unity Medical Center, First Care Health Center, Walsh County Health and WIC, banks, senior citizen meal sites, nursing homes, the courthouse, and area bars.</p>

Form and Line Reference	Explanation
Christian Unity Hospital Corporation	Part V, Section B, Line 11 The top needs identified during the 2016 process are perhaps less than typical responses and not as tangible as our 2013 goals and not typically something a health care provider can accomplish Cost of health insurance We are being very proactive about getting patients into for regular checkups in the clinic, which in the long run can help reduce costs by treating symptoms up front that can lead to much larger problems Also, in support of this need, our Dietary Manager is doing significant outreach education in the area of diabetes management and dietary choices The community has been responding very well to these educational offerings Also, we received a grant from Blue Cross to form a "Wellness committee" that will concentrate on employee activities, which, once properly formatted, will be available for the community Poverty We cannot have a direct effect in this area except for continuing our charitable program for write-off's for those who meet criteria We do employ approximately 135 people in the community Attracting and retaining young families through our employees, we do support this strategy and by offering quality healthcare services, we feel we are an attraction to this strategy Adequate childcare services -this is something nearly every community, especially smaller rural one's struggle with Unfortunately, we are not able to offer assistance to the community in this area Youth drug use and abuse -Unity Medical Center has taken a role of being supportive of reducing this problem Our practitioners have spoken publically at organized events in the public schools We have partnered with law enforcement and been supportive of their efforts at reducing drug use however we can We have partnered with Altru Health System in Grand Forks on educational events We will continue to do our part at helping reduce this serious problem
