Schedule H, Part V, Section B, Line 17 Billing and Collection Policy	<p>During tax year 2017, the organization learned via verbal comments of IRS agents at public events that the IRS intends that the "readily obtainable" standard in the 501(r) regulations for the AGB calculation and billing and collection policy is only met if those items are posted to the organization's web site. The organization had interpreted that web posting standard to be a safe harbor after consulting with external counsel and tax advisors, and timely took other steps to make the information readily obtainable. Consequently, the organization does not believe its decision to not post these documents to its web site rises to the level of a failure, nor does it believe the circumstances were either willful or egregious, having otherwise timely taken the steps necessary to attain and continue to maintain compliance with the other requirements related to the billing and collection policy and the AGB, as part of its policies and procedures for ensuring compliance with all aspects of 501(r). However, the organization is making this voluntary disclosure in order to communicate to the IRS the changes it is undertaking in response to the recent IRS informal guidance on this specific point concerning the "readily obtainable" standard, and the fact that the organization has started the work necessary to post its AGB information and billing and collection policy to its web site and will complete those additional postings as soon as reasonably possible. The other web postings required under 501(r) (i.e., those related to the community health needs assessment and the financial assistance policy) were timely completed and continue to remain in place as required. The organization believes its safeguards worked as intended in this case (i.e., the organization has regular communications with a number of external law firms and tax consultants and the timely attention to the recent guidance was supported by the framework of regular access to subject matter experts). These changes are in the process of being incorporated into corporate policies and procedures that apply to the organization.</p>

Schedule H, Part VI, Line 3 Patient education of eligibility for assistance	<p>Education of eligibility for assistance at Saint Thomas Regional Hospitals begins at registration with signage displayed at all registration points notifying patients that we have a Financial Assistance Program, as well as contact information for the patient to use should they need assistance. Plain Language Summaries of the FAP containing this information are also offered to patients at all registration points. The FAP, FAP Application and Plain Language Summary are also available in multiple languages based on LEP requirements in our community. Saint Thomas Regional Hospitals' registration associates discuss the estimated balance that will be due with both insured and self-pay patients. Should the associate identify that the patient may need assistance with that balance he/she will provide the patient with a Financial Assistance Application and help them complete it, if needed. All self-pay and underinsured patients are screened by Saint Thomas Regional Hospitals for alternative coverage including Medicaid, SSI/SSD, Cobra, student coverage, and crime victims' compensation. If no alternative is identified then an associate will work with the patient to complete a Financial Assistance Application. Also, contact information is listed on Saint Thomas Regional Hospitals billing statements for the patient to use in the event they need assistance with their balances. A Plain Language Summary is also mailed 30 days in advance of an Extraordinary Collection Activity occurring. Collections associates have been trained to offer patients a Financial Assistance application if needed by the patient. Saint Thomas Regional Hospitals works with third party collection vendors who are required to follow the Hospital's Financial Assistance Policy. A third party vendor is also used to perform presumptive charity scoring on all accounts prior to bad debt placement to identify any accounts that may qualify presumptively for financial assistance even if a patient did not request to apply for financial assistance.
